University of Padua

Welcome Days

Ready To Start?

Welcome 2024

Welcome meetings

Welcome meetings are designed to facilitate student's first contact with the campus and its facilities. Welcome meetings are a key opportunity to get acquainted with the new educational environment, exploring teaching activities and methodologies.

School of Agriculture Sciences and Veterinary Medicine

Animal care	30 sept
Biotechnologies for Food Science	23 sept
Food and Health	7 oct
Forest Sciences	30 sept
Italian Food and Wine	11 oct
Sustainable Agriculture	8 oct

School of Economics and Political Science

Accounting, Finance and Business Consulting	26 sept
Applied Economics	26 sept
European and Global Studies	24 sept
Human Rights and Multi-Level Governance	23 sept
Management for Sustainable Firms	26 sept

School of Engineering

Aerospace Engineering	1 oct
Chemical and Process Engineering	7 oct
Computer Engineering	17 oct
Control Systems Engineering	4 oct
Electrical Engineering	3 oct
Electronic Engineering	1 oct
Energy Engineering	9 oct
Environmental Engineering	4 oct
Food Industry Engineering	27 sept
Ict for Internet and Multimedia	4 oct
Information Engineering	2 oct
Management Engineering	27 sept
Materials Engineering	2 oct
Mathematical Engineering	30 sept
Water and Geological Risk Engineering	30 sept

School of Human and Social Sciences and Cultural Heritage

Applied Sciences to Cultural Heritage Materials and Sites	30 sept
Communication Strategies	30 sept
English Studies	30 sept
Italian Medieval and Renaissance Studies	30 sept
Local Development	23-26 sept
Mobility Studies	30 sept

School of Medicine

Medical Biotechnologies	30 sept
Medicine and Surgery	19 nov
Pharmaceutical Biotechnologies	30 sept

School of Psychology

Clinical, Social and Intercultural Psychology	27 sept
Cognitive Neuroscience and Clinical Neuropsychology	1 oct
Development and Educational Psychology	26 sept
Psychological Science	30 sept
Techniques and Methods in Psychological Science	26 sept

School of Science

Astrophysics and Cosmology	1 oct
Biology of Human and Environmental Health	7 oct

Complex and Data Driven Chemistry	30 sept
Computational Finance	7 oct
Computer Science	7 oct
Cybersecurity	7 oct
Data Science	7 oct
Earth and Climate Dynamics	2 oct
Earth Dynamics	2 oct
Environmental Sustainability and Education	2 oct
Evolutionary Biology	1 oct
Geophysics for Natural Risks and Resources	1 oct
Marine Biology	30 sept
Materials Science	30 sept
Molecular Biology	1 oct
Mathematics	7 oct
Physics	1 oct
Physics of data	1 oct
Sustainable Chemistry and Technology for Circular Econonomy	7 oct
Quantitative and Computational Biosciences	4 oct

University services for International students

We are by your side to support you from the very beginning!
The Admission and Welcome unit will assist you for all enrolment procedures and you will have the opportunity to have the support of a buddy.
SAOS Desk will provide you with all the information to finalize your residence permit application, organizing a series of online meetings to explain how to fill in the Residence Permit request.

Campus tour

In-person campus visits consist of an outdoor-only walking tour with a currently enrolled student. Walking tours last approximately 1 hour. These tours will give you the opportunity to see directly the most relevant didactic and administrative facilities. You will also have the chance to see study rooms, canteens, libraries and other important seats. Tours will be available every week starting from the 9th September until the 11th October.

Global Citizenship Program

A 10-hrs Course addressed to International students and Italian students enrolled in English-taught degree programmes which will help them to gain confidence with different intercultural skills and their possible applications in daily life or to face the most relevant global challenges. Participants will receive an Open Badge, at the end of the Program.

Mentorship programme

The *Mentorship programme* is a project developed by the University of Padova for international students enrolled in Bachelor's, Master's, and Single-cycle degree programmes with the aim to promote an environment of inclusion, keeping in mind that diversity is also our strength, as well as an active participation in the university and local communities. The programme includes several activities such as photo online contests, guided tours of the main University buildings and webinars organized in collaboration with several offices of the University.
