PREAMBLE

This “**Call for Student Contributions and Exemptions**” governs the criteria for determining the fee due from students enrolled in Bachelor’s, Master’s and single-cycle Master’s degree courses (hereinafter, for reasons of brevity, the “courses of study”) at the University of Padua (hereinafter, for reasons of brevity, the “University”) as well as the methods for payment.

It also indicates the various types of exemption reserved for certain categories, along with the methods for any reimbursement.

Those who wish to take advantage of the services provided by the University must have made all due payments of the fee, divided into three instalments for each academic year.

1. STUDENT CONTRIBUTIONS

The individual amount for enrolled students is calculated on the basis of income, merit and personal situation.

The total maximum amount of the fee for the academic year 2022/23 (shown in **Table 1**) is calculated by adding together:

A) the all-inclusive fee (which varies according to the course of study);

B) the regional fee and stamp duty.

The list of courses of study for each of the 3 groups provided by the University is shown in Appendix 1.

Table 1: Maximum total amount by groups of courses of study

Group to which the course of study belongs	Total maximum amount A) + B)	Maximum all-inclusive fee A)	Maximum regional fee and stamp duty B)
Group A (Humanities)	€ 2,533.00	€ 2,341.00	€ 176.00 + € 16.00
Group B (Sciences)	€ 2,626.00	€ 2,434.00	€ 176.00 + € 16.00
Group E Primary Teacher Education (enrolments from the 2015/16 academic year)	€ 2,948.00	€ 2,756.00	€ 176.00 + € 16.00

To obtain a reduction in fees according to your economic status, you must fill in an **Application for Benefits** in Uniweb (see paragraph 2).

A **simulator** can be used for the presumed calculation of the fee due for the academic year 2022/23 (including any surcharges due from students who are behind schedule (so-called “fuori corso”)), available at: www.unipd.it/servizi/simulatore tasse.

The total amount due is divided into **3 instalments**, which cannot be further deferred.

✓ FIRST INSTALMENT

Enrolment in the academic year will be completed on payment of the **FIRST CONTRIBUTION INSTALMENT**, the **maximum amounts** of which are:

a) € 192.00 for those who enrol in the **first year** of the courses of study, consisting of:

- € 176.00: regional fee for the right to university education;
- € 16.00: stamp duty.

The amount of the all-inclusive fee due shall be divided entirely between the second and third instalments.

Payment must be made **at the time of registration**, according to the procedures and deadlines provided for in the individual notices of admission.

b) € 572.00 for those who register for **years following the first** of the courses of study, consisting of:

- € 380.00: part of the all-inclusive fee;
- € 176.00: regional fee for the right to university education;
- € 16.00: stamp duty.

Payment must be made **by 30 September 2022**.

- c) **€ 16.00**, as stamp duty, for those who register for **years of courses of study following the first**, eligible in the ranking of the regional scholarships for the 2021/22 academic year and for those with a disability between 66% and 100% or with certification pursuant to Italian Law no. 104. Payment must be made **by 30 September 2022**.

PLEASE NOTE: those who do not apply for a scholarship for the academic year 2022/23 or who are not eligible for the competition, will find, from the day of publication of the final rankings, in the Uniweb Fee section, any adjustment to the first instalment to be paid **by 30 November 2022**.

The payment of the first instalment is **not due** for those who graduate **by December 2022** as this is the final graduation session for the 2021/22 academic year.

If a student simultaneously enrolls in several courses of study at the Universities of Veneto, the amount of the regional fee for the right to university education must be paid only once to the University indicated as the main place of study, pending the adoption of the decree from the Italian Ministry of Education, Universities and Research referred to in article 4(2) of Italian Ministerial Decree no. 33 of 12 April 2022.

✓ SECOND AND THIRD INSTALMENTS

The total amount of the **SECOND** and **THIRD INSTALMENTS** corresponds to the remaining part of the all-inclusive fee due and not included in the first instalment, divided in half.

The all-inclusive fee, increased by any surcharges for students who are behind schedule, is calculated on the basis of the particular course, the ISEE value and the exemptions applied.

The regional fee for the right to university education varies according to the ISEE, from a minimum value of € 133.00 to a maximum value of € 176.00 (Table 5).

Payment of the **second instalment** must be made by the deadline of **15 February 2023**.

Payment of the **third instalment** must be made by the deadline of **15 May 2023**.

2. HOW TO OBTAIN ECONOMIC BENEFITS

To obtain reductions and exemptions depending on economic conditions, you must complete both of the following steps:

- A. complete and confirm the **Application for Benefits** in Uniweb;
- B. request the issuance of the **ISEE** (*Indicatore della Situazione Economica Equivalente*, Equivalent Economic Situation Indicator) **for the Benefits for the Right to University Education**.

