1. ADMISSION REQUIREMENTS

Specific incentives for students enrolled in science and technology degree classes and master's degrees are planned for the 2024/2025 academic year.

Classes which are not part of the national curriculum and which are related to ISCED-1dgt fields of study are considered. Classes 05, 06 and 07 are considered according to the classification used in SISTAN and published on the website of the Ministry of University and Research (<http://dati.ustat.miur.it/dataset/metadati>).

The list of degree programmes activated by the University and belonging to the aforementioned classes is **available in the annex to this call for applications**.

Students will be selected by the University on the basis of the following requirements:

1. **regular registration** in a course year following the first, for a number of years not exceeding the normal duration of the above-mentioned courses, in the 2024/25 academic year, completed by 31 October 2024;
2. **merit**, based on the relevant coefficient accrued as at 10 August 2024;
3. **economic condition** indicated by the ISEE value.

The incentive consists of a total or partial exemption from the all-inclusive fee, **up to a maximum amount of €1,000.00**, which will be allocated according to the position in the ranking list and as long as there are available resources.

2. CRITERIA FOR THE FORMULATION OF THE RANKING LIST

The ranking list will take into account in varying proportions:

- **merit** (measured by the merit coefficient as defined in the call for applications for the a.y. 2024/2025 regional scholarship);
- **economic situation** (measured by the ISEE for benefits for the Right to University Education, acquired by the University through the entry of the Application for Benefits for the a.y. 2024/25 in UNIWEB).

The maximum score achievable by students is set at 100 points.

A maximum of 70 points are awarded for **scholastic merit** and the assignment of points is as follows:

| Merit coefficient | Score |
|-------------------|-------|
| Greater than 70 | 70 |
| Between 60 - 70 | 60 |
| Between 50 - 60 | 50 |
| Between 40 - 50 | 40 |
| Between 30 - 40 | 30 |
| Between 20 - 30 | 20 |
| Between 10 - 20 | 10 |
| Less than 10 | 0 |

A maximum of 30 points are awarded for **economic situation** and the assignment of points is as follows:

| ISEE | Score |
|------------------------------------|-------|
| Greater than euro 60,000.00 | 0 |
| Between euro 50,000.00 - 60,000.00 | 5 |
| Between euro 40,000.00 - 50,000.00 | 10 |
| Between euro 30,000.00 - 40,000.00 | 15 |
| Between euro 20,000.00 - 30,000.00 | 20 |
| Between euro 10,000.00 - 20,000.00 | 25 |
| Less than euro 10,000.00 | 30 |

The total score is the sum of the points awarded for merit and the points awarded for the economic situation, as defined above. In the event of a tied total score, preference will be given to the individual merit coefficient.

The ranking list will be drawn up in descending order of total score and will be published **by December 2024** in the dedicated section of the page: www.unipd.it/en/awards

Chosen students will be notified by email sent to the email address assigned to them by the University.

3. DELIVERY METHOD

By January 2025, the recipients will be able to verify the application of the partial or total exemption following the recalculation of the fee on their personal pages in UNIWEB.

Refunds will be credited exclusively to the student's bank account (held individually or jointly), or prepaid card, which must be entered by the student in the UNIWEB reserved area, under the heading "Home, Master Data, Refund methods, Edit Bank Account Refund Data" (bank details of third parties, including parents, cannot be accepted).

If the student resides abroad (outside Italy), he/she must specify his/her domicile in Italy in the UNIWEB reserved area, under "Home, Master data, Modify domicile address"; otherwise it will be impossible to proceed with the refund.
