

GENERIC TABLE FOR THE CONVERSION OF GRADES OBTAINED DURING INTERNATIONAL MOBILITY

This table should be used in cases where the Transcript of Records provided by the partner institution does not provide references to the ECTS grading scale or the distribution of grades in their own institution. Included are the grades relating to the higher education systems of the main countries with which the University has ongoing student mobility programs. The various grading systems are reported according to the ECTS scheme. For conversion to the Italian 30-point scale, it will be necessary to use the University's ECTS tables (<https://www.unipd.it/tabella-ects-conversione-voti>) which provide the statistical distributions based on the ECTS scales for each degree program.

Any information contained in the official Transcript of Records will take precedence over what is indicated in this document, unless it is inapplicable. In case of insufficient indications in the Transcript, any conversion tables present in the specific collaboration agreement with the partner and/or in the Consortium Agreement (for multilateral agreements) will take precedence over what is indicated in this document, unless they are inapplicable.

EUROPEAN COUNTRIES

Country	FX	E (passed) (10%)	D (Satisfactory) (25%)	C (good) (30%)	B (very good) (25%)	A (Excellent) (10%)
