WORK EXPERIENCE

Assistant Professor of General Surgery / Ricercatore a tempo determinato in Tenure-Track, ai sensi dell'art. 24, L. 30 dicembre 2010, n. 240, come modificato dalla Legge 29 giugno 2022, n. 79

Department of Surgical Oncological and Gastroenterological Sciences, Padua University Hospital [25/11/2024 – Current]

City: Padova | Country: Italy

Assistant Professor of General Surgery / Ricercatore a tempo determinato ai sensi dell'art. 24, comma 3 lett. A della Legge 30 dicembre 2010, n. 240

Department of Surgical Oncological and Gastroenterological Sciences, Padua University Hospital [22/11/2021 – 21/11/2024]

City: Padova | Country: Italy

During this period, I took part in all regular clinical activities in liver transplantations, donor surgery, HPB surgery, and specialized tumor surgery and performed a range of procedures as an operating surgeon.

I actively collaborated with the research activity of the Department; I participated in technical workshops, on-call duties, and ongoing research projects coordinated by Prof. Cillo.

I'm proficient in operating machine perfusion of liver grafts, both hypothermic and normothermic. In particular, I operated > 50 dual hypothermic oxygenated perfusions (DHOPE) of liver grafts.

About surgical activity, among others, I performed as 1° operator: 49 laparoscopic microwave ablation and 12 partial hepatectomies (6 minimally invasive). About procurement activity, I performed 86 procedures of liver graft procurement as 1° operator from deceased donors so far: 76 from Donations after Brain Death, 10 from controlled Donations after Circulatory Death, and 2 in-situ liver splitting.

As an integral part of my work, I have lectured at the Bachelor of Science in Nursing, at the Bachelor of Science in Dentistry and Prosthodontics, and at the Bachelor of Medicine and Surgery (English language course) at the University of Padua.

Doctor in charge of eye tissues procurement

Banca degli Occhi del Veneto - Non-profit organization of social utility (ONLUS) Foundation [15/02/2021 – 17/11/2021]

City: Venezia | Country: Italy

Intern in General Surgery

Azienda Ospedale Università Padova [10/12/2014 – 10/12/2020]

City: Padova | Country: Italy

Tutors: Prof. Umberto Cillo, Prof. Enrico Gringeri.

During this period I took part in all regular clinical activities of the Hepatobiliary and Liver Transplant Unit of Padua University Hospital and I performed a range of procedures as operating surgeon. I also participated in technical workshops, on-call duties and research projects coordinated by Prof. Cillo. About procurement activity, I performed 16 procedures of multiorgan procurement from deceased donors as 1° operator during my internship program.

Research and Clinical Fellow in Transplantation Surgery

Departement of Transplantation Medicine, Rikshospitalet, Oslo Universitetssykehus [21/10/2019 – 18/10/2020]

City: Oslo | Country: Norway

Tutor: Prof. Pål-Dag Line

During this period, I took part in all regular clinical activities in abdominal transplant surgery, like kidney, pancreas and liver transplantations, donor surgery, HPB surgery, vascular surgery and specialized tumor surgery and performed a range of procedures as operating surgeon. I actively collaborated with research activity of the Department; I participated in technical workshops, on-call duties and ongoing research projects on machine perfusion of liver grafts, that allowed me to become proficient in operating liver graft machine perfusion. About surgical activity, among others, I performed as 1° operator: 3 kidney transplantations from deceased donor, 3 nephrectomies for non-neoplastic disease, and 2 procedures of multiorgan procurement from deceased donors.

Research and Clinical Fellow in Hepatobiliary pancreatic and Transplantation Surgery

Azienda Ospedaliero Universitaria Ospedali Riuniti [01/09/2013 – 01/09/2014]

City: Ancona | Country: Italy

Tutor: Prof. Marco Vivarelli

During this period I took part in all regular clinical activities of the Hepatobiliary pancreatic and Transplantation Surgery Unit of Ancona University Hospital and I also participated in technical workshops, on-call duties and research projects coordinated by Prof. Vivarelli.

