Preface

Erasmus+ for studies Beyond Europe

For more information refer to the current specific Call, available at: www.unipd.it/en/erasmus-studies-out.

ATTENTION

In the event of being awarded a grant for Erasmus+ for studies Beyond Europe in the same academic year, the student may only carry out one type of mobility and therefore will be required to give up one of their assigned places.

Erasmus+ for traineeship

The relative calls for the Erasmus+ for traineeship (traineeship/intership activity only), at the University of Padua, are managed by the Career Service, for more information: <https://www.unipd.it/en/erasmus-traineeship-mobility>

Art.1 – General information

1.1. Purpose

Erasmus+ is the programme from the European Union for education, training, youth and sport, in effect between 2021 and 2027.¹

The present Call regulates the activities of Erasmus+ for studies, which allows university students enrolled at least in the second year of higher education studies to spend a period of study (between 2 and 12 months) at a higher education institution in one of the Erasmus+ programme countries.

During the mobility, students will be exempt from paying tuition fees at the host university, while they must continue to pay all fees required by the University of Padua.

At the end of the mobility, full recognition of passed exams is granted if previously agreed in the Learning Agreement (min. 12 credits).²

DID YOU KNOW THAT: STUDIES DOES NOT MEAN ONLY EXAMS?

Within a mobility for study you can:

- Attend courses and take exams
- Do thesis work
- Do an internship if combined with exams and/or thesis research

More info in art. 1.5.

1.2. Destinations and mobility places

The exchange of students between two or more partner universities is enabled through an inter-institutional agreement between the two bodies, coordinated from an educational point of view, by an Academic Coordinator from our University and one abroad. Every inter-institutional exchange has a set number of available places.

¹ The Erasmus+ Programme was established by Decision no. 2021/817 by Parliament and the EU Council, the Regulation was published in the Official Journal of the EU on 20/05/2021.

² Educational Regulation of the University, decided by the Academic Senate's approval of the Erasmus Policy Statement (EPS) and the commitments of the new Erasmus Charter for Higher Education (ECHE) on 22/06/2021 Prot. n. 102857/2021, decided by the Academic Senate's recognition of activities carried out abroad on 13/04/2015 Prot. n. 110307/2015: documents available at: <https://www.unipd.it/verballi-senato-accademico>; new ECTS Guide (2012 version) available at: http://ec.europa.eu/education/ects/users-guide/_en.htm

The University of Padua has arranged mobility exchanges with around 800 universities abroad in 27 European countries, EFTA/SEE countries and associated countries that participate in the Erasmus Programme such as: North Macedonia, Iceland, Liechtenstein, Norway, Serbia, Turkey and the UK.

Students can choose destinations depending on their respective School and the number of choices can vary between one and three, based on the indications given by the School or Department; some destinations are available only for certain courses of study..

The complete list of exchanges in which the University of Padua participates and all the information is available in the **interactive portal** of the Mobility Unit: www.unipd.it/mobility-agreements.

ATTENTION

All of the institutions indicated in the present Call and the number of respective places of mobility, as well as the linguistic pre-requisites and application form deadlines, are to be considered indicative and as possibly subject to change, as dictated by decisions of the institution abroad; decisions which are not yet taken into account in the present Call.

The effective departure of successful applicants is always therefore subject to the acceptance of the hosting institution.

Destinations should be filtered by degree course (study field). The total number of months indicated in the portal for each agreement should be divided by the number of available places. The number of months thus calculated for each student corresponds to the maximum duration that can be financed.

ATTENTION

In the choice of destinations it is recommended to pay close attention to the educational courses on offer at the institution abroad and of their compatibility with your respective course of study, language pre-requisites, deadlines for the application form and any necessary entry and residence requirements in the foreign country; these aspects can often prevent the departure.

1.3. Eligible activities

Places are allocated exclusively for the following activities, in accordance with the Learning Agreement:

1. **full-time study** (thesis work included, if accepted by the host institution) in first, second

or third cycle courses, comprising of the achievement of an officially recognised diploma or degree.

2. **period of internship**, as part of a single period of study on the following conditions:
 - a. the internship must be authorised and carried out under the supervision of the same hosting institution. In the event that the internship takes place, for example in a hospital, in a laboratory, in an institution or business outside of the university abroad, the attestation must still be issued by the university.
 - b. the two activities (study and internship) must take place in a consecutive or simultaneous manner, in the same academic year and the period of study (seminars, lessons, language exams) must be certified by the university abroad.

