LIST OF DOCUMENTS AND CONTENTS

<https://www.unipd.it/en/apply-erasmus-out>

1. Partner universities
2. ISCED codes for areas of study
3. Language knowledge: Common European Framework self-evaluation grid
4. Language certificates: Common European Framework comparison table
5. Additional funding to the Erasmus grant
6. Privacy information
7. Instruction manual for completing the application on Uniweb

IMPORTANT

All contents of this call can get modified after the publication of the new programme guide by the European Commission and after the subscription of the Grant Agreement between the Italian Erasmus National Agency and the University of Padua.

All mobilities are, in addition, subject to an assessment of the security conditions in the destination countries, based on Ministry of Foreign Affairs and International Cooperation (MAECI) guidelines and other local or national regulations.

Preface

This Call for applications regulates **Erasmus+ Mobility for studies activities**, which allows university students to spend a period of study, from 2 to 12 months per cycle of study, at:

- an institution of higher education in one of the European countries participating in the Erasmus+ Programme (so-called Erasmus+ KA131 Programme)¹;

In addition to Erasmus+ for studies mobility (in and beyond Europe), the University of Padua promotes and supports student mobility through **other programmes**, not included in this Call, including:

- **Ulisse Programme** - Student Mobility towards non-EU countries.
For more information: <https://www.unipd.it/en/ulisse>
- **Erasmus+ for traineeship**: The relative calls for the Erasmus+ for traineeship (traineeship/internship activity only), at the University of Padua, are managed by the Career Service, for more information: <https://www.unipd.it/en/erasmus-traineeship-mobility>
- **Swiss European Mobility Programme (SEMP)**. Some Swiss universities provide funds from the Swiss government to support international mobility. For more information: <https://www.unipd.it/en/sempr>

¹ Short-term mobility opportunities for doctoral students in Europe and short- and long-term opportunities beyond Europe are available in specific Calls for applications <https://www.unipd.it/phd-shortmobility>

Art.1 – General information

1.1. Purpose

Erasmus+ is the programme from the European Union for education, training, youth and sport, in effect between 2021 and 2027.²

The present Call regulates the activities of **Erasmus+ for studies**, which allows university students to spend a period of study (between 2 and 12 months) at a higher education institution in one of the Erasmus+ programme countries (c.d. Erasmus+ KA131) or in a partner country beyond Europe (c.d. Erasmus+ KA131 for Mobility Windows or specific mobility agreements), with which the University has signed a specific Erasmus+ agreement. The mobility programs covered by this Call for applications may only be undertaken starting from the second year of study of the bachelor's/single-cycle degree program, subject to specific rules of the Schools/Departments.

The total duration of the stay at the partner institution must be continuous and uninterrupted and, in any case, must take place in the same academic year.

During the mobility period, students will be exempt from paying tuition fees at the host university, while they must continue to pay all fees required by the University of Padua.³

At the end of the mobility, full recognition of passed exams is granted if previously agreed in the Learning Agreement⁴ (min. 12 credits).⁵ For mobility programmes only for thesis purposes, fewer credits will also be accepted based on the maximum number of credits required for the final exam of the relevant degree programme. In any case, the recognition proposal signed by the UniPD will also be considered valid.

For students who go abroad for internship and thesis whose activities do not include the

² The Erasmus+ Programme was established by Decision no. 2021/817 by Parliament and the EU Council, the Regulation was published in the Official Journal of the EU on 20/05/2021.

³ In some cases, it may be necessary to pay the host university fees for services provided to students.

⁴ The Learning Agreement is an agreement between the student, the home university and the host university, which defines the courses and activities that the student will follow during the mobility period. In addition, the Learning Agreement ensures that the credits acquired abroad are recognised by the home university.

⁵ Educational Regulation of the University, decided by the Academic Senate's approval of the Erasmus Policy Statement (EPS) and the commitments of the new Erasmus Charter for Higher Education (ECHE) on 22/06/2021 Prot. n. 102857/2021, decided by the Academic Senate's recognition of activities carried out abroad on 13/04/2015 Prot. n. 110307/2015: documents available at: <https://www.unipd.it/verbali-senato-accademico>; new ECTS Guide (2012 version) available at: http://ec.europa.eu/education/ects/users-guide/_en.htm

assignment of credits, the credits recorded will be taken into consideration.

DID YOU KNOW THAT: STUDIES DOES NOT MEAN ONLY EXAMS?

Within a mobility for study you can:

- Attend courses and take exams
- Do thesis work (with prior approval of the host University)
- Do an internship if combined with exams and/or thesis research

More info in art. 1.3.

1.2. Destinations

The exchange of students between two or more partner universities is enabled through an inter-institutional agreement between the two bodies, coordinated from an educational point of view, by an Academic Coordinator from our University and one abroad, except for the University destinations that are proposed by the International Relations Area. Every inter-institutional exchange has a set number of available places.

The University of Padua has arranged Erasmus+ KA131 mobility exchanges with almost 900 universities abroad:

- in 27 European countries, EFTA/SEE countries and associated countries that participate in the Erasmus Programme such as: North Macedonia, Iceland, Liechtenstein, Norway, Serbia, and Turkey.
- in the UK and Switzerland, Australia and other countries with which specific programmes are developed.

Students can choose destinations depending on their respective School and the number of choices can vary between one and three, based on the indications given by the School or Department. Some destinations are available only for certain courses of study.

Students may express two preferences for university destinations and apply for all opportunities offered (both by the university and by the school/department), but may only accept one mobility programme to be carried out during the 2026/2027 academic year.

The complete list of exchanges in which the University of Padua participates and all the information is available in the interactive portal of the Mobility Unit: www.unipd.it/mobility-agreements.

Destinations should be filtered by degree course (study field). The total number of months indicated in the portal for each agreement should be divided by the number of available places. The number of months thus calculated for each student corresponds to the maximum duration that can be financed.

IMPORTANT

When choosing the destinations, it is the student's responsibility to carefully review the educational offer of the foreign university and the compatibility with his or her study plan, the language requirements, the deadlines for the application form and possible modalities of entry and stay in the foreign country, as these aspects may preclude departure. It is necessary to check any restrictions on the choice of courses provided for exchange students, also based on the existing Erasmus+ agreement between the two institutions.

Students will be able to apply only for destinations available for the cycle of study in which they will be enrolled in the academic year in which the mobility will take place. Spanish universities offer four-year-long first cycle degrees that may, in some cases, also be accessible to master's degree students (for more information, see the destinations portal: unipd.it/mobility-agreements).

