BO PALACE GUIDED TOUR 13/12/2024 (2:30 – 3:15 pm - 30 people)

Unipd's international community is expanding, and you're part of the future of this university. But the international reach is also embedded in our history, starting from the medieval *peregrinatio academica*. Who were they - and where did they come from - the great scholars of the past century? There are great hints in the Hall of the Forty - join the guided tour specially designed for international students!

LIVIANO PALACE GUIDED TOUR 23/01/2025 (3:00 - 3:40 pm - 35 people)

If you study humanities, you probably had classes there. If you are not in the field, you probably took a spritz in the lovely Piazza Capitanato near this building. In both cases, you have much to learn about this hidden gem. Join the visit of the Renaissance frescoed hall and the 20th-century aesthetic building.

MUSEUM OF NATURE AND HUMANKIND GUIDED TOUR

21/03/2025 (2:00 - 3:15pm - 28 people)

Do you think that natural history museums are boring? It is because you have never been to unipd's Museum of Nature and Humankind. An interactive exhibition, from the centre of the earth to tigers and an ethnological exhibition, is waiting for you. The museum was inaugurated last June - be sure to not miss it during your stay in Padua!

BOTANICAL GARDEN GUIDED TOUR 23/05/2025 (3:15– 4:45 pm – 30 people)

Created in 1545 Padua Botanical Garden is the oldest university botanical garden in the world and since 1997 it has been inscribed on the UNESCO World Heritage List as a cultural good. Thanks to its great variety of plants, including rare and endangered species, it represents a great resource for scholars and a learning opportunity for the general public as well. The tour will guide visitors through the Old Botanical Garden and the Biodiversity Garden to discover the incredible variety and adaptability of plants.
