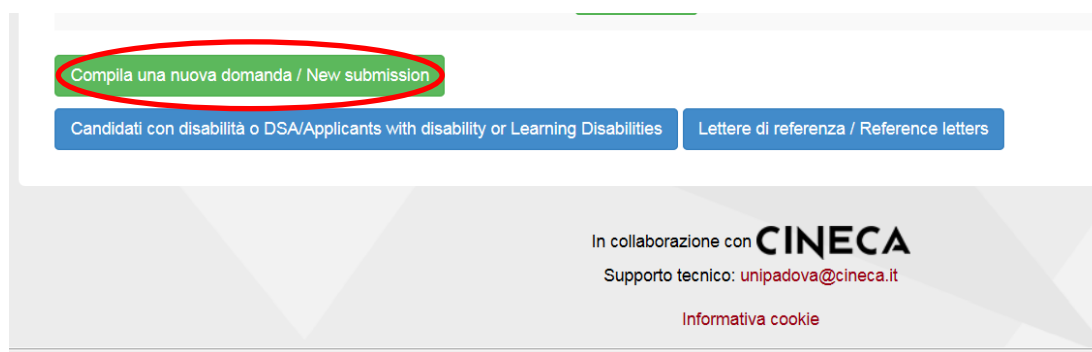

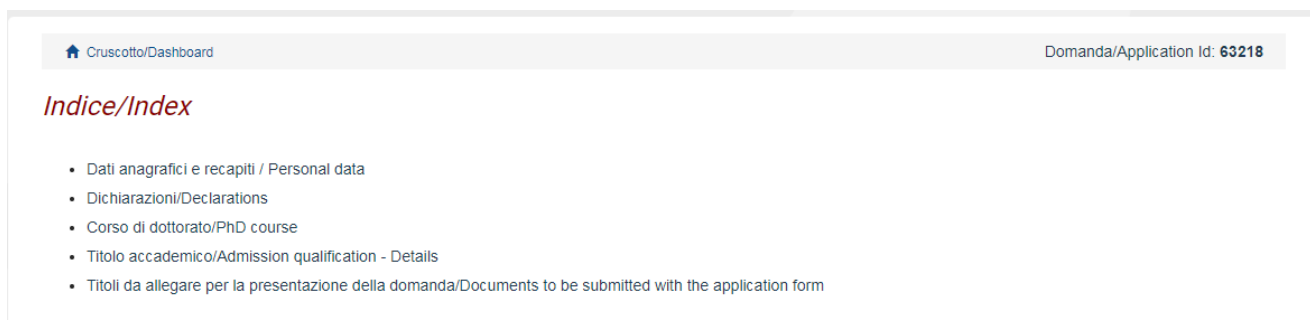

Fig. 5 – Application Sections

The first section is Personal Data. The data have partially been transferred from the registration procedure. There are some more data to be filled in (fig. 6). In case there are mistakes in the personal data applicants can modify them by clicking on the top right button (User Profile)

WATCH OUT: after filling in you always need to click on the button "SAVE AND PROCEED".

If the data have been correctly filled in you will directly go to the next section. Otherwise error messages will display and you will have to correct the data (fig. 6).

Fig. 6 – PERSONAL DATA SECTION

The screenshot shows the 'PERSONAL DATA SECTION' of the application system. At the top, there is a navigation bar with 'Cruscotto/Dashboard | Indice/Index', 'Pagina/Page 1/5', and 'Domanda/Application Id: 63263'. A 'Successiva/Next' button is located in the top right corner. Below the navigation bar, the section title 'Dati anagrafici e recapiti / Personal data' is displayed. A yellow warning box contains the text: 'ATTENZIONE: I dati inseriti sono stati salvati ma sono presenti delle segnalazioni / Notice: your data have been saved, but some warnings are still present'. Below the warning box, the section title 'DATI ANAGRAFICI/PERSONAL DATA' is underlined.

In the Section DECLARATIONS you must read a list of declarations and upload an identity document (Identity card, Passport or Driving licence).

In the following section applicants must choose the PhD Course (fig. 7), the order of the curricula (if any), the places, and the scholarships with priority research topic (if any) they want to apply for.

WATCH OUT: PhD courses in ECONOMICS AND MANAGEMENT and MOLECULAR SCIENCES have different selection procedures according to the curriculum. For these two courses, in the online application candidates will be asked to select which curriculum they wish to apply for and, depending on the choice made, the places available.

If specified in the PhD table applicants will also see scholarships reserved to applicants with foreign qualifications. Eligible applicants can specify their interest to apply for such scholarships. If these scholarships are awarded via separate rankings, eligible applicants must choose if they want to apply for this particular kind of scholarships or for the other places/scholarships available.

If specified in the call applicants will also see the Higher-level apprenticeship contracts potentially available. Under these contracts PhD students are employed by a company with a 3 year contract in order to develop the research topic specified. In order to apply for these contracts it is necessary to give the consent to the treatment of your data, so that such data can be communicated to the companies for possible interviews.

Some PhD courses have places reserved for candidates with Chinese citizenship who graduated from Guangzhou University (PRC). Candidates holding these requirements can apply for this kind of places, which however are exclusive: applying for them implies that the candidate cannot compete for any other type of places. Moreover, depending on the chosen PhD course, applicants may find other questions/fields linked to the selection procedure.