A. The **Application for Benefits** is the self-certification that must be completed and confirmed online in order to obtain a reduction in fees. In doing so, the University is authorised to acquire the ISEE of the students directly from the INPS database.

- ✓ **WHERE TO PRESENT IT:** The **Application for Benefits** is available **online, in the Uniweb reserved area of the student**, by following "Right to study - Certifications of disability/dyslexia, Summer courses - Application for Benefits", starting from **12 July 2022**.
Entry of the Application for Benefits is possible after registration with Uniweb. For this purpose, only the tax code is required; it is not necessary to have already registered. **It follows that those who enrol during the year (enrolments in Master's degrees, transfers from another University, etc.) are also required to comply with the deadline indicated above.**
- ✓ **VERIFICATION TOOLS:** once completed, the application must be definitively confirmed, under penalty of invalidity. The interested party shall receive an email at their personal or institutional (if already active) email address confirming receipt of the Application for Benefits. A second confirmation e-mail will also be sent when the ISEE data has been acquired.

- ✓ **IN THE EVENT OF CHANGES:** The Application for Benefits may be amended directly by the user, using the same procedure, until **30 November 2022**.

B. For the issuance of the ISEE, the student must submit and sign a Single Declaration in Lieu (*Dichiarazione Sostitutiva Unica*, DSU), electronically through the INPS website or personally at a Tax Assistance Centre (CAF) or other competent Body. Please note that the ISEE release times may take up to 10 working days from the time of submission of the DSU. To this end, please note that the date of signature indicated on the receipt for submission of the Single Declaration in Lieu (DSU) and not the date of issue of the ISEE certificate will be valid.

- ✓ **WHICH ISEE TO APPLY FOR:** The University may only acquire an ISEE for Prestazioni Agevolate per il Diritto allo Studio Universitario (benefits connected with the right to university education) issued to the benefit applicant (in the case of members of the same household, the tax codes of all applicants must be provided). The ISEE must be valid, i.e. it must not have expired on the date of confirmation of the Application for Benefits in Uniweb.

In the case of ISEE not issued for the right to university education, or ISEE that has expired upon confirmation of the Application for Benefits, a new release must be requested within the scheduled deadlines.

The student is also required to verify that there are no comments on omissions/discrepancies on the ISEE certificate; otherwise the benefit applied for will not be awarded.

If there are omissions/discrepancies, a new DSU must be submitted promptly, including the information previously omitted or otherwise expressed, within the deadlines set.

- ➡ **CURRENT ISEE:** if the conditions set out in the regulations in force are met, you may apply for a current ISEE. The relevant DSU must, in any case, be signed within the scheduled deadlines, and the certificate must possess the characteristics mentioned above.

- ✓ **EQUIVALENT ISEE FOR INTERNATIONAL STUDENTS:** a different certification is required for:
 - international students residing abroad (outside Italy), with a family unit residing abroad (outside Italy);
 - international students residing in Italy, but with earned income of less than € 9,000.00 and with a family unit residing abroad (outside Italy);
 - Italian students residing abroad (outside Italy), whether or not enrolled in the Italian Register of Residents Abroad (AIRE).

Issuance of the Equivalent ISEE must be requested exclusively from the CAF affiliated with the University, the details of which may be viewed at www.unipd.it/isee.

The data contained in the ISEE certificate, if valid, compliant and issued for the right to university education, will be acquired directly from the INPS database (or from the CAF affiliated with the University, in the case of an Equivalent ISEE) following confirmation in Uniweb of the Application for Benefits.

Once the ISEE is acquired, the fee will be automatically recalculated within a couple of days.

BY WHEN: both mandatory steps (confirmation of the Application for Benefits and signing of the DSU for ISEE purposes) must be completed **by 30 November 2022**. This deadline also applies to those who register during the year (for example, those awaiting publication of the ranking of an admission competition).

Those who sign up for years after the first and complete these two steps by September, will be able to obtain early recalculation of the first instalment. The reduction in question is only applicable in the event that the all-inclusive fee recalculated on the basis of the ISEE is less than € 380.00.

AFTER THE DEADLINE: it will, however, be possible to obtain recalculation of the fee after the deadline, against payment of a late submission fee of:

- **€ 109.00** for DSUs signed and/or Applications for Benefits confirmed **from 1 December and by 15 February 2023**;
- **€ 218.00** for DSUs signed and/or Applications for Benefits confirmed **from 16 February and by 15 May 2023**.

After acquisition of the ISEE and automatic recalculation of the fee, the amount of the fee to be paid by the end of the academic year will be uploaded to Uniweb. **From 16 May 2023, it will no longer be possible to obtain reductions of the fee.**

The **Complete Guide to the Application for Benefits and Calculation of the ISEE** is available at www.unipd.it/isee.