1.3. Eligible activities

Places are allocated exclusively for the following activities, in accordance with the Learning Agreement:

1. **full-time study** (thesis work included, if accepted by the host institution) in first, second or third cycle courses, including the preparation of the dissertation or doctoral thesis (if allowed by the partner university), comprising of the achievement of an officially recognised diploma or degree.
2. **period of internship**, as part of a single period of study on the following conditions:
 - a. the internship must be authorised and carried out under the supervision of the same hosting institution. In the event that the internship takes place, for example in a hospital, in a laboratory, in an institution or business outside of the university abroad, the attestation must still be issued by the university.
 - b. the two activities (study and internship) must take place in a consecutive or simultaneous manner and without any interruption, in the same academic year and the period of study (seminars, lessons, language exams) must be certified by the university abroad.

Students of Master's Degrees in Psychology - new qualifying system (*nuovo ordinamento*) will not be allowed to do the internship abroad.

An internship by itself is not permitted and will not be recognised. Any funds given will have to be reimbursed.

IMPORTANT

The institutions listed in this call and the numbers of the relevant mobilities, as well as the language requirements and deadlines for the application form, may be subject to changes based on decisions by partner institutions that are not known at the time of this Call.

The possibility of completing the period abroad for selected students is therefore always subject to acceptance by the host institution and, where applicable, to the issuance of a visa by the destination country. Please note that the visa for some countries may be denied to certain nationalities.

1.4. Duration

1.4.1 Duration of the period abroad

The duration of the period abroad is predetermined for every Erasmus+ exchange, on the basis of the underlined agreements of the participating countries. The period of study abroad must last at least 2 months (it must not be less than 60 days) and can only last up to a **maximum of 12 months**.

The period of mobility can take place **from 1st July 2026** and must be terminated **by 30th September 2027**, according to deadlines and the Academic Calendar of the host institution, except for thesis work mobilities if agreed differently.

For successful students who receive a place for the duration of a whole year (e.g. for 9 months or more) whose date of return is set (or moved) in the second semester, the period will automatically be reduced so that it covers only the period of lessons and exams. This reduction is not applied to students departing for thesis or internship work, for whom the period will be defined according to specific requirements.

1.4.2 Extension of the mobility

Extensions of the period are permitted for proven educational purposes only, however the whole duration of the stay at the partner institution must be continuous and not fragmented within the same academic year. During the mobility period, including periods of closure of partner universities, students will not be able to engage in internship activities unless they are part of the mobility or agreed with the Career Service Office to be carried out in the same

country of destination. The extended period will be covered by the insurance and guarantee the recognition of activities, but will not be financed.

1.4.3 Overall duration of Erasmus+ mobility

The Erasmus+ Programme allows students to spend a period of mobility, for studies and internship, up to a maximum of 12 months for every cycle of study (1st cycle: bachelor's, 2nd cycle: master's, 3rd cycle: doctorate),⁶ by combining different opportunities. For example: it is possible to spend 6 months with Erasmus+ for studies in the second year of the bachelor's course, then 6 months of Erasmus+ for traineeship in the third year of the bachelor's (equal to 12 months in total) and then nine months of Erasmus+ in the master's course.

Multiple periods of mobility with different programmes or different types of the same are possible within the same academic year provided that the periods are always consecutive and do not overlap.⁷

Students enrolled on single-cycle degree courses can carry out a mobility period of up to 24 months within the cycle, with a maximum of 12 months per Call.

Previous mobility experiences that were facilitated through previous editions of the Programme will be counted in the months of mobility, so as to ensure that a student does not exceed the 12 months allowed for each cycle.

IMPORTANT

Students with an Italian residence permit expiring between 01/09/2026 and 31/12/2026 will only be able to carry out their mobility in the second semester (spring semester). The University will not be required to provide any documentation or support for departures in the first semester.

In any case, it is discouraged to carry out the mobility in the period when the residence permit is expiring.

1.5. University Destinations

1.5.1 Arqus Open Mobility

The University of Padua is part of an Alliance of European Universities called Arqus (<https://www.arqus-alliance.eu>) which includes eight other universities: the universities of

⁶ Single-cycle degrees correspond to the first or second cycle depending on the year of enrolment of the student.

⁷ Virtual mobilities are included, except for Arqus criss-cross mobilities <https://arqus-alliance.eu/call/arqus-criss-cross-online-mobility/>.

Granada, Graz, Leipzig, Lyon, Maynooth, Minho, Vilnius and Wroclaw and Durham⁸. The Alliance is working to develop a shared, European approach to higher education, which includes several actions as joint projects at all levels of university activity. Among its goals, Arqus aims to develop a broader, more flexible mobility scheme called Open Arqus Mobility.

Among the destinations available to participants will also be Arqus partner universities, some of which set no limit on numbers to students from Padua. However, candidates will have to comply with the minimum selection criteria and language requirements imposed by the partner institutions that will be verified before sending the official nominations to the host partners.

In Uniweb, Arqus destinations, like all University destinations, will appear separately under the indication "Erasmus+ University Destinations". Each student can apply for 2 University destinations (and therefore also Arqus) in addition to the applications for standard Erasmus+ agreements related to School/Department destinations. Students may win a mobility place for both University destinations and Erasmus+ standard and/or Erasmus+ beyond Europe, but **can only accept one mobility per academic year**.

IMPORTANT

If a student mistakenly accepts more than one Erasmus+ mobility place, they will be automatically assigned to the University destination and marked as having withdrawn from the standard Erasmus+ destination.

Candidates who are eligible but not selected after the second call will be offered any remaining places within the Arqus Alliance.

1.5.2 Other University Destinations

In addition to the Arqus and former Arqus partners, the University has established interdisciplinary agreements with its strategic partners (for example some universities members of the Coimbra Group network⁹) valid for all areas (with some exceptions for certain study courses). These destinations will be available in Uniweb under the heading "Erasmus+ University Destinations". The selection will be unique for each opportunity and

⁸ The Erasmus codes are: E GRANADA01, A GRAZ01, D LEIPZIG01, F LYON01, LT VILNIUS01, P BRAGA01, PL WROCLAW01, UK DURHAM01

⁹ <https://www.unipd.it/coimbra-sen>

candidates will be selected on the basis of University criteria. Any limitations are indicated in the destination portal and language requirements are mandatory at the application stage even if they can be verified later by the partner.

1.6. Mobility Windows

A mobility window is a structured mobility pathway within the study programme and therefore represents a very specific period, precisely a "window", usually a semester, within which students have the opportunity to study abroad at a partner university, even in countries beyond Europe (<https://www.unipd.it/mobility-window>). Mobility window agreements differ from normal Erasmus+ agreements because they are open to a single course of study and in some cases participants must follow a pre-established curriculum. These mobility opportunities are an integral part of this Call for applications and duly reported in the destination sheets contained in the interactive portal. On the destination portal, it is possible to view them, filtering by "Agreement type," and in Uniweb they will be offered within the School/Department Calls for applications.

