Call for Proposals 2017
Evaluation form

1. Research Project
   Ground-breaking nature, ambition and feasibility

   **Ground-breaking nature and potential impact of the research project**
   To what extent does the proposed research address important challenges?
   To what extent are the objectives ambitious and beyond the state of the art (e.g. novel concepts and approaches or development across disciplines)?
   To what extent is the proposed research high risk/high gain?

   **Scientific Approach**
   To what extent is the outlined scientific approach feasible (based on the Extended Synopsis)?
   To what extent is the proposed research methodology appropriate to achieve the goals of the project (based on the full Scientific Proposal)? Only step 2
   To what extent does the proposal involve the development of novel methodology (based on the full Scientific Proposal)? Only step 2
   To what extent are the proposed timescales and resources necessary and properly justified (based on the full Scientific Proposal)? Only step 2

2. Principal Investigator
   Intellectual capacity, creativity and commitment

   **Intellectual capacity and creativity**
   To what extent has the PI demonstrated the ability to propose and conduct ground-breaking research?
   To what extent does the PI provide evidence of creative independent thinking?
   To what extent have the achievements of the PI typically gone beyond the state of the art?

   **Commitment**
   To what extent does the PI demonstrate the level of commitment to the project necessary for its execution and the willingness to devote a significant amount of time to the project (based on the full Scientific Proposal)? Only step 2
