## Call for applications for Scholarships for international students enrolling in English-taught Degree programmes at the University of Padua (A.Y. 2022/2023)

Internationalisation is one of the key objectives underlying the activities of the University of Padua. Accordingly, a specific programme of scholarships has been established in order to boost and support the academic career of international students not residing in Italy and holding a non-Italian citizenship and a foreign entry qualification. This Call for applications covers two kinds of scholarships:

- **50 Padua International Excellence Scholarships** of €8,000.00 (gross for the recipient), awarded to the most talented student of each degree programme<sup>1</sup> completely held in English;
- **46 scholarships** for international students provided by the single Departments of the University of Padua. The amount and duration of each scholarship are detailed in the sections below.

### ART.1 - Padua International Excellence Scholarship

As decided by the Board of Administration at its meeting on 1st of February 2022, the University of Padua will be offering up to 50 scholarships to highly talented prospective international students wishing to enrol in a degree programme completely taught in English. The scholarship programme is highly selective: only the candidates with the highest achievements in their field of study and the best school/academic records may be successful. Selected students may be asked to act as *Ambassadors* and represent the University at a number of events.

The *Padua International Excellence Scholarship* includes an allowance of €8,000.00 (gross for the recipient) and a tuition fee-waiver per academic year. The only amount to be paid by scholarship recipients each academic year is an administrative fee, consisting of the regional tax for the right to education and the revenue stamp. Such amount is not refundable. Reimbursement of travel, insurance or other expenses is not included in the scholarship and will not be covered by the University of Padua.

The *Padua International Excellence Scholarship* has a maximum duration of:

- two (2) consecutive academic years for Master's degree programmes;
- three (3) consecutive academic years for Bachelor's and Single-cycle degree programmes.

Once the above-mentioned period has elapsed, students will be required to pay the tuition fees due until graduation. Students can maintain their scholarship eligibility also in the following years if enrolled in the same degree programme of first enrolment. Scholarships cannot be combined with any other grant awarded by other public institutions. If a candidate has been awarded more than one scholarship, he/she must choose which one to accept. Candidates are responsible for promptly notifying the Admissions and Welcome Unit - Global Engagement Office ([international.admission@unipd.it](mailto:international.admission@unipd.it)) of any incompatibility with other scholarships.

### ART.2 - Scholarships offered by Departments of the University of Padua

The following Departments offer scholarships to international students wishing to enrol in one of the English-taught degree programmes below. Each scholarship's amounts, duration, and requirements to maintain scholarship eligibility and for scholarship renewal, where applicable, are given in the sections below.

Departmental scholarships do not include tuition fee-waivers; however, they are compatible with the 100 fee-waivers granted to talented prospective international students enrolling in an English-taught degree programme. For more information, please visit: <https://www.unipd.it/en/fee-waivers>.