An internship by itself is not permitted and will not be recognised. Any funds given will have to be reimbursed.

1.4. Duration

The duration of the period abroad is predetermined for every Erasmus exchange, on the basis of the underlined agreements of the participating countries.

The period of mobility can take place **from 1st July 2023** and must be terminated **by 30th September 2024**, according to deadlines and the Academic Calendar of the host institution, except for thesis work mobilities if agreed differently.³

The period of study abroad, i.e. physical mobility, must last **at least 2 months** (it must not be less than 60 days) and can only last up to a maximum of 12 months. Extensions of the period are permitted, only for proven educational purposes however and one must keep in mind that the complete duration of residency at the partner institution must be continuous and not fragmented. If allowed by the host institution, also periods of virtual mobility are recognised only if in addition to the physical stay (min. 60 days) required by the Erasmus framework.

For successful students who receive a place for the duration of a whole year (e.g. for 9 months or more) whose date of return is set in the second semester, the period will automatically be reduced so that it covers only the period of lessons and exams (generally until the end of July). This reduction is not applied to students departing for thesis or internship work, for whom the period will be defined according to specific requirements.

The Erasmus+ Programme allows students to spend a period of mobility, for studies and internship, up to a maximum of 12 months for every cycle of study (1st cycle: Bachelor's,

³ Some mobilities will be financed with 2021 funds and therefore must be ended by 31/07/2024

2nd cycle: Master's, 3rd cycle: doctorate). For example: it is possible to spend 6 months with Erasmus+ for studies in the second year of the bachelor's course, then 6 months of Erasmus+ for traineeship in the third year of the bachelor's (equal to 12 months in total) and then nine months of Erasmus+ in the master's course. Within the course of study it would therefore be possible to combine different types of mobility (study and traineeship) up to a maximum of 12 months.

Students enrolled on single-cycle degree courses can carry out a mobility period of up to 24 months within the cycle, with a maximum of 12 months per call.

Previous mobility experiences that were facilitated through previous editions of the Programme will be counted in the months of mobility, so as to ensure that a student does not exceed the 12 months allowed for each cycle (or the 24 months for a single-cycle).

For those who intend to request the additional semester, it is not possible to carry out the mobility in the academic year of the first "fuori corso" enrolment.⁴

1.5. Arqus Open Mobility

The University of Padua is part of an Alliance of European Universities called Arqus (<https://www.arqus-alliance.eu>) which includes seven other universities: the universities of Granada, Graz, Leipzig, Lyon, Minho, Vilnius e Wroclaw⁵. The Alliance is working to develop a shared, European approach to higher education, which includes several actions as joint projects at all levels of university activity. Among its goals, Arqus aims to develop a broader, more flexible mobility scheme called Open Arqus Mobility.

Among the destinations available to participants will be Arqus partners, some of which place no limit on numbers to students from Padua. However, candidates will have to comply with the minimum selection criteria and language requirements imposed by the partner institutions that will be verified before sending the official nominations to the host partners. Candidates who are eligible but not selected after the second call will be offered any remaining positions within the consortium.

1.6. UK

Considering the numerous and historical collaborations with British institutions that UNIPD has developed over the years within the Erasmus Programme, more than 47 agreements with the UK will be included through the new Programme for the academic year 2023/2024.

⁴ <https://www.unipd.it/semestre-aggiuntivo-conseguimento-24cfu>

⁵ The Erasmus codes are: E GRANADA01, A GRAZ01, D LEIPZIG01, F LYON01, LT VILNIUS01, P BRAGA01, PL WROCLAW01

Mobility may be financed by Erasmus funds or in some cases be without funding and will therefore be indicated in the flow list as "Zero Grant". The rest of the rules and obligations that participants are required to respect are the same as those contained in this call.

Please note that as of January 1, 2021, a passport, entry visa, health care and other additional procedures⁶ will be required to stay in the UK. Costs and administration of these practices are entirely responsibility of the student. Please consult the websites of the foreign offices and British diplomatic representations on Italian territory.

1.7. Mobility Windows

A mobility window is a structured mobility pathway within the study program and therefore represents a very specific period, precisely a "window," often a semester, within which students have the opportunity to study abroad at a partner university. Mobility window agreements differ from normal Erasmus streams because they are open to a single course of study and in some cases participants must follow a pre-established curriculum. These mobility opportunities are an integral part of this call for applications and duly reported in the destination sheets contained in the interactive platform.

