The total amount of any additional funding (based on individual income and merit) is calculated up to a **maximum of 10 months**.

Only students regularly enrolled **not "*beyond the normal duration of their course of study, increased by one year*"** are eligible for additional fundings. For the purposes of calculation, the first year of enrolment is taken into consideration, regardless of any changes in the "*ordinamento*" (year of degree course structure), changes in the degree course (without having withdrawn from studies) or other cases, and the years indicated on Uniweb as "*ripetenti*" (repeating years) are also counted. Please note that what is shown on the Uniweb is not relevant for the purposes of calculation.

The **down-payment** will be calculated on the basis of the ISEE declaration, while the **balance** will also take merit into consideration (on the basis of the list of successful students for the Regional Study Scholarship).

For the a.y. 2023/24, the down-payment (by income) will be defined as follows:

| Number of months planned in the Grant Agreement | Number of months included in down-payment |
|---|---|
| From 3 to 6 | 3 |
| From 7 to 8 | 4 |
| From 9 to 12 | 5 |

For the a.y. 2024/25, the down-payment (by income) will correspond to 50% of the duration of the mobility planned in the Grant Agreement.

In the event that the activities carried out abroad are not recognised and registered on Uniweb by **31 October 2024 for mobilities in 2023/24 and 31 October 2025 for mobilities in 2024/25**, the student will have to reimburse the additional funding already issued and will not receive any balance.
