Art. 2 – ADMISSION REQUIREMENTS

2.1 Anyone in possession of the following, regardless of nationality, may apply to take part in the selection process:

- diploma di laurea (pre-reform regime);
- laurea specialistica/magistrale (post-reform regime);
- Second-level academic qualifications awarded by AFAM (Higher Education in Art and Music) institutions.

2.2 Admission to the selection process for candidates who have not yet been awarded their academic qualification

Anyone yet to be awarded the required academic qualification, but who will have received it by and no later than October 31st 2021, may also apply to take part in the entry examinations. Otherwise, admission to the course will be denied. Admission will be conditionally granted to these candidates, who will have to provide self-certification regarding the qualification awarded (or the certificate itself if the qualification was awarded in a non-EU country), together with an identity document by November 8th 2021. Said certification must be sent via email to phd.application@unipd.it. The self-certification (or the certificate itself if the qualification was awarded in a non-EU Country), must indicate the name of the university that awarded the qualification, the date it was awarded, the kind of degree (second-cycle Italian - degree, Master's Degree or equivalent qualification), and the grade achieved, together with a copy of a valid identity document.

2.3 Admission to the selection process for candidates in possession of an academic qualification awarded abroad

Applicants with an academic qualification awarded abroad can be admitted to a PhD course only if the above-mentioned qualification is equivalent to a second-cycle Italian degree ("Laurea magistrale a ciclo unico"/"Laurea specialistica"/"Laurea magistrale") awarded at an officially recognized foreign academic institution, which grants admission to a PhD course in the education system/Country in which it was awarded (except for significant differences). Said qualification must be comparable to the Italian degree required for the admission to a PhD course (i.e. Master's Degree or another equivalent second-cycle degree).

Admission to the selection process will be conditionally granted to those candidates in possession of an academic qualification awarded abroad that has not yet been officially recognised as equivalent to a second-cycle Italian qualification by the competent academic bodies of Italian universities.

To this end, when completing the online application process, the candidate must request that their qualifications be verified and attach the following documents:

- if already awarded, certificate or self-certification (in the cases provided for by Italian law) of both first (Bachelor) and second-cycle degree (Master's), with grade;
- Certificate or self-certification (in the cases provided for by Italian law) of the list of exams/transcript of records of both first (Bachelor) and second-cycle degree (Master's), with grade;
- any other documentation deemed useful for the assessment of the suitability of the qualification held (e.g. Diploma Supplement, Declaration of Value, Statement of Comparability and Verification issued by ENIC-NARIC).

The above-mentioned documents must be drawn up in Italian or English, under penalty of exclusion from the selection.

The Selection Committee evaluates the suitability of the foreign degree according to the documentation attached to the application and can therefore exclude the candidate if such documentation does not provide sufficient information for the assessment.

PhD candidates already enrolled at a PhD programme of cycle 37th at the University of Padova, who benefit of a scholarship, cannot apply for the present call.

Art. 3 – APPLICATION FORM

4.1 The application form to participate in the selection process may only be submitted using the dedicated online procedure, available at: <https://www.unipd.it/en/phd-innovation-green-issues> in the section dedicated to the Green Call. Application forms must be submitted no later than 1 pm (CEST) on the announcement deadline date (November 4th 2021).

For all legal purposes, the application is to be considered as a self-certification of the data included therein and of the attached documents, in accordance with articles 46 and 47 of Italian Presidential Decree no. 445/2000 and subsequent amendments.

Once the application form has been completed, it must be printed, signed and re-uploaded following the instructions described on the online procedure, and copy of a valid identity document must be attached. A missing signature and/or missing identity document could lead to exclusion from the selection process.

The online procedure for submitting the application form can be also accessed through SPID (Public Digital Identity System), by choosing the University of Padova from the list of providers available: in case of access via SPID, no signature will be required when submitting the application.

The application is automatically sent to the University when the online procedure has finally been completed. Therefore, no paperwork needs to be delivered or sent to the University's offices.

Research topics are linked to specific curricula, if present, in accordance with the information provided on the sheet for each single research topic.

Candidates are invited to complete applications for the selection process well in advance of the closing date specified in this competition notice.

Candidates are responsible for verifying that the procedure is completed correctly. No complaints will be accepted for any malfunctioning of the IT system due to overload experienced by candidates near the closing date.

3.2 After closing the application, the candidate can request an **acceptance letter** to the supervisor of the research topic by completing the specific section on the application form. The candidate can request the acceptance letter before the same closing date for applications, i.e. November 4th 2021 at 1 pm (CEST). A notification for the completion of the letter will be sent to the supervisor only after the application has been fully submitted.

The supervisor will be automatically notified by the system and will have to personally complete the acceptance letter section on the online procedure and submit it by the deadline of **November 8th 2021 at 1 pm (CEST)**.

Acceptance letters attached by the candidate will not be taken into consideration.

3.3 Candidates must attach:

 - They shall undertake to ask the competent body of the Course for authorisation to carry out work outside of the course;

Candidates in possession of a foreign academic qualification who have not provided the required documentation requested at the time of enrolment will be enrolled conditionally and will be excluded from the PhD course, with the obligation of refunding grant instalments unduly received, if:

- They do not submit such documentation within 12 months of the start of the course;

Art. 8 – PHD COURSES AND MEDICAL SPECIALISATION SCHOOLS

8.1 If successful in the selection process for a PhD, students enrolled at medical specialisation schools will be able to enrol in a PhD course:

- if they are already enrolled in the last or penultimate year of a specialisation school at the University of Padova;
- if they are already enrolled in the last year of a specialisation school at a university other than the University of Padova.