1.8. Students with disabilities and learning difficulties

Students with disabilities and learning difficulties (DSA) who intend to participate in the Erasmus+ programme can highlight this on Uniweb during the application submission process and refer themselves to the Student Service Office - Inclusion Unit, to be supported with the organisation of the international mobility.

The selection criteria is the same for all students. In regards to assessment criteria, students with disabilities assessed to be higher than 66% will be evaluated according to art. 1320 DPCM 7th December 2021. Students with disabilities, Learning difficulties and certified health conditions who successfully gain the Erasmus grant can also receive a financial contribution that is additionally given, on assessment, by the National Erasmus+ Agency (Agenzia Nazionale Erasmus+). To make a request students should refer to the Student Service Office - Inclusion Unit, which, in collaboration with the Projects and Mobility Office, will provide all the information and gather all the necessary documentation, according to the indications and deadlines regarding the distributions of community funds designated for students and academic staff with disabilities who are involved in the mobility, reachable through the Erasmus+ National Agency site (<http://www.erasmusplus.it/universita/partecipanti-con-bisogni-speciali>).

It is suggested that you advise yourself, in advance of the call's deadline, on the presence

⁶ Residence permit, health surcharge, additional language and academic certifications, etc. These practices require additional costs.

of adequate disability services at the chosen university abroad: for this you may request support from the Student Service Office - Inclusion Unit.

Incomplete applications will not be taken into consideration, nor those received after the deadlines. For more information, contact details, office hours of the Student Service Office - Inclusion Unit:

Art.2 - Admission Pre-Requisites and Application Procedure

2.1 Admission Pre-Requisites

Students are admitted to participate in the program if, upon applying and within the deadline of the call or the deadlines imposed, they are in the following conditions:

1. Students must be registered at the University of Padua in a degree course (ex DM 509/99 o 270/2004), bachelor's course, master's course, single-cycle master's course, doctorate⁷, or specialization course⁸ (excluding medical areas), for a first or second level master as long as the mobility takes place before the end of the same course. It is necessary to be registered at the time of the application's submission and before departure; as well as being registered in the academic year of the mobility abroad, and in accordance with the payment of fees;

Those registered on a bachelor's course that expect to graduate before the Erasmus departure date, therefore applying to spend the first year of their master's course abroad, must prepare a proposal of activities to carry out abroad, and a Learning Agreement relative to the master's course of study.⁹

The period of study abroad can only take place after the enrolment in the master's course. At the time of the departure students must therefore be registered for a master's course, without which, the Erasmus status is void. If this occurs, the departure must be delayed until the second semester.

Non-EU citizens, other than being properly registered at the University of

⁷ Doctoral students who are granted an Erasmus for studies place and are in their third year of study must finish their mobility period by 30/09/2023

⁸ Specialist students may only apply in the first three years of enrolment.

⁹ It is advised to choose a one- semester (3-6 months) destination to be reached in the second semester

Padua, must also be in possession of a residency permit, if currently living in Italy. Students should also be aware that, in the event they successfully gain an Erasmus place, their departure is always subject to the issuing of a visa in the destination country (a procedure that must be followed up personally and far in advance of the departure). Please note that in some countries, students are required to provide a proof of their financial resources in order to apply for the visa. The minimum amount is variable and is sometimes higher than the overall amount of the mobility contributions.

Students enrolled at the same time to two different degree courses can only apply for a mobility within their first enrolment degree.

2. Students must not take advantage of other financial grants from the European Union at the same time (a.y. 2023/2024) as the study abroad period.
3. One must respect the following additional criteria, relative to meeting a minimum credit threshold:
 - a. STUDENTS who are in their FIRST YEAR in the academic year 2022/2023 can apply to the first call, unless specific rules of the School or Department forbids it; must have achieved at least 15 (registered) credits at the time of applying for the second call, unless there are specific restrictions laid out by their School or Department. It is necessary for all first-year students to have achieved at least 40 (registered) credits before the departure, without which the mobility cannot take place. Students must successfully pass the OFA “obblighi formativi aggiuntivi” before their departure, without which, the Erasmus status is void.
 - b. For students in all other years: it is necessary to have gained 40 registered credits on Uniweb at the time of application.
Students enrolled on specialist, master’s and doctoral courses automatically satisfy this requirement, having already completed the bachelor’s and/or master’s degree.