IMPORTANT

Students can ONLY undertake one kind of long-term Erasmus+ for studies mobility in the same academic year. If the student is awarded an Erasmus+ for studies and Erasmus+ for studies Beyond Europe grant, or any other long-term Erasmus+ for studies mobility, they can only accept one of the awarded places.

1.7. Students with disabilities and learning difficulties

Students with disabilities and learning difficulties who intend to participate in the Erasmus+ programme can report this on Uniweb during the application submission process. The selection criteria are the same for all students. If merit criteria are used, students with a disability certificate (Law 104/1992) or with disabilities assessed to be higher than 66% will be evaluated according to art. 1320 DPCM 7th December 2021.

Students with disabilities, learning difficulties and certified health conditions who are awarded the Erasmus+ grant can access an additional financial contribution, provided after evaluation by the Erasmus+ National Agency.

To make a request students should refer to the Student Service Office - Inclusion Unit which, in collaboration with the Projects and Mobility Office - Mobility Unit, will provide all the information and gather all the necessary documentation, according to the indications and

deadlines provided by the Erasmus+ National Agency through the website (<http://www.erasmusplus.it/universita/partecipanti-con-bisogni-speciali>).

It is advisable to check in advance, before the deadline of the Call, whether there are adequate services for students with disabilities and learning difficulties at the chosen foreign university. The destination platform provides information on the inclusion services offered by partner universities (www.unipd.it/mobility-agreements).

For the organisation of mobility, support can be requested to the Student Service Office - Inclusion Unit. For more information, contacts and office hours of the Student Service Office - Inclusion Unit:

- Website: <https://www.unipd.it/en/resources-and-supports-students-disability-or-learning-disabilities>
- To book an appointment: <https://web.unipd.it/prenotazioniservizi/>

Art.2 - Admission Requisites

2.1 Admission Requisites

Students are admitted to participate in the program if, upon applying and within the deadline of the call or the deadlines imposed, they are in the following conditions:

1. **Students must be registered at the University of Padua** in a degree course (ex DM 509/99 or 270/2004) / bachelor's course / master's course / single-cycle master's course, doctorate¹⁰, or specialisation course¹¹ (excluding medical areas). Students enrolled in single course units cannot participate. It is necessary to be registered at the time of the application's submission and before departure; as well as being registered in the academic year of the mobility abroad, and in accordance with the payment of fees.

Those registered on a bachelor's course that expect to graduate before the Erasmus departure date, therefore applying to spend the first year of their master's course abroad, must prepare a proposal of activities to carry out abroad, and a Learning Agreement relative to the Master's course of study.¹² The period of study abroad can only take place after the enrolment in the master's course. At the time of the departure

¹⁰ Doctoral students who are granted an Erasmus for studies place and are in their third year of study must finish their mobility period by 30/09/2026

¹¹ Specialist students may only apply in the first three years of enrolment.

¹² It is advised to choose a one- semester (3-6 months) destination to be reached in the second semester

students must therefore be registered for a master's course, without which, the Erasmus status is cancelled. If this occurs, the departure must be postponed to the second semester.

Non-EU citizens, other than being properly registered at the University of Padua, must also be in possession of a residency permit, if currently living in Italy. Students should also be aware that, in the event they are awarded an Erasmus place, their departure is always subject to the issuing of a visa in the destination country (a procedure that must be followed up personally and far in advance of the departure). Please note that in some countries, students are required to provide a proof of their financial resources in order to apply for the visa. The minimum amount is variable and is sometimes higher than the overall amount of the mobility contributions. As indicated in section 1.4 of the Call, students with an Italian residence permit expiring between 01/09/2026 and 31/12/2026 will be able to carry out their mobility only during the second semester (spring semester).

For mobility to non-EU countries, including the United Kingdom, additional expenses are expected, including those covering visa costs. Students will be responsible for completing the necessary procedures independently.

Students enrolled at the same time to two different degree courses¹³, exclusively at the University of Padua, can only apply for the destinations dedicated to the degree with which they intend to carry out the mobility. Only one Erasmus+ mobility can be carried out in one academic year. Credits earned abroad may only be recognised in the study plan for the degree programme for which the student has applied. Mobility grants will be paid only for their first enrolment degree, meaning the reference degree to access the benefits provided by the current legislation on the right to study, and not for the second. Therefore, any mobility carried out with the second enrolment degree will be considered exclusively "zero grant".

2. **Students must not take advantage of other financial grants from the European Union** at the same time (a.y. 2026/2027) as the study abroad period.¹⁴
3. **One must respect the following additional criteria, relative to meeting a minimum credit threshold:**
 - a. **STUDENTS** who are in their **FIRST YEAR** in the academic year **2025/2026**: (1) can apply to the first call, unless specific rules of the

¹³ Students pursuing a Galilean career are not considered to have dual enrolment.

¹⁴ PNRR, PON and related funds are also European funding and therefore incompatible

School or Department forbids it; (2) must have achieved at least 15 (registered) credits at the time of applying for the second call, unless there are specific restrictions laid out by their School or Department. It is necessary for all first-year students to have achieved at least 40 (registered) credits before the departure, without which the mobility cannot take place. Students must successfully pass the OFA “obblighi formativi aggiuntivi” before their departure, without which, the Erasmus status is void.

- b. For students in all other years: it is necessary to have gained 40 registered credits on Uniweb at the time of application.
- c. Students enrolled on SPECIALIST, MASTER’S and DOCTORAL COURSES automatically satisfy this requirement, having already completed the bachelor’s and/or master’s degree. Master’s degree students who will carry out their mobility during the second year or thereafter must earn at least 40 credits before signing the Grant Agreement.

4. Linguistic knowledge of the destination country (see the appropriate section)

Other pre-requisites for admission decided by the Departments or Schools make up an integral part of the current call and are published exclusively on the web pages for Mobility Unit Desks within Schools/Departments: <http://www.unipd.it/erasmus-studio>

IMPORTANT

It is NOT possible to graduate before having finished the period of study abroad.

2.2 Linguistic pre-requisites

According to the provisions of the European Commission’s ‘Guide to the Erasmus+ Programme’¹⁵, it is recommended to have an adequate knowledge of the host country’s language or **English**, and it is a preferential requirement in order to participate in the Erasmus+ mobility.

For many destinations it is now a specific request/necessity to have a good (certified)

¹⁵ <http://www.erasmusplus.it/>

knowledge of the language (without which the mobility cannot take place); in many cases this is requested at the time of submission of the *application form*, well in advance of the departure date. The student is required to carefully check the online information of the universities abroad regarding the specific language requirements. Even if it is not expressly required at the time of application, it is a good idea for the student to depart with a linguistic knowledge of at least B1 - the threshold level ¹⁶.

Only for University destinations, the language level is a mandatory requirement and will be verified by the University of Padua before forwarding the names of the selected students to the partner universities. When submitting the application, students are therefore required to provide evidence of their knowledge of the language required for their destination.