3. TERMS OF PAYMENT AND REFUNDS

The student's fee position is defined as in order when the past due fees relating to the current year and previous academic years have been paid, including the financial obligations of a penalty nature, as well as the fees resulting from the total or partial revocation of economic provisions already disbursed.

Payments must be made exclusively via **PagoPA** (see www.unipd.it/pago-pa for details), accessible directly from the personal area in Uniweb, by selecting "Right to study – Certifications of disability/dyslexia, Summer courses", in the item: Fee.

The success of the payment must be verified in the same section. No other forms of payment are allowed.

If a credit condition arises due to having paid the instalments in full before the application of any reductions and/or exemptions, the University will pay the refunds automatically by the end of the relevant academic year.

Reimbursements will be credited exclusively to the bank details (IBAN) of the student's current account (held individually or jointly), or prepaid card, which must be entered by the student in the Uniweb reserved area, under the heading "Teaching – Personal data – Change of refund data" (bank details of third parties, including parents, cannot be accepted).

If the student resides abroad (outside Italy), he/she must specify his/her domicile in Italy in the Uniweb reserved area, under "Teaching – Personal data – Change of domicile data"; otherwise it will be impossible to proceed with the reimbursement.

4. REDUCTION OF THE FEE

A. LEGAL EXEMPTIONS (ITALIAN LAW 232/16 and ITALIAN MINISTERIAL DECREE 1014/2021) AND EXTRAORDINARY UNIPD EXEMPTION

In accordance with the legislation in force, the University applies the grading of the all-inclusive annual fee based on the enrolment and income conditions of students who, in the case of enrolment in the second academic year, have obtained, by 10 August 2022, **at least 10 university credits** and, in the case of enrolment in academic years subsequent to the second, have obtained, in the twelve months prior to the date of 10 August 2022, **at least 25 university credits**. Merit is not considered in cases of enrolment in the first year.

Students who meet **the aforementioned merit requirement and have been enrolled for a number of academic years less than or equal to the normal duration** of the course of study, plus one, who belong to:

- a household whose **ISEE is less than or equal to € 25,000**, are **totally exempt from the all-inclusive annual fee** (against an "extraordinary extension" of the total exemption for the range from € 22,000 to € 25,000);
- a household whose **ISEE is between € 25,001 and € 30,000**, are subject to a graded exemption from the all-inclusive annual fee. This reduction grading provided for by Italian Ministerial Decree 1014/2021 is in addition to a further exemption provided for through an extraordinary measure by the University.

Table 2 Average amounts per group for those eligible on merit and having enrolled correctly

ISEE ranges (X)	% of total reduction = legal exemption + Unipd exemption	Average amount of all-inclusive fee per range
$0 < X \leq 25,000$	total exemption	total exemption
$25,000 < X \leq 26,000$	65% =(50%+15%)	€ 306.25
$26,000 < X \leq 28,000$	44% =(20%+24%)	€ 548.80
$28,000 < X \leq 30,000$	37% =(10%+27%)	€ 705.60

Students who meet **the aforementioned merit requirement and have enrolled from the second year beyond the normal duration** of the course of study who belong to a household:

- whose **ISEE is less than or equal to € 13,000**, pay an **all-inclusive fee of € 200.00**;
- whose **ISEE is between € 13,001 and € 30,000**, pay an all-inclusive fee that cannot exceed 10.5% of the ISEE share exceeding € 13,000, without prejudice to the minimum fee of € 200.00.

Without the aforementioned merit, enrolment or income requirements provided for by current legislation or where the application of the maximum amounts provided for by the legislation itself proves to be less economically advantageous, the progressive fee according to the ISEE (Table 4) will apply.

B. REDUCTIONS BASED ON ISEE

The reduction of the all-inclusive fee calculated on the basis of the ISEE, which applies to those who do not meet the merit requirement and/or the ISEE required by the legal exemption, is shown below.

Table 4: Amount of the all-inclusive fee according to the ISEE

ISEE (€) from – to	the amount of the all-inclusive fee varies from – to		
	Group A Degree Courses	Group B Degree Courses	Group E Degree Courses
0 – 28,000	€ 423.00 – € 808.00	€ 526.00 – € 902.00	€ 847.00 – € 1,223.00
28,000.01 - 60,000	€ 808.00 – € 2,290.00	€ 902.00 – € 2,384.00	€ 1,223.00 – € 2,705.00
60,000.01 - 70,000	€ 2,310.00	€ 2,404.00	€ 2,726.00
> 70,000	€ 2,341.00	€ 2,434.00	€ 2,756.00

The ranges of the all-inclusive fee between the minimum and maximum amounts shown in each box indicate that the amount varies in proportion to the ISEE within the minimum and maximum limits shown in the first column.