4) Linguistic knowledge in the destination country (see the appropriate section)

IMPORTANT

It is not possible to graduate before having finished the period of study abroad

Other pre-requisites for admission decided by the Departments or Schools make up an integral part of the current call and are published exclusively on the web page for Mobility Unit Desks within Schools/Departments: <http://www.unipd.it/erasmus-studio>

2.2 Linguistic pre-requisites

According to the provisions of the European Commission's 'Guide to the Erasmus+ Programme', it is recommended to have an adequate knowledge of the host country's language or English in case of minority-speaking countries, and it is a preferential requirement in order to participate in the Erasmus+ mobility.

For many destinations it is now a specific request/necessity to have a good (certified) knowledge of the language (without which the mobility cannot take place); in many cases this is requested at the time of submission of the application form, well in advance of the departure date. The student is required to carefully check the online information of the universities abroad regarding the specific language requirements. Even if it is not expressly required at the time of application, it is a good idea for the student to depart with a linguistic knowledge of at least B1 - the threshold level ¹⁰.

Only for Arqus destinations, the language level is a mandatory requirement and will be verified by the University of Padua before forwarding the names of the selected students to the partner universities.

For some Schools / Departments, for the Erasmus + destinations, the University Language Centre (CLA) will provide B1 and B2 tests for students without a language certificate who wish to participate in the call for applications on 11th and 13th January (first call) and 23rd March (second call), but whose degree course does not require a TAL (language proficiency certificate). For further details it is necessary to refer to the selection criteria defined by the Schools / Departments. The result of these tests will be valid only for the ranking and the Erasmus mobility. Students will be able to register in accordance with the procedures indicated by the University Language Centre at <https://cla.unipd.it/test-linguistici-mobilita-erasmus-out/>. Participants must also indicate that they have taken part in the test in their application note box. More information will be provided by the Mobility Unit Desks at the Schools/Departments.

Selected students are offered the possibility to attend a free language course at the CLA or other structures identified by the University according to the modalities that will be announced later and published at <http://www.unipd.it/erasmus-studio> and to follow a free

¹⁰ Self-evaluation grid from The Common European Framework of Reference for Languages, link: <http://www.unipd.it/erasmus-studio>

online course also provided by the European Commission for different languages.

Selected students who need a language level certificate, can use the language tests offered by the CLA or other structures indicated. If specific "language certifications" are required, students must make their own arrangements.

All selected students are required to take an Online Linguistic Support (OLS) test provided by the European Commission. (see point 7.3).

Art.3 - Contributions and financial benefits

2.3 Amount of the contribution

The Erasmus mobility grants should be considered rather as a contribution to the major expenses linked to living abroad.

There are three types of contributions and economic benefits:

1. **Mobility grant** (Erasmus Grant as it is known) funded by the European Commission,¹¹ that is calculated based on the destination country and varies among 250, 300 and 350 euros per month, based on the country of destination. To be able to benefit from the mobility grant it is necessary to sign, before departing, the Grant Agreement through the Projects and Mobility Office - Mobility Unit and comply with the points outlined in section 7.4.
2. **Additional funding to the mobility grant** funded by various sources, including: University of Padua, European Commission, the Ministry of Education, Universities and Research (MIUR) and Veneto Region. Such funding comes from time to time, based on the availability of funds and following precise rules, laid out by law and decided by the Consiglio di Amministrazione (Administration Board) of the University, based on merit (defined in the list of students for the regional study scholarship) and the ISEE/ISEU declaration. For more information and updates on the new amounts visit: <http://www.unipd.it/erasmus-studio>.

In order to benefit from these integrations it is necessary:

- a. Submit the Dichiarazione Unica Sostitutiva (DSU) electronically directly to INPS or to a Centro di Assistenza Fiscale (CAF) and obtain the ISEE/ISEEU indicator (compliant) for subsidized benefits for the Diritto allo studio by **22/07/2023**.
- b. Fill in the Request for Benefits in Uniweb, available from the beginning of July, no

¹¹ Including European funds intended for students with disadvantaged socio-economic conditions

later than 22/07/2023. For information contact the Student Services Office, Via Portello, 25-31 - 35129 Padova - Call Centre Tel. 049 8273131, <http://www.unipd.it/diritto-studio>;

Students enrolled up to one year beyond the expected duration of the study program can benefit from additional funding (the calculation includes course changes, academic system and repeating years).