For some Schools / Departments, for the Erasmus + destinations, the University Language Centre (CLA) will provide B1 and B2 tests for students without a language certificate who wish to participate in the Call, but whose degree courses do not require a TAL (language proficiency certificate). For further details it is necessary to refer to the selection criteria defined by the Schools / Departments. The result of these tests will be valid only for the ranking and the Erasmus mobility. Students will be able to register to the test by 8th January for the first Call and by 2nd April for the second Call, in accordance with the procedures indicated by the University Language Centre at <https://cla.unipd.it/test-linguistici-mobilita-erasmus-out/>. The test dates will be published on the same webpage. Participants must also indicate that they have taken part in the test in their application note box.

If the test date is after the application deadline, the results still may be used for scoring purposes, provided that students indicate it in the notes section of the Erasmus application form that they have taken a test. More information will be provided by the Mobility Unit Desks at the Schools/Departments.

Selected students are offered the possibility to attend a free language course at the CLA or other structures identified by the University. If specific 'language certifications' are required, must obtain them independently.

Selected students who need a language level certificate, can use the language tests offered by the CLA or other structures indicated. If specific "language certifications" are required, students must make their own arrangements.

Selected students are encouraged to take an Online Linguistic Support (OLS) test provided

¹⁶ Self-evaluation grid from The Common European Framework of Reference for Languages, link: <http://www.unipd.it/erasmus-studio>

by the European Commission. (see art. 7.2).

Art.3 - Contributions and financial benefits

3.1 Amount of the contribution

The Erasmus mobility grants should be considered rather as a contribution to the major expenses linked to living abroad.

There are three types of contributions and economic benefits:

1. **Mobility grant** (Erasmus Grant as it is known) funded by the European Commission,¹⁷ that is calculated based on the destination country and varies among 350 and 400 euros per month for destination in Europe (including Switzerland and the United Kingdom),¹⁸ and 700 euros for destinations beyond Europe.¹⁹

To be able to benefit from the mobility grant it is necessary to sign, before departing, the Grant Agreement through the Projects and Mobility Office - Mobility Unit and comply with the points outlined in section 7.3.

2. **Additional funding to the mobility grant** funded by various sources, including: University of Padua, European Commission, the Ministry of Education, Universities and Research (MIUR) and Veneto Region. Such funding comes from time to time, based on the availability of funds and following precise rules, laid out by law and decided by the Consiglio di Amministrazione (Administration Board) of the University, based on merit (defined in the list of students for the regional study scholarship) and the ISEE/ISEU declaration. For more information and updates on the new amounts visit: <http://www.unipd.it/erasmus-studio>.

In order to benefit from these additional fundings it is necessary to:

- a. Submit the Dichiarazione Unica Sostitutiva (DSU) electronically directly to INPS or to a Centro di Assistenza Fiscale (CAF) and obtain the ISEE/ISEEU indicator (compliant) for subsidized benefits for the Diritto allo studio by **07/08/2026**.
- b. Fill in the Request for Benefits in Uniweb, available from the beginning of July,

¹⁷ Including European funds intended for students with disadvantaged socio-economic conditions

¹⁸ <https://www.unipd.it/durata-mobilita-contributi>

¹⁹ For more information: <https://www.unipd.it/en/duration-contributions-erasmus-out>

no later than **07/08/2026**. For information contact the Student Services Office, Via Portello, 25-31 - 35129 Padova - Call Centre Tel. 049 8273131, <http://www.unipd.it/diritto-studio>.

Students enrolled up to one year beyond the expected duration of the study program can benefit from additional funding. For the calculation, the first year of enrolment is considered, regardless of any changes in regulation, changes in the course of study (without having withdrawn from studies) or other cases, and the years indicated in Uniweb as “repeaters” are also included in the calculation.

Even if the cause of ‘force majeure’ is recognized, the student who does not obtain any credit then recognized by the University of Padua loses the right to additional funding.

In case of Zero Grant mobilities, additional funding is not applicable.

3. **A contribution to travel expenses** which is a unit contribution per distance range from the university of origin to the university of destination. Tables can be found at <http://www.unipd.it/erasmus-studio>.

Please note: "distance range" means the distance between the place of origin and the place of destination, while the "amount" is intended to cover travel expenses both to and from the place of destination.

To be able to receive all the planned financial contributions one must complete all the processes foreseen by the programme as mentioned in the Vademecum that will be shared with accepted students.

IMPORTANT

Third-cycle long-term KA131 mobilities are eligible, but only on a "zero grant" basis, meaning that there will be no mobility grants or other forms of financial support.

All students that successfully gain an Erasmus place must continue to pay their fees to the University of Padua even during their period of mobility and they are exempt from paying the fees of the partner university abroad (apart from some contributions for services that are sometimes required, particularly in Germany). They will continue to benefit from any study scholarships from which they benefit, as long as they are not financed with European funds.

Students that have already benefitted in the past from an Erasmus (or any of its previous programmes) period of mobility within the same cycle can benefit from the Erasmus+ grant only according to the community funds available.

In case of disciplinary measures of any kind related to mobility or related activities, the balance of the mobility grant will not be paid or the entire grant may be requested depending on the severity of the situation.

IMPORTANT

Students that do not manage to achieve **at least 12 CFU** will, as a result, be recognised as 'zero-grant' and will be asked for the reimbursement of any sums already given and will renounce to those not already issued. Furthermore, they will not be able to take part in other mobility programmes of the same type in the same course of study in subsequent academic years until the amount due have been paid.

Only the activities certified in the Transcript of Records and included in the Learning Agreement approved by both offices will be taken into consideration for the calculation of the credits, regardless of how they will be recognized upon return. Less credits will be accepted for thesis mobilities in accordance to the maximum value in credits of the thesis work in the study plan and according to the 'Proposal for the Recognition of Credits' signed the UniPD supervisor.

For students who travel abroad for internships and thesis work in which the activity undertaken does not assign credits, registered credits will be taken into consideration. Doctorate students are exempt from this rule.

To be eligible for the additional funding, at least 3 credits must be recognized in the study plan. If the non-compliance with this rule is discovered at any time, the full reimbursement of the additional funding may be requested.

3.2 Erasmus+ Grant payments and additional funding

Given the legislation (D.L. 06/12/2011, n. 201, art. 12) concerning the traceability of any payments from public administration, it is **ONLY** possible to receive the Erasmus mobility grant through an Italian current bank account or post account or part of the SEPA circuit, therefore including prepaid cards, for which the student must be the named account holder/co-holder.

The details of the account must be provided in the appropriate section of Uniweb, before signing the Grant Agreement. Students who want to receive the mobility contributions on the multi-functional badge, may activate their Flash UP for studies. All information is

available in the section “Flash UP for studies” on the page www.unipd.it/cartaflash.