In any cases, attendance of both courses must be declared compatible and authorised by the Board of the specialisation school;

8.2 At least one month before the end of the joint attendance, the student must ask the PhD course Board to officially acknowledge the period of joint attendance. The PhD course Board, after an evaluation of the research activities carried out by the individual during the period of joint attendance certified by the specialisation school Board, may then formally acknowledge the validity of the abovementioned period for the purposes of being awarded the PhD.

8.3 In any case, the thesis and its assessment must follow the provisions set forth by art. 13 of the present announcement.

8.4 During the period of joint attendance, those enrolled in the specialisation school will not be eligible for PhD grants or other forms of funding.

Art. 9 – VACANT PLACES

Following explicit or tacit withdrawal by successful candidates before the start of the course, the PhD Office will contact directly the other eligible candidates according to the ranking drawn up for that specific research topic, in order to assign them vacant places available (if any).

Art. 10 - GRANTS

10.1 Grants are only awarded to those who have a yearly income (gross sum) that is below the equivalent of a year's grant amount for the tax years when the grant will mainly be used. Should the grant holder's income exceed this limit, they will lose their right to the grant for the academic year in which the limit was exceeded. In this case, the PhD student concerned will be obliged to pay back any monthly grant instalments already received.

Should applications have equal merit, the assessment of the applicant's economic situation is the deciding factor in awarding a grant. This is calculated pursuant to ISEE (Equivalent Economic Situation Indicator) values. Unfunded places will be awarded to the younger applicants.

10.2 In accordance with Italian Ministerial Decree n. 40 dated January 25th 2018, the annual amount of the grant is € 15.343,28, gross, less national insurance and pension contributions payable by the recipient to INPS (Italian National Institute for Social Security), pursuant to art. 2, paragraph 26 et. seq. of (Italian) Law no. 335 dated August 8th 1995, and subsequent amendments and integrations.

10.3 PhD grants cannot be used together with other grants, awarded for whatever reason, except for those assigned by national or international institutions for the purpose of integrating the research activities of the PhD student with time spent abroad.

10.4 The amount of the grant is increased by 50% for any time spent abroad.

10.5 The grant takes effect when the holder effectively begins to attend the course.

The grant is paid in deferred monthly instalments.

Anyone who has already benefited from a PhD grant, cannot do so for a second time.

Art. 11 – ENROLMENT AND TUITION FEES

11.1 PhD students are exempt from university tuition fees and must only pay an amount corresponding to the regional fee for the right to education and stamp duty.

11.2 PhD students may request exemption from payment of the regional contribution, quantified as per the ISEE presented. For PhD students with a grant, the quota for the aforementioned contribution, quantified as per the ISEE, will be withheld from the grant payment.

11.3 The amounts referred to in point 1 can be consulted in the Fees and contributions table for those enrolled in PhD courses for the 2021/2022 academic year. This table will be published on the University of Padova website at the address: <http://www.unipd.it/ricerca/dottorati-ricerca/tasse-borse-studio-opportunita-dottorati>.

Art. 12 – COURSE START DATES AND OBLIGATIONS OF PHD STUDENTS

12.1 Courses will begin on January 1st 2022. Admission to a PhD course is a full time, exclusive commitment.

In case a scholarship is awarded, the applicant accepts to carry out a research period in a private company (minimum 6 months, maximum 12, as indicated in the Research Topic description). Failure to comply with this requirement will result in the revocation of the scholarship.

In compliance with M.D. 1061/2021, applicants must prepare a report of their activity, on a bi-monthly basis.

In case of revocation of the scholarship, in compliance with M.D. n. 1061 – Annex concerning the Policy guidelines and especially in case of:

- diverging from the originally approved project, whether a change was not requested and authorized by MUR;
- failure to complete the PhD programme (three-year duration), to carry out the minimum mandatory period of study and research in a company and the minimum period abroad, if requested;
- non-admission to the following year of the PhD programme after a negative evaluation of the research by the Academic Board;
- withdrawal from the PhD programme

the University of Padova may claim the refund of the already paid scholarship's instalments.

12.2 PhD students are obliged to carry out the activities relating to their approved research plan and to present a report on the activities and research carried out to the competent body of the Course at the end of each year, as well as the PhD thesis, complete with original contributions, at the end of the course. Theses must be submitted in accordance with the procedures established in the University Regulations governing PhD programmes.

After evaluating the activities carried out by the PhD student, the competent body of the Course will deliberate whether to admit the PhD student to the next year of the course. With reasoned resolution, the Academic Board may also suggest the exclusion of PhD students from the programme to the Rector.

Art. 13 – OBTAINING THE ACADEMIC QUALIFICATION

The PhD is awarded upon successfully passing the final examination. This examination consists of an oral discussion with the candidate on their thesis.

The supervisory committees for the final examination will be formed and appointed in compliance with the University Regulations for PhD courses.

Art. 14 – PROPERTY OF RESULTS AND CONFIDENTIALITY

14.1 Intellectual and industrial property rights on the results obtained by the PhD student, including but not limited to software, patentable or non-patentable industrial inventions, know-how, models, data and data collections, are regulated in accordance with current legislation, the University Regulations and, if applicable, on the basis of individual agreements with Universities, Enterprises and Bodies involved.

14.2 PhD students who realize that they made an invention must immediately inform their supervisor or the Director of the Department, who, from that moment on, shall maintain the confidentiality and notify without delay the Settore Trasferimento di Tecnologia of the University in order to proceed with the evaluation of the results linked to the invention as well as to the appropriate protection measures.

14.3 Candidates who compete for priority research grants undertake to accept the provisions relating to intellectual property agreed in the Convention between the University and the funding body.

14.4 In any case, the PhD student is guaranteed the opportunity to carry out the usual permitted publishing activities, which should be planned in a manner compatible with the protection of any results.
