

Short Specialisation degrees 2019/2020 – University of Padova

Forensic Psychopathology and Neuropsychology

Professional outlets: Master trains professionals to be able to play the roles of expert and Consultant, both in civil and criminal matters. The psychologists can use correct scientific methods in all contexts in which they are involved as well as able to follow the various stages of process, collaborating and assisting the lawyer in the preparation and management of the process.

For graduates in law, the master can learn how best to use experts in the activity as well as how to integrate the notions of legal forensic psychology. It forms also Lawyers experts in forensic psychology.

The psychologist, using the master, increasing its original skills acquiring specific operating capacity in an area far away from the typical training