EDUCATION AND TRAINING

Secondary school diploma: Scientific High School

Liceo Scientifico Luigi di Savoia [2002 – 2007]

City: Ancona | Country: Italy

Final grade: 100 / 100 cum Laude

School of Medicine and Surgery

Università Politecnica delle Marche [01/10/2007 – 25/07/2013]

City: Ancona | Country: Italy

Degree in Medicine and Surgery

Università Politecnica delle Marche [25/07/2013]

City: Ancona | Country: Italy | Final grade: 110/110 cum laude | Level in EQF: EQF level 7 | Thesis: Biliary stricture after liver transplantation: risk factor analysis

Supervisor: Prof. Marco Vivarelli

Italian Authorization as Medical Doctor

Università Politecnica delle Marche [03/03/2014]

City: Ancona | Country: Italy

N. 05767

School of Specialization in General Surgery

Università degli Studi di Padova [10/12/2014 – 10/12/2020]

City: Padova | Country: Italy | Level in EQF: EQF level 8

ATLS (Advanced Trauma Life Support)

Department of Surgery, Oncology and Gastroenterology (DiSCOG), University of Padua [26/01/2019]

City: Padova | Country: Italy

Norwegian Authorization as Medical Doctor

Helsedirektoratet [31/03/2020]

City: Oslo | Country: Norway

HPR 10101559

Postgraduate qualification in General Surgery

Università degli Studi di Padova [22/12/2020]

City: Padova | Country: Italy | Final grade: 110/110 | Level in EQF: EQF level 8

Thesis: "Liver transplantation versus liver resection for colorectal liver metastasis: a survival benefit analysis in patients stratified according to tumor burden"

Supervisors: Prof. Umberto Cillo; Prof. Pål Dag Line

CONFERENCES AND SEMINARS

[01/03/2024 – 30/06/2024] University of Padua

Teaching of "General Surgery"

5th year, 2nd semester as substitute lecturer, one 4-hour lesson, delivered in the Medicine and Surgery Course (course in English) - Padua (Academic Year 2023/2024)

[08/02/2024 – 22/02/2024] Padua University Hospital

Indications for liver transplantation and management of the transplanted patient

Disciplinary field "type-specific disciplines", SSD MED/18, no. CFU 1, no. hours 7, 3rd year of the course of the School of Specialisation in General Surgery.

[01/10/2023 – 31/01/2024] University of Padua

Teaching of "General and Specialistic Surgery - General Surgery"

2nd year, 1st semester, 1 CFU/ 10 hours, delivered in the course of study of Nursing Sciences - Portogruaro site (Academic Year 2023/24)

[01/10/2023 – 31/01/2024] University of Padua

Teaching of "Clinical Nursing in the Critical Area - Emergency Surgery"

2nd year, 1st semester, 2 CFU/ 20 hours, delivered within the course of study of Nursing Sciences - Feltre Campus (Academic Year 2023/24)

[01/10/2023 – 31/01/2024] University of Padua

Teaching of "General Surgery"

4th year, 1st semester, 1 CFU / 10 hours, delivered in the course of study of Dentistry and Dental Prosthetics - Padua (Academic Year 2023/2024)

[26/01/2023 – 10/02/2023]

Indications for liver transplantation and management of the transplanted patient

Disciplinary field "type-specific disciplines", SSD MED/18, no. CFU 1, no. hours 7, 3rd year of the course of the School of Specialisation in General Surgery.

[01/10/2022 – 31/01/2023] University of Padua

Teaching of "General and Specialist Surgery - General Surgery"

2nd year, 1st semester, 1 CFU/ 10 hours, delivered within the course of study of Nursing Sciences - Portogruaro Campus (Academic Year 2022/23)

[01/10/2022 – 31/01/2023] University of Padua

Teaching of "Clinical Nursing in the Critical Area - Emergency Surgery"

2nd year, 1st semester, 2 CFU/ 20 hours, delivered within the course of study of Nursing Sciences - Feltre Campus (Academic Year 2022/23)

[01/10/2022 – 31/01/2023] University of Padua

Teaching of "General Surgery"

4th year, 1st semester, 1 CFU / 10 hours, delivered in the course of study of Dentistry and Dental Prosthetics - Padua (Academic Year 2022/2023)

[21/05/2019 – 23/05/2019] Padua University Hospital

Exercises in Clinical and Surgical Anatomy

Department of Surgery, Oncology and Gastroenterology (DiSCOG) and Department of Neuroscience (DNS) section of Anatomy

Role: Head of the operating theatre

[05/03/2019 – 07/03/2019] Padua University Hospital

Exercises in Clinical and Surgical Anatomy

Department of Surgery, Oncology and Gastroenterology (DiSCOG) and Department of Neuroscience (DNS) section of Anatomy

Role: Head of the operating theatre

INVITED SPEAKER

[31/05/2024]

Protocol presentation - RAPID

Liver transplantation. Transplant oncology.

