

Texas State Summer Hubs

Programme	Texas State Summer Hubs @ UNIPD – <i>Clinical Assessment</i>
Overall description	<p>The collaboration between Texas State University (TXST) and the University of Padua offers a unique opportunity for academic and cultural exchange through the Texas State Summer Hubs @ UNIPD. As part of this initiative, between May and June 2025, students and teachers from the American university will take part in educational activities at our university, contributing to the enrichment of our educational offerings and promoting the exchange of knowledge and experiences between the two institutions.</p> <p>Starting this year, students enrolled in the Bachelor's Degree in Human Movement Sciences will also have the opportunity to choose and participate in one of the two courses taught in English by TXST professors, joining their future fellow American students in a shared learning experience.</p>
Contents	<p>The programme is divided into several teaching modules conducted simultaneously.</p> <p>Specifically, the Clinical Assessment module (AT 3311 - Prof. Kevin Miller) provides students with the knowledge and skills necessary for the clinical evaluation of injuries and pathologies involving the head and face, brain, cervical spine, upper limb, thorax, and the pulmonary and cardiovascular systems.</p> <p>During the programme, students are required to attend at least 70% of the classes, complete assignments on time, and actively participate in the educational activities.</p>
