CALL FOR APPLICATIONS FOR SCIENCE DEGREE INCENTIVES A.Y. 2023/2024

PREAMBLE

Implementing the allocation of the Fondo Giovani 2022 (Youth Fund 2022) (Annex 3, DM (Ministerial Decree) 289/2021) to support enrolment in courses of national or Community interest - STEM subjects, (letter e), art. 1, D.L. (Decree-Law) 105/2003 and l. (Law) No. 4 of 5 January 2017, art. 1), the University of Padua grants incentives to students enrolled in specific courses.

1. ADMISSION REQUIREMENTS

Specific incentives for students enrolled in science and technology degree classes and master's degrees are planned for the 2023/2024 academic year.

Classes which are not part of the national curriculum and which are related to ISCED-1dgt fields of study 05; 06 and 07, are considered according to the classification used in SISTAN and published on the website of the Ministry of University and Research (http://dati.ustat.miur.it/dataset/metadati).

The list of degree courses taught by the University and belonging to the aforementioned classes is available in the annex to this call for applications.

Students will be selected by the University on the basis of the following requirements:
1. **regular registration** in a course year following the first, for a number of years not exceeding the normal duration of the above-mentioned courses, in the academic year 2023/24, completed by 31 October 2023;
2. **merit**, based on the relevant factor accrued as at 10 August 2023;
3. **economic condition** indicated by the ISEE value.

The incentive consists of exemption or semi-exemption from fees, **up to a maximum amount of €1.000**, which will be allocated according to the position in the ranking list and as long as the resources available last.

## 2. CRITERIA FOR THE FORMULATION OF THE RANKING LIST

The ranking list will take into account in varying proportions:
- **merit** (measured by the merit factor as defined in the call for applications for the a.y. 2023/2024 regional scholarship);
- **economic situation** (measured by the ISEE for benefits for the Right to University Education, acquired by the University through the entry of the Application for Benefits for the a.y. 2023/24 in UNIWEB).

The maximum score achievable by students is set at 100 points.
A maximum of 70 points are awarded for **scholastic merit** and the assignment of points is as follows:

Merit factor	Score
Greater than 70	70
Between 60 - 70	60
Between 50 - 60	50
Between 40 - 50	40

The ranking list will be drawn up in descending order of total score and will be published **by December 2023** in the dedicated section of the page: www.unipd.it/esoneri-studenti.

Chosen students will be notified by e-mail sent to the e-mail address assigned to them by the University.

3. DELIVERY METHOD
The exemption or semi-exemption will be applied on the second and third instalments after recalculating the fee and will be available on the students' personal pages in UNIWEB by the end of January.

If a credit condition arises for having paid instalments in full before applying this exemption, the University will automatically proceed with the refund.
Refunds will be credited exclusively to the student's bank account (held individually or jointly), or prepaid card, which must be entered by the student in the UNIWEB reserved area, under the heading "Teaching – Personal data – Change of refund data" (bank details of third parties, including parents, cannot be accepted).

If the student resides abroad (outside Italy), he/she must specify his/her domicile in Italy in the UNIWEB reserved area, under "Teaching – Personal data – Change of domicile data"; otherwise it will be impossible to proceed with the refund.