Spring meeting 2024 of the Italian Society of Organ and Tissue Transplantation (SITO), at the Fondazione Policlinico Universitario Agostino Gemelli IRCCS - Università Cattolica del Sacro Cuore, Rome (IT).

[16/05/2024]

Combined or sequential liver transplantation with other organs

Lecturer at the Master's Degree Course in 'Transplantation Medicine and Advanced Hepatology' - MTEA. Padua University Hospital, Padua (IT).

[04/04/2024]

The role of Immunosuppression

Symposium entitled "what's new in transplant oncology immunosuppression". Venue: residential at the Hotel Sheraton, Padua (IT); On behalf of Novartis Farma S.p.A.

[24/11/2023 – 25/11/2023]

Liver Transplant - Evaluation of the liver transplant candidate for liver failure

Surgery Workshop. AGGEI National Campus, organized by the Association of Young Italian Gastroenterologists and Endoscopists. Venue: residential at NH ROMA Centro, Rome (IT).

[26/10/2023]

Decompensated cirrhosis and ACLF: Results of liver transplantation

Management of the complex patient before and after liver transplantation.

Liver transplantation: integration between the Transplantation Centre and the Hepatology - Gastroenterology Units. 7th edition. Centro Culturale San Gaetano, Padua (IT).

[05/07/2023]

Hepatocarcinoma: surgical approach

2nd edition of the liver preceptorship: improving outcomes of chronic liver disease. Padua University Hospital, Padua (IT).

HONOURS AND AWARDS

[01/09/2021] European Society of Organ Transplantation

ESOT - SITO Award

For the outstanding quality of the abstract submitted by young professionals from an Italian institution

[12/12/2022] European Society of Organ Transplantation

ESOT Educational Scholarship 2023

Grant allowing the recipient to attend ESOT courses and masterclasses or ESOT scientific meetings

NETWORKS AND MEMBERSHIPS

Memberships

- Member of Società Italiana dei Trapianti d'Organo e di Tessuti (SITO) since 2017 to date
- Member of European Society of Organ Transplantation (ESOT) since 2019 to date
- Member of Società Polispecialistica Italiana dei Giovani Chirurghi (SPIGC) from 2019 to 2021 as part of the commission of delegates for the Triveneto region.
- Member of Associazione Italiana di Chirurgia Epatobiliopancreatica (AICEP), the Italian chapter of E-AHPBA (European-African Hepato-Pancreato-Biliary Association) since 2023 to date
- Member of the International Liver Transplantation Society (ILTS) since 2024 to date

PROJECTS

[15/01/2024 – Current]

Liver transplantation for non-resectable intrahepatic cholangiocarcinoma (LIRICA) [ClinicalTrials.gov NCT06098547](#)

National Scientific Coordinator of the multicentre non-randomized interventional study: [NCT06098547](#)

Principal Investigator: Prof. Enrico Gringeri, Azienda Ospedale Università Padova (Responsible Party)

[15/01/2024 – Current]

Liver transplantation for non-resectable perihilar cholangiocarcinoma (LITALHICA) [ClinicalTrials.gov NCT06125769](#)

National Scientific Coordinator of the multicentre non-randomized interventional study: [NCT06125769](#)

Principal Investigator: Prof. Enrico Gringeri Azienda Ospedale Università Padova (Responsible Party)

[01/07/2022 – Current]

Developing Prediction Models for Allograft Failure After Liver Transplantation (IMPROVEMENT) [ClinicalTrials.gov NCT05289609](#)

Local scientific coordinator of the international, multicenter, prospective, non-competitive, observational study: [NCT05289609](#)

Principal Investigator: Prof. Alfonso Avolio, Fondazione Policlinico Universitario Agostino Gemelli IRCCS (Responsible Party)

ORGANISATIONAL SKILLS

Congress Scientific Board

I have contributed to the organization of congresses as part of the scientific board:

- Third National Congress of the Italian Association of Hepato-biliary-Pancreatic Surgery (AICEP), Italian Chapter of the European-African Hepato-Pancreato-Biliary Association (E- AHPBA); 3rd - 5th April 2024; Padua (IT).