The payment of the grant generally takes place in two stages: the first about two months after the upload of the certificate of arrival, the upload of the signed *Learning Agreement Before the Mobility*²⁰ by the partner university, and the completion of the moodle course ‘*Ready-to-Mobile*’²¹; the second arrives after the end of the Erasmus period and only after the verification of the correct and complete sending of the end of mobility documents, and after the recognition of the activities undertaken during mobility.

IMPORTANT

Even if the expected period is calculated in months, the loan will instead be calculated in days using the commercial year of 360 days; therefore each month, regardless of its duration, will be considered 30 days. For possible calculation examples, refer to the specific page of the site: <http://www.unipd.it/erasmus-studio>

Additional funding will be paid by the Projects and Mobility Office - Mobility Unit to students who submitted the ISEE/ISEU declaration or the application for the regional scholarship by 7th August 2026, based on the conditions listed in art. 3.1. In case of reserve place students after 7th August 2026, as well as in the case of students selected under the third call, the ISEE submitted to receive the UniPD standard benefits will be taken into account.

The amounts will be paid in two parts:

- a. The first, equal to around half of the total amount, calculated according to the duration outlined in the Grant Agreement (paid at the start of the mobility, once having uploaded the start-of-mobility documents);
- b. The second, paid only after the recognition on Uniweb of the activities carried out abroad.

All payments will take place only after the verification of financial security and up until the

IMPORTANT

Failure to repay sums already paid, to which the participant is no longer entitled due to lack of credits or reduction of the mobility period, will result in the suspension of the career and the consequent impossibility of obtaining the degree, as established by the Regolamento delle Carriere delle Studentesse e degli Studenti (DR2125 of 25 June 2020, modified with DR3680 on 30 September 2024).

²⁰ The Learning Agreement Before mobility refers to the first version of the Learning Agreement as provided for in Article 7.2. Further information is available on the website at: <https://www.unipd.it/compilazione-consegna-learning-agreement>.

²¹ Ready-to-Mobile is the preparatory course for mobility available on the Moodle platform. For further information, please visit: <https://www.unipd.it/prima-partire-lerasmus>.

available funds are exhausted.

Art. 4 – Applying for Erasmus+ for studies

Students that want to apply for an Erasmus+ for studies place must submit the application exclusively via Uniweb FROM 4 DECEMBER 2025 AND NO LATER THAN 1.00 PM ON 15 JANUARY 2026.

With the application one must attach, only in PDF form, the following documents:

1. **Proposal of activities** to carry out abroad (MANDATORY attachment), using the form available on the website: <http://www.unipd.it/erasmus-studio>;
NB: Acceptance of the application does not bind either the student or the University with regard to the courses offered by the partner institution contained in the proposal.
2. **Certificates of linguistic knowledge or self-certification**, where accepted by UniPD and the partner institution (see selection criteria and destination portal), attesting the mark of the language exam taken in an institution other than the University of Padua (mandatory for University destinations);
3. **Self-certification** attesting the mark and name of any exam taken in a foreign institution.
4. Any other mandatory attachments required by the School's selection criteria and/or indicated in the destination platform sheets.

After the confirmation of the application an email will be sent to the student's university email address (name.surname@studenti.unipd.it), to notify them that the application has been correctly received.

Students enrolled in the third year of a bachelor's degree programme must indicate in the form attached to the application on Uniweb whether the mobility will be carried out during the first cycle of studies or if they intend to enrol in a master's degree programme.

For students enrolled in a bachelor's degree that have direct access to a master's degree through a School different from that of their bachelor's course who want to depart with an exchange with the Master's course may submit an application by requesting the form directly to the Projects and Mobility Office, by writing to the following email address: domanda.erasmus@unipd.it.

Detailed instructions on the procedure to follow on Uniweb are available at the following link: <http://www.unipd.it/en/erasmus-studies-out%20%3E%20Applying%20to%20Erasmus>).

On Uniweb, the University destinations, including the Arqus opportunities, will appear separately under the heading “Erasmus+ Destinazioni di Ateneo). Arqus places, unlike other University destinations, will be divided by School, so students must select the correct opportunity based on their School of Affiliation (for example: ARQUS - National University of Ireland Maynooth, - 0313 Psychology - DADDA Marco - first cycle - School of Psychology).

Students can apply to both University and School/Department destinations, but can only carry out one mobility.

For all the initial phases of the application on Uniweb, the helpdesk service is available (during working days and hours, Monday-Friday from 9 to 15): domanda.erasmus@unipd.it

Any request for cancellation of the application will be accepted only if received at the email address domanda.erasmus@unipd.it no later than 12 January 2026.

Art. 5 – Selection criteria

General criteria for the formulation of lists of successful students and assignment of places: academic performance, language knowledge, motivational aspects and coherence with the course of study.

The merit assessment is based on credits acquired and recorded by 30/11/2025 for the first call and by 09/04/2026 for the second call unless indicated otherwise by the School or Department;

The **selection criteria defined by Schools and Departments** are an integral part of the Call and are published on the site: <https://www.unipd.it/en/erasmus-studies-out>.

University selection criteria applied for Arqus mobilities or other University general agreements will be published on the same page.

Art. 6 – List of successful students

6.1 First Call

The lists of successful students relative to all destinations (both University and Schools/Departments destinations) will be published **from 16th February 2026 EXCLUSIVELY** on the webpage: <https://www.unipd.it/en/erasmus-studies-out>. These are the only means of publication. There will not be any personal written or telephone communications to notify students.

Students selected for multiple Erasmus+ mobility places will therefore be able to choose which one they accept from 16 February until 13PM ON 19 FEBRUARY 2026, exclusively throughout the online procedure on Uniweb. After the acceptance of the place, an automatic confirmation email will be sent to the students' institutional email address (name.surname@studenti.unipd.it).

Students can be selected for multiple Erasmus+ destinations, but can accept **only one mobility** programme per academic year. In the event of multiple erroneous acceptances, the University's selection will be upheld.

Selected students who do not accept the mobility place will be considered "WITHDRAWN" and the place will be assigned to the first student on the ranking list or re-assigned in the second call. They will not be able to apply to subsequent calls.

Places available due to non-acceptance by the winners of the first call will be awarded to students in a useful position in the ranking. The same procedures apply to reserve place students. Reserve place students, whether or not they accept the mobility place, lose their eligibility in other rankings of the same call (Erasmus+ study 2026/2027).

Date of departure: at the time of accepting the place a provisional date of departure will be required, which should indicate the start of the mobility. It should be decided based on the academic calendar of the university abroad (start of courses, 'welcome week' etc.). The indicated date will be considered the official date of departure, and it is based on this date that the Mobility Unit Desks within Schools/Departments will send the 'nomination' to the institution abroad. Such date can be confirmed or modified when signing the Grant Agreement. If the starting date of the mobility indicated during acceptance is not compatible with the Erasmus year (01/07 - 30/09), the date of 01/09 will be indicated automatically.