3. a **contribution to travel expenses** which may be paid either as a flat-rate or for services on the basis of the agreements signed and subsequent provisions.

To be able to receive all the planned financial contributions one must complete all the processes foreseen by the programme as mentioned in the vademecum.

All students that successfully gain an Erasmus place must continue to pay their fees to the University of Padua even during their period of mobility and they are exempt from paying the fees of the partner university abroad (apart from some contributions for services that are sometimes required, particularly in Germany). They will continue to benefit from any study scholarships from which they benefit, as long as they are not financed with European funds.

Students that have already benefitted in the past from a Erasmus (or any of its previous programmes) period of mobility within the same cycle can benefit from the Erasmus+ grant only according to the community funds available.

IMPORTANT

Students that do not manage to achieve at least 12 CFU will, as a result, be recognised as 'zero-grant' and will be asked for the reimbursement of any sums already given and will renounce to those not already issued. Only the activities included in the learning agreement approved by both offices will be taken into consideration for the calculation of the credits, regardless of how they will be recognized upon return.

Less credits will be accepted for thesis mobilities in accordance to the maximum value in credits of the thesis work in the study plan. For students who travel abroad for internships and thesis work in which the activity undertaken does not assign credits, registered credits will be taken into consideration. Doctorate students are exempt from this rule.

2.4 Erasmus+ Grant payments and additional funding

Given the legislation (D.L. 06/12/2011, n. 201, art. 12) concerning the traceability of any payments from public administration, it is ONLY possible to receive the Erasmus mobility

grant through an Italian current bank account or post account, therefore including prepaid cards, for which the student must be the named account holder/co-holder.

The details of the account must be provided in the appropriate section of Uniweb, before booking the appointment to sign the Grant Agreement. Students enrolled from the a.y. 2018/19 onwards in their first year of Bachelor's degree or of a single-cycle Master's degree who want to receive the mobility contributions on the multi-functional badge, may activate their Flash UP for studies. All information is available in the section "Flash UP for studies" on the page www.unipd.it/cartaflash.

The payment of the grant generally takes place in two stages: the first about two months after the sending of the certificate of arrival, the taking of the OLS test and the sending of the signed Learning Agreement by the partner university; the second arrives after the end of the Erasmus period and only after the verification of the correct and complete sending of the end of mobility documents.

IMPORTANT

Even if the expected period is calculated in months, the loan will instead be calculated in days using the commercial year of 360 days; therefore each month, regardless of its duration, will be considered 30 days. For possible calculation examples, refer to the specific page of the site: <http://www.unipd.it/erasmus-studio>

Additional funding will be paid by the Projects and Mobility Office - Mobility Unit to students who submitted the ISEE/ISEU declaration or the application for the regional scholarship by 22nd July 2023. ISEE certificate submitted after the 22nd July 2023 and with irregularities will be not considered valid. **The amounts will be paid in two parts:**

- a. The first, equal to around half of the total amount, calculated according to the duration outlined in the Grant Agreement (paid at the start of the mobility, once having uploaded the start-of-mobility documents);
- b. The second, paid only after the recognition on Uniweb of the activities carried out abroad.

All payments will take place only after the verification of financial security and up until the available funds are exhausted.

IMPORTANT

Failure to repay sums already paid, to which the participant is no longer entitled due to lack of credits or reduction of the mobility period, will result in the suspension of the career and the consequent impossibility of obtaining the degree.

Art. 4 – Applying for Erasmus+ for studies

Students that want to apply for an Erasmus+ for studies place must submit the application exclusively via Uniweb FROM 1 DECEMBER AND NO LATER THAN 1.00 PM ON 17 JANUARY 2023.

With the application one must attach, only in PDF form, the following documents:

1. **Proposal of activities** to carry out abroad (MANDATORY attachment), using the form available on the website: <http://www.unipd.it/erasmus-studio>;
2. Certificates of linguistic knowledge or self-certification attesting the mark of the language exam taken in an institution other than the University of Padua;
3. Self-certification attesting the mark and name of any exam taken in a foreign institution.

After the confirmation of the application an email will be sent to the student's university email address (name.surname@studenti.unipd.it), to notify them that the application has been correctly received.

For students enrolled in a bachelor's degree that have direct access to a master's degree through a School different from that of their bachelor's course who want to depart with an exchange with the master's course may submit an application by requesting the form directly to the Projects and Mobility Office.