Organization of in-depth seminars in the surgical field

Exercises in Clinical and Surgical Anatomy

Department of Surgery, Oncology and Gastroenterology (DiSCOG) and Department of Neuroscience (DNS) section for Anatomy.

Padua University Hospital. Role: Head of the operating theatre.

- 5th - 7th March 2019
- 21th - 23th May 2019

Representative of interns in general surgery within the university department

From 2016 to 2020

INTEGRATIVE TEACHING AND SERVICE TO STUDENTS

[01/12/2023 – Current]

Practical Evaluation Apprenticeship / Tirocinio pratico-valutativo (TPVES)

Pre-graduate training tutor at the University of Padua School of Medicine. One-month surgical traineeship (100 hours, 4CFU each), compulsory for final-year students in the Medical School. To date, I have tutored 5 students.

[02/11/2021 – Current]

Tutor of trainees at the School of Specialization in General Surgery

Tutor for doctors in specialist training at the School of Specialisation in General Surgery of the University of Padua at the University of Padua Hospital (IT), department: General Surgery II. So far, one resident has been tutored for 10 months (60CFU), and 4 residents have been tutored for 6 months each (30 CFU each).

[22/09/2022]

Co-rapporteur thesis "Outcomes of liver re-transplantation and validation of predictive models of graft failure on single high-volume center"

Bachelor of Medicine and Surgery (Academic Year 2021/2022)

Supervisor: Prof. Enrico Gringeri, University of Padua.

COURSES

[20/04/2023 – 22/04/2023]

ESOT HESPERIS Course 2023, Budapest

HESPERIS is a comprehensive course on organ transplantation, ideally suited for physicians, surgeons, and scientists entering the field of transplantation. It consists of a three-day in-person programme which includes lectures on both foundational and hot topics in transplantation, break-out sessions, group discussions, and interactive case study presentations. Participants have the chance to gain first-hand knowledge from some of the most experienced professionals in the transplant field.

[15/03/2023 – 21/03/2023]

Preceptorship Program in Liver Transplantation - Department of Surgical Sciences, University of Studies of Rome Tor Vergata

Advanced Trauma Life Support® (ATLS®) provides a method for immediate management of injured patients.

[20/01/2023]

Masterclass 2023 "The thermoablation of hepatic neoplasms" - ASST Santi Paolo e Carlo - Presidio San Paolo University of Milan

MUSEC is a Modular focused ultrasound course with 2/3 of time dedicated to hands-on training on healthy models and phantoms, simulated case, and a preliminary theoretical part on an e-learning platform.

Two main aims for each module: Teaching US technique and abnormal findings ("to be able to do"); Practicing US driven surgical decision-making in different settings.

Learn how point of care ultrasound can help driving your decision making process.

[16/06/2022]

The 2nd Young Professionals in Transplantation Living Donation and Transplantation Workshop, Gubbio (Italy)

This workshop is designed to review state-of-the-art information on the diagnosis and management of severely injured patients. The curriculum provides an ideal mix of the traditional standard-of-care principles with cutting edge, forward-moving practices. It explores issues related to resuscitation and surgical technique. The workshop runs theory in the morning sessions and hands-on sessions in the afternoon. The course provides the newest in-depth information in the field of gastrointestinal and visceral injuries.

[31/05/2019 – 01/06/2019]

HCC in cirrhosis: loco-regional treatments, Italian Association of Hospital Gastroenterologists and Digestive Endoscopists (AIGO), Padua University Hospital, Padua (Italy)

The course is intended for all surgeons who wish to update or discover the latest technological and technical advances in laparoscopy. This course opens a perspective on the most common interventions in laparoscopic surgery which are presented and discussed in plenary meeting and applied during the many training sessions on live pig models.

Course objectives: To provide basic knowledge required for safe use of laparoscopic surgery; To describe all technical (instruments, trocars, energy sources...) and physiology principles of laparoscopic surgery; To critically review the most common laparoscopic surgical procedures; To learn or improve laparoscopic skills by repeatedly practicing suturing, knot-tying and performing surgical procedures during hands-on sessions.

[24/01/2019 – 26/01/2019]

ATLS Student Course of the American College of Surgeons, University of Padua, Padua (Italy)

The Emergency Surgery Course® is a joint initiative of the European Society for Trauma & Emergency Surgery (ESTES) and the American Association for the Surgery of Trauma (AAST).