Any student that moves their departure from the first semester to the second must take the

IMPORTANT

In the event that the place is not accepted within the outlined dates, the students will automatically be considered 'WITHDRAWN' and the place will be assigned to the student in the next position of the list or it will be put into the second call.

Students who have been awarded a mobility place, regardless of whether they have accepted it or not, will not be able to apply in the second call and will no longer be able to take part in the Erasmus+ study programme for the academic year 2026/27.

relevant step in the Mobility Online platform, which is the software used by the University of Padova for international mobility management. Students must also inform their Academic Coordinator and the hosting institution.

Once the start date is moved to the second semester, it is NOT possible to bring forward a departure to the first semester.

The rankings will be suspended from 09/04/2026 (deadline of the second call) to 21/05/2026 (deadline of the second call). No vacant places may be proposed to the first call's eligible students during this period. The scrolling of the ranking will regularly resume at a later date.

6.2 Replacements

Places that become available due to non-acceptance by successful applicants will be allocated to students who are next on the ranking list.

After the **2nd March 2026**, the list of vacant places remaining after the first call will be published on the website www.unipd.it/erasmus-studio. These are the only means of publication. There will not be any personal written or telephone communications to notify students.

Replacement students must declare their acceptance of the mobility place from the 2nd of March and **no later than 1pm on the 5th of March**, exclusively via the online procedure provided in Uniweb. After the acceptance of the place, an automatic confirmation email will be sent to the students' institutional email address (name.surname@studenti.unipd.it).

In the event of non-acceptance within the established dates and times, students will automatically be considered as "WITHDRAWN".

For replacement students, the same rules outlined in the section 'Rankings and acceptance' apply.

The rankings are considered valid for filling any vacancies left by winners who withdraw until the 1st of October 2026.

6.3 Second Call

On 23 March 2026, the destination platform will be updated with the places remaining vacant after the acceptance and replacement phases of the first call, which will mainly be available

for mobility during the second semester (www.unipd.it/mobility-agreements).

Students interested in applying for the second call are subject to the same rules and procedures as described above.

Both eligible and ineligible students from the first call may apply for the second call. However, this will not be possible for selected students, regardless of whether they accepted, declined or withdrew from the place.

For places made available in the second call, departure in the first semester is not possible for many destinations. The destination portal will indicate which destinations are not available for mobility in the first semester for those selected in the second call.

The application must be submitted in Uniweb following the same procedures as for the first call, accessing the vacant places sections.

During the application and acceptance phase in Uniweb, on working days and hours (Monday to Friday from 9 am to 3 pm), a helpdesk service is available: domanda.erasmus@unipd.it

The lists of successful students relative to all destinations (both University and Schools/Departments destinations) will be published **from the 7th of May 2026** EXCLUSIVELY on the webpage: <https://www.unipd.it/en/erasmus-studies-out>.

These are the only means of publication. There will not be any personal written or telephone communications to notify students.

Selected students must declare their acceptance of the mobility place from the 7th of May and **NO LATER THAN 1 PM ON THE 12TH OF MAY 2026**, using the online procedure provided on Uniweb. After accepting the place, a confirmation email will be automatically sent to the student's institutional email address (name.surname@studenti.unipd.it).

Students can be selected for multiple Erasmus+ destinations, but can accept only one mobility programme per academic year. In the event of multiple erroneous acceptances, the University's selection will be upheld.

Selected students who do not accept the mobility place will be considered "WITHDRAWN" and the place will be assigned to the first student on the ranking list or re-assigned in the second call.

Replacement students must declare their acceptance of the mobility place from the 18TH OF MAY and no later than **1PM ON THE 21ST OF MAY**, exclusively via the online procedure provided in Uniweb. After the acceptance of the place, an automatic confirmation email will be sent to the students' institutional email address (name.surname@studenti.unipd.it).

The lists of successful students are considered valid to cover any remaining places that are renounced by initially successful students up until 01/10/2026. According to the list of successful students, the available places will be assigned to the next student in line. Email notifications will be sent to the reserve students' email address only (name.surname@studenti.unipd.it).

IMPORTANT

In the event that the place is not accepted within the deadlines given, the student will be considered 'renouncing' and the place will be assigned to the next student in line on the list or remain unassigned.

The Mobility Desks will organize Q&A sessions and provide support in completing the Learning Agreement (see the dedicated webpage: <https://www.unipd.it/en/erasmus-studies-out>).

6.4 Declining the place

Students that decide to renounce their Erasmus mobility after the stages of accepting places and nominations to the universities abroad must use the online procedure available on the Mobility Online portal ('Withdrawal' section) by 1st September 2026, to allow the scrolling of the lists of successful students.

Withdrawing students are also asked to notify:

- the Projects and Mobility Office - Mobility Unit, through [Mobility Online](#);
- the Programme Coordinator or the person responsible for internationalisation or a delegate, signatories to the Learning Agreements, via email;
- the foreign University, via email, if already formally nominated by the Projects & Mobility Office.

The possibility to renounce the mobility will not be available between 18 March and 21 May 2026 (deadline for accepting replacements - second call). The withdrawal form will reopen as normal at a later date.

In the event of withdrawal after departure, if a minimum period of two months have not been completed, any sums already received must be refunded. In this case, the student may

reapply in subsequent academic years.

IMPORTANT

Students that renounce their place will no longer be able to take part in the Erasmus+ for studies programme for the 2026/27 academic year.

Selected students who do not complete their mobility within the specified time frame and do not submit an official request for withdrawal will be automatically declared as having withdrawn.

NB: Please remember that **renouncing a mobility place without adequate and timely notification** (see above) **causes serious damage to the University**. Therefore, all successful students are required to promptly inform the Mobility Unit if they intend to renounce the mobility assigned to them.

6.5 Third call

Only for the Department of Pharmaceutical and Pharmacological Sciences a third call will open **from 2nd to 16th September 2026** and it will follow the calendar set out in the following call. It will be possible to apply only for destinations that have remained vacant and whose registration terms are still valid. The mobility will have to be carried out strictly in the second semester and only for thesis research.

To receive the additions to the mobility grant, students must obtain the ISEE/ISEEU indicator (compliant) within the deadlines set by the University for the calculation of fees and other economic benefits (September 30, unless indicated otherwise, which will be communicated). Merit will be calculated as of 26/07/2026.

Art. 7 – Procedures for successful students

The procedures for successful students could undergo various changes from those outlined in this Call, based on the new procedures implemented by the European Commission and/or the National Erasmus+ Agency.