Detailed instructions on the procedure to follow on Uniweb are available at the following link: <http://www.unipd.it/en/erasmus-studies-out%20%3E%20Applying%20to%20Erasmus>).

For all the initial phases of the application on Uniweb, the helpdesk service is available (during working days and hours, mon-fri from 9 to 15): domanda.erasmus@unipd.it

Art. 5 – Selection criteria

General criteria for the formulation of lists of successful students and assignment of places:

- consistency of activities submitted in 'proposal of activities' with the student's path of study, educational courses offered by the institution abroad and with the duration of the residency period;
- weighted average and number of credits achieved by 30/11/2022 for the first call and 30/03/2023 for the second call unless indicated otherwise by the School or Department;

- linguistic knowledge of the host country's language, assessed through the submitted certificate.

The selection criteria defined by Schools and Departments are an integral part of the Call and are published on the site: <https://www.unipd.it/en/erasmus-studies-out>

Art. 6 – List of successful students

6.1 Lists of successful students and accepting the place

The lists of successful students relative to single destinations will be published from Thursday 16th February 2023 EXCLUSIVELY on the webpage:

<https://www.unipd.it/en/erasmus-studies-out>

These are the only means of publication. There will not be any personal written or telephone communications to notify students.

Successful students must declare that they are accepting their place from 16th February AND NO LATER THAN 21st February 2023 AT 13:00, confirming only online through Uniweb. After accepting the place the student should receive a confirmation email to their university email account (name.surname@studenti.unipd.it).

Date of departure: at the time of accepting the place a provisional date of departure will be required, which should indicate the start of the mobility. It should be decided based on the academic calendar of the university abroad (start of courses, 'welcome week' etc.) the indicated date will be considered the official date of departure, and it is based on this date that the Mobility Unit Desks within Schools/Departments will send the 'nomination' to the institution abroad. Any student that moves their departure from the first semester to the second must fill in the online form by accessing the reserved area of the Projects and Mobility Office page (www.unipd.it/reint), selecting the relative mobility for the a.y. 2023/24 and the heading "Change Semester". Students must also inform their Academic Coordinator and the hosting institution. While it is possible to move a departure from the first to the second semester, **it is not possible to bring forward a departure from the second to the first.**

After the process of accepting, the Mobility Unit Desks within Schools/Departments will organise informative meetings for students, to give them practical information on the mobility abroad (see also the dedicated pages).

ATTENZIONE

In the event that the place is not accepted within the outlined dates, the students will automatically be considered 'not successful' and the place will be assigned to the student in the next position of the list or it will be put into the second call. Students that renounce their place will no longer be able to take part in the Erasmus+ Programme for the academic year 2023/24

6.2 Reserve places

Places that are not accepted by successful students will be assigned to those next in line on the list. Nominations for reserve places will be published after 23rd February 2023 EXCLUSIVELY on the following page: <http://www.unipd.it/en/erasmus-studies/out>

This will be the only mode of publication. After accepting the place an automated email response will be sent to the student's university email (name.surname@studenti.unipd.it) in order to confirm.

In the event that the place is not accepted within the outlined dates, the students will automatically be considered 'not successful'.

For reserve-place students the same procedures outlined in paragraphs 6.1 are also valid.

ATTENZIONE

Students that renounce their place will no longer be able to take part in the Erasmus+ for studies programme for the next call.

6.3 Second call: remaining places after the first call

On 9TH MARCH 2023 a list of remaining vacant places will be published on the website: <http://www.unipd.it/en/erasmus-studies-out>. Mobilities offered in this call can take place preferably in the second semester.

Email Notifications will be sent to the reserve students' email address only. (name.surname@studenti.unipd.it).

IMPORTANT

In the event that the place is not accepted within the deadlines given, the student will be considered 'renouncing' and the place will be assigned to the next student in line on the list or remain unassigned.

6.4 Declining the place

Students that decide to renounce their Erasmus mobility after the stages of accepting places and nominations to the universities abroad must use the online procedure available on the webpage: www.unipd.it/erasmus-studio section: 'Accettazione e rinuncia posto Erasmus' by 1st September 2023.

Students who renounce their place must also communicate their decision to:

- their Academic Coordinator;
- the university abroad.

IMPORTANT

Students that renounce their place will no longer be able to take part in the Erasmus+ for studies programme for the 2023 /24.