The regional fee for the right to university education is also calculated in accordance with the ISEE, and is broken down as follows:

Table 5: Amount of regional fee for the right to university education according to the ISEE

Ranges	ISEE (Euro)	Regional Fee for the Right to University Education
I	0 - 15,748.78	€ 133.00 – € 152.99
II	15,748.79 - 31,497.56	€ 153.00 - € 175.99
III	> 31,497.56	€ 176.00

M. EXEMPTION RESERVED FOR STUDENTS ENROLLED IN THE PART-TIME STUDY SCHEME

Those who choose to enrol in the part-time study scheme are required to pay the three fee instalments for each academic year of enrolment. The application for enrolment in the part-time study scheme must be submitted, by **30 October 2022**, exclusively using the online procedure available on Uniweb and indicated on the web page: www.unipd.it/studiare-tempo-parziale.

The above deadline can be waived only for students enrolled in Master's degree courses who complete their registration during the year after said deadline; in this case, however, the request must be submitted at the same time as the registration.

The list of courses eligible for the part-time study scheme can be viewed at www.unipd.it/studiare-tempo-parziale.

Students must also meet one of the following requirements in order to be eligible for this benefit:

- Be simultaneously engaged in employed work (on the basis of a contract already concluded for an indefinite period, or for a duration of at least six months, even if non-continuous) or freelance activities.

- Be caregiver students or students who are engaged not on an occasional basis in **the care and assistance of relatives who are not self-sufficient** due to age (children under 3 years) or health problems (parents, mother- or father-in-law, cohabiting sons or daughters, siblings, spouse); the application must be accompanied by a copy of the certificate of non-self-sufficiency or health status of the family member.
- Suffer from a disease that, without affecting learning ability, physically prevents or discourages a full-time commitment; the application must be supplemented with a medical certificate.
- Be simultaneously enrolled at Higher Institutes of Music and Dance Studies; the application must be supplemented with a copy of the registration at these Institutes.
- Be involved in sports activities at a high competitive, national and international level; the application must be supplemented with certificates issued by recognised federations.

Please note that the option for the part-time study scheme:

- is binding on the student **for two academic years**, after which, during the annual enrolment renewal, it will be possible to opt again for a two-year period under the part-time study scheme, by resubmitting the application and related documentation;
- **the maximum number of credits** that can be acquired over the two-year period, on a part-time scheme basis, **is 72**. Exceeding the envisaged limit will entail revocation of the reductions obtained and recalculation of the fee due;
- if the student completes the course of study in advance of the two-year period granted, he/she will be subject to the full-time study scheme and will have to make a balance payment to correspond to a year's full-time fee;
- it is valid only for the purposes of the university fee (without affecting the attendance obligation governed by the teaching regulations of the individual courses of study);
- is incompatible with all other forms of partial exemption from the fee (excluding legal and merit exemption), and with participation in the competition for student collaborations (200 hours).

N. EXEMPTION RESERVED FOR STUDENTS WITH REFUGEE STATUS

Students with refugee or subsidiary protection status are **fully exempt** from the all-inclusive fee, including the pre-registration fee; however, stamp duty and the regional fee for the right to university education remain due.

O. EXEMPTION FOR PUBLIC EMPLOYEES (PA 110 CUM LAUDE)

Personnel in service in public administrations that meet the requirements for admission to the first application courses provided for by the Public Sector – University of Padua Memorandum of Understanding (www.funzionepubblica.gov.it/formazione/pa-110-e-lode) are entitled to a partial exemption from the all-inclusive fee that entails a fixed amount of € 700 regardless of the ISEE value. The stamp duty and the regional fee for the right to university education remain due.

Students who are public employees enrolled in courses of study subject to the convention shall benefit from a single all-inclusive fee of a fixed amount for enrolment in the following years if they achieve at least half of the university credits (CFU) envisaged for each year of the course and for a maximum number of years equal to the legal duration of the course plus two.

6. SURCHARGES FOR STUDENTS BEHIND SCHEDULE (SO-CALLED “FUORI CORSO”)

There is a **surcharge** in student fees for students who are behind schedule (so-called “*fuori corso*”). The increase in the fee will be applied according to the ISEE and the number of years of registration beyond the duration of the degree course, starting from the first year of registration, according to the following table:

Years after the duration of the degree course	ISEE € 0 - € 150,000	ISEE > € 150,000
2 - 5	10%	40%
≥ 6	25%	80%

There are no surcharges for the first year of enrolment behind schedule, starting from the academic year of first enrolment in the university system.

In the event of failure to submit the Application for Benefits in Uniweb, the ISEE will be equal to the maximum value. Years of enrolment in part-time study scheme are excluded from the count.

For student who are workers, enrolled beyond the normal duration of the degree course, the corresponding percentages of the increase will be halved.

The years of suspension are not taken into account when determining the total number of years of enrolment considered for the application of the increase.