All the steps that the selected students will have to take to realize the mobility are explained in detail in the Vademecum and on the website (<http://www.unipd.it/erasmus-studio>). Students can also find support in the FAQ portal: <https://web.unipd.it/international/it/faq-mobility/>.

All selected students must complete the *Ready-to-Mobile* course available on the Moodle

page of the International Relations area. Successful completion of the course is a prerequisite for starting mobility. The moodle course provides all the information needed for the realization of the mobility (and is a substitute for the meetings for successful students); students are invited to complete it as soon as possible after the allocation of the place. The completion certificate must be uploaded to Mobility Online together with the start of mobility documents. If the course is not completed, the grant will not be awarded.

Participants who fail to comply with the indications and deadlines published on the pages indicated or communicated by the Mobility Unit may lose the opportunity of mobility abroad.

Participants are reminded to constantly check their institutional email address to which information and further instructions for the implementation of mobility will be sent as soon as available.

DID YOU KNOW?

Partner universities can only accept students officially selected by their home university. Therefore, only after the acceptance phase of the mobility place, Mobility Desks will share with partner universities the names and contact details of the selected students according to the deadlines and modalities provided by the foreign universities (this phase is called nomination phase).

7.1 Registering at the university abroad (application form)

It is the selected student's responsibility to check the website of the foreign host university and collect all the information regarding the deadlines and the Application procedures (registration at the foreign institution as an Erasmus student).

It is necessary to fill out and send the forms abroad: pay close attention to the deadlines set out by the partner university. In the event that the deadlines or language requisites are not abided by, the university has the right to refuse a student.

It is always the responsibility of the successful student to inquire well in advance about entry visa dispositions in the destination country by contacting the relevant embassies. Visa paperwork will be required for European citizens in mobility to non-European countries and for all non-European citizens in mobility (unless otherwise stipulated by the countries concerned).

IMPORTANT

Implementation of mobility is always subject to acceptance by the partner institution. Acceptance is not guaranteed and is subject to the rules of the foreign institution.

7.2 Learning Agreement: compilation in Uniweb

In accordance with community regulations, ALL Erasmus students must prepare, before the departure, the Learning Agreement which indicates both the activities that will be carried out abroad (Table A) as well as those carried out in Padua (Table B). The LA must be approved both by capable academic authorities and by the University abroad.

The possibility to fill in the Learning Agreement in Uniweb will open at a specific date that will be communicated to the selected students. All successful students, after having accepted their place, must submit the Learning Agreement on Uniweb:

- **By 15th June 2026** for students departing in the first semester
- **By 15th October 2026** for students departing in the second semester

Students that are going abroad to complete thesis activities or doctorate work must attach to their Learning Agreement on Uniweb a signed letter from their supervisor in Padova or tutor of their doctorate course, in which their supervisor/tutor abroad must also be named. In the absence of such a document, the Learning Agreement, even if approved, will not be considered valid.

For instructions on how to fill out the form, on the documentation to be attached and on the procedures for approving and sending the Learning Agreement signed by the foreign institution, please refer to the section "Learning Agreement" on the following page: <http://www.unipd.it/en/erasmus-studies-out>

All versions of the Learning Agreement must be approved by both institutions and submitted to the Projects and Mobility Office - Mobility Unit as indicated.

As per the Erasmus+ programme, students will be involved in the exchange of the Digital Learning Agreement (DLA) with partners who are active in the Erasmus without Paper network (EWP).

Learning Agreements that do not follow the rules of the Call, even if approved, will be cancelled automatically.

7.3 Linguistic knowledge: OLS

All selected students are strongly encouraged to take an online level test (Placement Test in the EU Academy platform) provided by the European Commission and available for the main European languages.

7.4 Erasmus+ Grant Agreement

Before the departure students must sign digitally the Erasmus Grant Agreement under the conditions indicated by the Projects and Mobility Office - Mobility Unit.

In the absence of a correctly signed contract, mobility periods will not be recognised eligible. Under no circumstance is it possible to sign the contract after the start of the mobility period.

It is not possible to sign the grant Agreement if the Learning Agreement has not been approved in Uniweb and the student is not up to date with the payment of university fees.

Students enrolled in a bachelor's degree that expect to graduate before the Erasmus departure date, to spend the first part of the first year of their master's degree, can depart only after the formal enrolment in the master's degree.

Students enrolled in the academic year 2025/2026 in the first year of a bachelor's degree, or single-cycle Master's degree can sign the Grant Agreement only if they have at least 40 credits registered on Uniweb and have successfully passed the OFA. Mobility can only take place from the second year of enrolment.

Students enrolled in the a.y. 2025/2026 in the first year of a Master's Degree who will carry out their mobility in the second or later years must have at least 30 credits registered in Uniweb before signing the Grant Agreement.

Students who have pending reimbursements with the Projects and Mobility Office (or other offices) for previous mobility grants cannot leave for a subsequent mobility. Failure to repay sums already paid to which the participant is no longer entitled due to a lack of credits or a reduction in the mobility period will result in the impossibility of obtaining the qualification.²²

7.5 Healthcare and insurance

For health insurance cover during the mobility in countries outside of the EU, Iceland, Liechtenstein, Norway it is generally sufficient to bring with you your EHIC card, issued by

²² As per the Regulations Governing Student Careers (Decree No. 2125 of 25 June 2020, amended by Decree No. 3680 of 30 September 2024).

the Ministry of Health²³.

Non-EU students registered to the SSN (National Health System) cannot use the EHIC in Iceland, Norway and Liechtenstein according to EC 859/2003. Students should in every case contact their Ulss/ASL. Non-EU citizen students who are not registered with the SSN must have appropriate health insurance coverage.

For health insurance coverage during the stay abroad in countries outside of the European Union, the European Health Insurance Card (EHIC) issued by the Ministry of Health is not sufficient. It is therefore necessary to ALWAYS take out private insurance. In addition, to travel to the United Kingdom, an additional fee is required to access the health service.

The university fees paid to the University of Padova also include insurance coverage for accidents and third-party liability insurance, which is also valid for those who travel abroad. For more information on insurance coverage abroad, please visit the university's website: <https://www.unipd.it/en/healthcare>.

The abovementioned insurance regards only accidents that occur during educational activities and/or those of internship work. It is therefore advisable to take out a private insurance which covers accidents unrelated to study activities, after verifying that there is no overlap with existing coverage.

University policies do not cover claims related to medical practice or healthcare systems. Therefore, students of medical areas will be responsible for finding ad hoc insurance on their own.

Finally, it is advisable to take out a travel policy before departure.

7.6 Start of mobility documents

Within 7 days of the arrival at the foreign university, the following documents must be delivered in the manner indicated:

- *Attendance certificate* certifying the date of arrival;
- Learning Agreement Before the mobility, countersigned also by the foreign university.
- Completion certificate of the '*Ready-to-Mobile*' Moodle course

In case of delays in the delivery of the *Attendance Certificate*:

- For delays from 8 to 30 days: there will be no penalty, but payment of the mobility

²³ Some European universities may require compulsory insurance or private insurance

grant will not be guaranteed on time.