6.5 Third call

In an experimental form, the Department of Pharmaceutical Sciences will open a third call from 5 to 19 September 2023 and will follow the calendar set out in the following call. It will be possible to apply only for destinations that have remained vacant and whose registration terms are still valid. The mobility will have to be carried out strictly in the second semester and only for thesis research.

To receive the additions to the mobility grant, students must obtain the ISEE/ISEEU indicator (compliant) within the deadlines set by the University for the calculation of fees and other economic benefits (September 30, except for international students).

Art. 7 – Procedures for successful students

The procedures for successful students could undergo various changes from those outlined in this Call, based on the new procedures implemented by the European Commission and/or the National Erasmus+ Agency.

All the steps that the selected students will have to take to realize the mobility are explained in detail in the Vademecum, in the website pages (<http://www.unipd.it/erasmus-studio>) and will be illustrated during the meetings for the selected students.

Participants who fail to comply with the indications and deadlines published on the pages indicated or communicated by the Mobility Unit may lose the opportunity of mobility abroad. Participants are reminded to constantly check their institutional email address to which information regarding the rules of the new seven-year program and further instructions for the implementation of mobility will be sent as soon as available.

7.1 Registering at the university abroad (application form)

It is the selected student's responsibility to check the website of the foreign host university and collect all the information regarding the deadlines and the Application procedures (registration at the foreign institution as an Erasmus student).

It is necessary to fill out and send the forms abroad: pay close attention to the deadlines set out by the partner university. In the event that the deadlines are not abided by, the university has the right to refuse a student.

7.2 Learning Agreement: compilation in Uniweb

In accordance with community regulations, ALL Erasmus students must prepare, before the departure, the Learning Agreement which indicates both the activities that will be carried out abroad (Table A) as well as those carried out in Padova (Table B). The LA must be approved both by capable academic authorities and by the University abroad.

All successful students, after having accepted their place, must submit the Learning Agreement on Uniweb:

- By 15th June 2023 for students departing in the first semester
- From 1st July to 15th October 2023 for students departing in the second semester

Students that are going abroad to complete thesis activities or doctorate work must attach to their Learning Agreement on Uniweb a signed letter from their supervisor in Padova or tutor of their doctorate course, in which their supervisor/tutor abroad must also be named.

For instructions on how to fill out the form, on the documentation to be attached and on the procedures for approving and sending the Learning Agreement signed by the foreign institution, please refer to the section "Learning Agreement" on the following page: <http://www.unipd.it/en/erasmus-studies-out>

All versions of the Learning Agreement must be approved by both institutions and submitted to the Projects and Mobility Office - Mobility Sector as indicated.

Some students may be involved in tests for the development of the Online Learning

Agreement as envisaged by the new Erasmus+ programme.

7.3 Linguistic knowledge: OLS

All successful students must sit an online test (Online Linguistic Support - OLS) provided by the European Commission for the following languages: Bulgarian, Czech, Croatian, Danish, Dutch, English, Estonian, French, Finnish, German, Greek, Latvian, Polish, Portuguese, Romanian, Slovenian, Slovakian, Spanish, Swedish and Hungarian, both of which take place before departure and after the return.

7.4 Erasmus+ Grant Agreement

Before the departure students must sign digitally the Erasmus Grant Agreement under the conditions indicated by the Projects and Mobility Office - Mobility Unit.

It is not possible to sign the grant Agreement if the Learning Agreement has not been approved in Uniweb and the student is not up to date with the payment of university fees. Students enrolled in a bachelor's degree that expect to graduate before the Erasmus departure date, to spend the first part of the first year of their master's degree, can depart only after the formal enrolment in the master's degree.

Students enrolled in the academic year 2022/2023 in the first year of a bachelor's degree, or single-cycle master's degree can sign the Grant Agreement only if they have at least 40 credits registered on Uniweb and have successfully passed the OFA.

7.5 Healthcare and insurance

For health insurance cover during the mobility in countries outside of the EU, Iceland, Liechtenstein, Norway it is generally sufficient to bring with you your EHIC card, issued by the Ministry of Health. For Serbia one must take out a private insurance (e.g. Europe Assistance etc.). Mobility to the UK involves additional costs for health cover. One should ask their Ulss/ASL for information.