ESC® aims to aid surgeons in non-trauma emergency surgery by providing the know-how and the decision-making skills necessary for daily practice. The course consists of theoretical sessions, case scenarios and state of the art videos. The course is especially designed in an interactive format from the beginning till the end.

[19/09/2018 – 19/09/2018]

Modular Ultra Sound ESTES Course (MUSEC), Medizinische Universität, Graz (Austria)

[17/09/2018 – 18/09/2018]

Definitive Surgery for Trauma Care (DSTC), Medizinische Universität, Graz (Austria)

[13/11/2017 – 17/11/2017]

Intensive Course in Laparoscopic General Surgery, Institut de Recherche contre les Cancers de l'Appareil Digestif (IRCAD), Strasbourg (France)

[13/03/2017 – 14/03/2017]

Emergency Surgery Course (ESC), Medizinische Universität, Graz (Austria)

CONGRESS ABSTRACTS AND POSTERS, AS A SPEAKER

Congress abstracts and posters, as a speaker

- G. Zanus, M. Romano, E. Dalla Bona, J. Lanari, A. Vitale, F. D'Amico, E. Gringeri, D. Bassi, R. Boetto, M. Polacco, C. Mescoli, M. Rugge, S. Fasolato, P. Angeli, M. Senzolo, P. Burra, P. Feltracco, U. Cillo. L'età può ancora essere considerata un criterio di marginalizzazione del donatore per trapianto epatico? Abstract presented at 41th national congress of the Italian Society of Organs and Tissues Transplantation; 2017 Nov. 9-11; Cagliari (IT).
- J. Lanari, A. Vitale, G. Zanus, E. Dalla Bona, M. Ballo, F. Scolari, M. Romano, D. Bassi, R. Boetto, M. Polacco, A. Bertacco, F. D'Amico, P. Angeli, P. Burra, M. Rugge, P. Feltracco, U. Cillo. Use of octogenarian donors for liver transplantation: a single center large cohort experience. Abstract presented at the 19th congress of the European Society for Organ Transplantation; 2019 Sep. 15-18; Copenhagen (DK).
- J. Lanari, D. Bassi, FE. D'amico, R. Boetto, A. Bertacco, A. Vitale, M. Polacco, E. Gringeri, E. Fasolo, U. Cillo. Rescue cavo portal hemitransposition in liver transplantation with portal vein thrombosis after ineffective thrombectomy. Abstract presented at the 19th congress of the European Society for Organ Transplantation; 2019 Sep. 15-18; Copenhagen (DK).
- J. Lanari, S. Pacciani, D. Bassi, S. Piano, AM Cattelan, U. Cillo. Hepatic aspergillosis after liver transplantation. Poster presented at SHARE, Sharing Hospital Anti-Infective Real-Life Experiences; 2019 Oct 24; Napoli (IT)
- J. Lanari, PD Line, A. Sartori, M. Hagness, E. Rosso, E. Gringeri, S. Dueland, U. Cillo. Liver transplantation survival benefit over liver resection for colorectal liver metastasis in a selected cohort of patients with high tumor load. Abstract presented at the 20th congress of the European Society for Organ Transplantation; 2021 Aug. 29 – Sep. 1; Milan (IT).
- J. Lanari, L. Coubeau, J. Ghotby, M. Serenari, D. Höppener, S. Iesari, A. Vitale, ÅA. Fretland, M. Cescon, C. Verhoef, R. Hernandez-Alejandro, F. Aucejo, S. Nadalin, V. Mazzaferro, U. Cillo, PD. Line. Liver transplantation survival benefit over resection for colorectal metastasis in patients with high tumor load: multicenter retrospective analysis. Abstract presented at the 21th congress of the European Society for Organ Transplantation; 2023 Sep. 17 – 20; Athens (GR).
- J. Lanari, A. Vitale, F. Aucejo, L. Coubeau, S. Iesari, M. Cescon, M. Serenari, R. Hernandez-Alejandro, V. Mazzaferro, U. Cillo, M. Hagness, S. Dueland, P.D. Line. The gender effect on the outcome of liver transplantation for colorectal liver metastases. Abstract presented at the 2024 International Congress of ILTS (the International Liver Transplantation Society); 2024 May. 1 – 4; Houston (USA).