- For delays longer than 30 days: the mobility grant will be cancelled and will be considered a zero grant.

7.7 End of mobility documents

At the end of the mobility period, the following documents must be handed in, according to the procedures indicated:

1. Original **Attendance Certificate**, the official declaration issued by the university abroad attesting the exact dates (day/month/year) of the start and end of the Erasmus mobility (N.B. the date of issue must not be more than 7 days prior to the end of mobility date). Students should remember that failure to submit these documents of mobility will result in cancellation of the Erasmus status and the complete reimbursement of the Erasmus Grant and any additional funding already received.
2. Last **countersigned Learning Agreement**: must contain all activities that will be present in the ToR as passed; must be approved in Uniweb by the docent in charge and countersigned by the University Partners. Modification is not required in case it presents non-passed activities. The recognition of activities that are not present in the Learning Agreement countersigned by the Partners is not possible.
3. Original **Transcript of Records**, which is the certificate attesting the exams (with a successful result) taken abroad; in the event that the student carried out thesis work of the bachelor's degree/master's degree/single cycle degree/PhD cycle, the Transcript of Records can be substituted by a 'Short evaluation report for thesis work', meaning a letter on headed paper, signed and stamped by the supervisor abroad who has followed the student, naming the activities carried out and any credits gained (the fac-simile is available for download on the site: <http://www.unipd.it/en/erasmus-studies-out>). All students who have carried out thesis research activities must submit the credit recognition proposal completed and signed by the Italian supervisor. Any internship carried out alongside the exams and/or the thesis research, if NOT mentioned in the Transcript of Records, must be certified by adequate, official documentation, issued by the host university. Students should remember that with any internship work, study activities must also be attested, otherwise the mobility will not be considered eligible for funding and therefore, in addition to having to return the mobility grant, the student will not be able to obtain recognition of the credits earned. The Transcript of Records can be sent digitally from the host institution to erasmus@unipd.it, mailed by the host institution to the Projects and Mobility Office, or delivered in original by the student.

Other than the documentation indicated, the student is required to complete the online questionnaire (EU SURVEY) prepared by the European Commission and upload the resulting pdf in your account in Mobility Online.

Once the activities are recognised on Uniweb, the balance of any additional funding will be paid. Failure to complete the recognition process within the deadlines will lead to the complete reimbursement of any funds already paid.

Art. 8 – Recognition of activities carried out abroad

Only after the Projects and Mobility Office - Mobility Unit has received all of the end-of mobility-documents indicated in section 7.6, will the student be able to register the activities carried out abroad.

For the procedure for recognising activities abroad, one should consult the pages of Mobility Unit Desks within Schools/Departments, available on the site:

<http://www.unipd.it/en/erasmus-studies-out>.

The student is responsible for providing the documentation in time to meet the deadlines for registration for scholarships, housing competitions and/or graduation appeals.

The University is in no way responsible for the timing of the issue of the Transcript of Records by the partner universities. It should be noted that in some countries the documents are issued long after the end of the mobility (for example, for the UK in November).

Even if the TOR is available, credits earned during the mobility of the first semester will only be recognized after 01/03, except in case of upcoming graduation sessions.

Single modules of not passed foreign teaching courses cannot in any way be recognised.

Furthermore, only credits earned at the foreign university for which the student was selected (and not at other universities) will be recognised, even if agreements exist between the foreign institutions.

The conversion of foreign grades will be carried out in compliance with the ECTS scale if in the presence of a Transcript of Records showing this information or, where missing, on the basis of the generic University table, as per the resolution of the Academic Senate of 15/12/2020.

Students who do not take the necessary actions for the recognition procedure by 31/12/2027 implicitly and definitively renounce to the recognition of credits acquired during the mobility and consequently to any additional funding the mobility grant. This recognition will be based on the last approved Learning Agreement or by recording the credits earned during mobility as excess credits. In these cases, it will not be possible to request subsequent changes or additions to the scholarship.

IMPORTANT

The registration of the thesis work activity at the end of the mobility period is also mandatory.

The activities that can be recognized are only those present in the Learning Agreement approved on Uniweb and signed by the foreign institution.

Art. 9 – Deadlines calendar

For all deadlines, refer to the calendar published on the page:
<http://www.unipd.it/en/erasmus-studies-out>.

Art. 10 - Contacts and information

For all communications addressed to candidates and winners of exchange places, only the institutional email address will be used, i.e. name.surname@studenti.unipd.it.

This call is managed and coordinated by the Projects and Mobility Office- Mobility Area,
 Via Lungargine del Piovego 1 - 35129 Padova

- Email: erasmus@unipd.it
- Phone number.: +39 049 827 5033
- Telegram: <https://t.me/internationalmobilityUNIPD>
- Contacts: <https://www.unipd.it/contatti-erasmus-out>

A buddy service to ask general questions and for assistance in choosing the destination is available: mobility.buddyout@unipd.it

Art 11 – Processing of personal data

The University of Padua processes the personal data of the interested parties in compliance with the principles of correctness, lawfulness, transparency and minimization, for the protection of privacy and all the rights of the interested parties, according to the provisions

of the European Regulation on the protection of personal data (EU Regulation 2016/679, so-called GDPR), by the Code regarding the protection of personal data (legislative decree 196/2003 and subsequent amendments) and by the consequent implementing measures adopted by the European authorities and by the Guarantor for the protection of personal data (www.garanteprivacy.it).

Art. 12 – Final Provisions

Please be reminded that:

1. The contents of this call are to be considered indicative and may be subject to change following new rules by the European Commission an/or Erasmus+ National Agency.
2. All activities and related funding provided by this call are also subject to the signing of the financial agreement Erasmus+ - mobility for studies - KA131 - year 2025 and 2026 and of the financial agreements Erasmus+ - mobility for studies KA171 between the Erasmus+ National Agency Indire and the University of Padua, therefore the publication of this Call is intended as conditional.

Another integral part of the call is all the detailed information given for each Department or School and for the partner universities, available in the section Mobility Unit Desks at your School/Department, on the webpage: <http://www.unipd.it/en/erasmus-studies-out>

The Responsible persone of the Administrative Procedure is Dr. Alessandra Gallerano, Head of the Projects & Mobility Office.

Candidates can exercise their right of access to the records of the competition proceedings as provided for by current law. The request must be sent to the Projects and Mobility Office, University of Padua, Via Lungargine del Piovego 1 - 35129 Padua, by filling in the appropriate form to be requested to the Office itself.

Padova, registration date

The Rector Daniela Mapelli

*digitally signed in accordance with
legislative decree 82/2005*