Non-EU students registered to the SSN (National Health System) cannot use the EHIC in Iceland, Norway and Liechtenstein according to EC 859/2003. Students should in every case contact their Ulss/ASL. In the university fees students pay, an accident insurance and liability insurance is included, which is valid also for those who go abroad. For more information on insurance cover abroad, one can consult the university website: <https://www.unipd.it/en/healthcare>.

The abovementioned insurance regards only accidents that occur during educational activities and/or those of internship work. It is therefore advisable to take out a private insurance which covers accidents unrelated to study activities. It does not cover claims related to medical practice or healthcare systems. Therefore, students of medical areas will

be independently responsible for the procurement of such insurances.

7.6 Start of mobility documents

Within 7 days of arrival at the foreign university, the following documents must be delivered in the manner indicated:

- Attendance certificate certifying the date of arrival;
- Learning Agreement Before the mobility, also countersigned by the foreign university.

7.7 End of mobility documents

At the end of the mobility period, the following documents must be handed in, according to the procedures indicated:

1. Original **Attendance Certificate**, the official declaration issued by the university abroad attesting the exact dates (day/month/year) of the start and end of the Erasmus mobility (N.B. the date of issue must not be more than 7 days prior to the end of mobility date). Students should remember that failure to submit these documents of mobility will result in cancellation of the Erasmus status and the complete reimbursement of the Erasmus Grant and any additional funding already received.
2. Original **Transcript of Records**, which is the certificate attesting the exams (with a successful result) taken abroad; in the event that the student carried out thesis work of the bachelor's degree/master's degree/single cycle degree/PhD cycle, the Transcript of Records can be substituted by a 'Short evaluation report for thesis work', meaning a letter on headed paper, signed and stamped by the supervisor abroad who has followed the student, naming the activities carried out and any credits gained (the fac-simile is available for download on the site: <http://www.unipd.it/en/erasmus-studies-out>). Any internship carried out alongside the exams and/or the thesis research, if NOT mentioned in the Transcript of Records, must be certified by adequate, official documentation, issued by the hosting university. Students should remember that with any internship work, study activities must also be attested. The Transcript of Records can be sent digitally from the host institution to erasmus@unipd.it, mailed by the host institution to the Projects and Mobility Office, or delivered in original by the student.

Other than the documentation indicated by points 1 and 2, the student is required to:

- a. sit the end of mobility OLS language test;
- b. Submit any changes to the initial Learning Agreement;
- c. fill out, after the documentation has been sent, the online EU Survey, provided by the European Commission;
- d. Recognise the activities carried out abroad (including thesis work) within 15

days from the receipt of the protected Transcript of Records from the Projects and Mobility Office in Padova, according to point 8.

Once the activities are recognised on Uniweb, the balance of the Erasmus Grant and any additional funding will be paid. Failure to complete the recognition process within the deadlines will lead to the complete reimbursement of any funds already paid.

Art. 8 – Recognition of activities carried out abroad

Only after the Projects and Mobility Office - Mobility Unit has received all of the end-of mobility-documents indicated in section 7.7, will the student be able to register the activities carried out abroad.

For the recognition of the activities carried out abroad the student must attach to the Learning Agreement (approved on Uniweb) the following documents within 15 days of receiving them:

- a. Scan in PDF form of the Transcript of Records and/or letter on thesis and/or internship work issued by the Projects and Mobility Office - Mobility Unit (COMPULSORY);
- b. Proposal of credits to be recognised by the Academic Coordinator in Padova, only in the case of thesis work, where the supervisor is different from the professor that carries out the recognition.

For the procedure for recognising activities abroad, one should consult the pages of Mobility Unit Desks within Schools/Departments, available on the site:

<http://www.unipd.it/en/erasmus-studies-out>.

The student is responsible for providing the documentation in time to meet the deadlines for registration for scholarships, housing competitions and/or graduation appeals.

The University is in no way responsible for the timing of the issue of the Transcript of Records by the partner universities. It should be noted that in some countries the documents are issued long after the end of the mobility (for example, for the UK in November).

Single modules of not passed foreign teaching courses cannot in any way be recognized.

The conversion of foreign grades will be carried out in compliance with the ECTS scale if in the presence of a Transcript of Records showing this information or, where missing, on the basis of the generic University table, as per the resolution of the Academic Senate of

15/12/2020.

IMPORTANT

The registration of the thesis work activity at the end of the mobility period is also mandatory.

The activities that can be recognized are only those present in the Learning Agreement approved on Uniweb.
