1) LEARNING AGREEMENT TEMPLATE

If your Home University does not provide you with a template for the LA, you can download the European version from our website:

https://www.unipd.it/en/exchange-students/erasmus-studies/your-arrival-erasmus-studies
(see STEP 2)

Using this template is not mandatory, we will accept your Home University template as long as it has a section for the signature of the Receiving Institution.

We also accept students’ LA signed by the Sending Institutions through OLA Dashboard. In this case, students must download the Learning Agreement signed by the Home University from OLA Dashboard and upload it in our Application Form on Uniweb.

2) HOW TO FILL IN THE LEARNING AGREEMENT

The Learning Agreement has 2 different sections, to be used in 2 different moments of your Erasmus mobility:

1 LA Before the mobility

As the name says, you should use this section BEFORE the beginning of your Erasmus. List here the courses you want to attend at Unipd (Table A) and the courses at your Home University that will be replaced (Table B). This is how to proceed:

- Browse the course catalogue and choose your courses
- Fill in the LA Before the mobility, Table A and B
- Sign it yourself and get the signature from your coordinator at your Home University
- Upload the signed LA in pdf format on our Application form in Uniweb (DO NOT send your LA directly to the Erasmus Academic Coordinator at Unipd for approval)
- We will check the LA and send it back to you and your Home University by e-mail, duly signed and stamped by the Academic Coordinator at Unipd

2 LA During the mobility

If you change your mind about the courses you chose, or if the lectures timetable overlaps, you can change the LA During the mobility. Find here the template and the instructions:

https://www.unipd.it/en/exchange-students/erasmus-studies-incoming/during-your-stay-erasmus-studies
In Unipd’s template of the “Learning Agreement - Before the Mobility” a yellow arrow indicates the sections you need to fill in:

### Commitment

By signing this document, the student, the Sending Institution and the Receiving Institution confirm that they approve the Learning Agreement and that they will comply with all the arrangements agreed by all parties. Sending and Receiving Institutions undertake to apply all the principles of the Erasmus Charter for Higher Education relating to mobility for studies (or the principles agreed in the inter-institutional agreement for institutions located in Partner Countries). The Sending Institution and the student should also commit to what is set out in the Erasmus grant agreement. The Receiving Institution confirms that the educational components listed in Table A are in line with the course catalogue and should be identified to the student. The Sending Institution consents to recognize all the credits gained at the Receiving Institution for the successfully completed educational components and to count them towards the student’s degree as described in Table B. Any exceptions to this are documented in an annex of this Learning Agreement and agreed by all parties. The student and the Receiving Institution will communicate to the Sending Institution any problems or changes regarding the study programme, responsible persons and/or study period.

6. **SIGNATURES**: the Learning Agreement you will upload in the Application form on Uniweb must be signed by you and the Responsible person at your Home University (Sending institution), otherwise it will not be accepted. The LA doesn't have to be signed by the Erasmus Coordinator at Unipd: they will sign it once the application procedure is completed and you will receive via email the approved LA.

PLEASE, CANCEL THE YELLOW ARROWS WHEN YOU’RE DONE!
3) HOW TO BROWSE THE COURSE CATALOGUE

The official catalogue for the new academic year is usually published in May/June. At the time of publication, the catalogue is not exhaustive, the complete list of course units will be available only a few weeks later and the details of the courses may be updated until classes start. If the new catalogue is not available yet, you can refer to the information for the current academic year. We strongly suggest that you check again the courses you chose before the start of the semester.

Exchange students can choose almost all course units offered at Unipd. Please be aware that there might be restrictions on some courses (refer to the “RESTRICTIONS” section of this guide to see specific conditions for each School/Department).

The full academic offer of the University of Padua is available at the following links:

**You won’t find in the course catalogue** the Italian language course offered by our Language Centre, CLA – Centro Linguistico di Ateneo, which all exchange students can attend.

The course is **free of charge and it’s 3 ECTS worth**. It can be **added to your LA** as “Italian Language Lab – L2” and it does not have any code.

Classes start in October (first semester) and in March (second semester). The registration period opens around 2 weeks before the language courses start.

**4) HOW TO CHOOSE YOUR COURSE UNITS**

**NON AVAILABLE COURSES:**

Exchange students can choose almost all course units offered at Unipd, but there are a few courses that **Erasmus students cannot attend**.

---

**Course unit for Erasmus students** The course unit CANNOT be attended by Erasmus+ or other exchange students

---

Do not forget to check BOTH the “Information on the course unit” section in course unit’s info page of the course catalogue (see the example above) AND the “RESTRICTIONS” section of this guide for further information about the course units you can attend in each School/Department and for additional conditions/requirements (the course catalogue may not report all the restrictions!).

Exchange students are allowed to select also course units offered by Schools/Departments other than the one they are assigned to, but they should read the information provided in this guide by all the Schools/Departments involved in their choice.
5) GENERAL RESTRICTIONS

You will find below crucial information on course units with restricted access which is valid for all Schools/Departments.

1. BACHELOR or MASTER LEVEL COURSES: We strongly advise Bachelor students to attend Bachelor level courses only. Master students can choose courses from both levels if needed and if allowed by their Home universities. Master’s courses may have restricted access for Master level students only, so carefully read the Restrictions section for the School/Department. Most course units held in English are taught at Master level.

2. CORSI INTEGRATI/INTEGRATED COURSE UNITS: Check carefully the course unit info page to see if the course you chose is a “corso integrato”. The courses are structured in two or more “modules” and in order to get any credits passing all the modules is compulsory.

You should not attend just one module of a “corso integrato”: even if you pass the corresponding examination, the grade and the credits will not be registered in your booklet and will not appear in your final Transcript of Records.

You can identify a “corso integrato” by checking the course unit name, which includes the acronym "(C.I.)", while each module’s name is identified by “(MOD A/B/C)”

>>> ONLY EXCEPTIONS: School of Agriculture and Veterinary Medicine and School of Medicine, please see the relevant sections of this guide.

See an example below:

LIST OF COURSE UNITS IN A DEGREE PROGRAMME INFO PAGE:
SPECIAL CONDITIONS FOR EACH SCHOOL/DEPARTMENT

In addition to the general restrictions mentioned above, **each School/Department might have its special conditions**, which may not be all mentioned in the course catalogue. Therefore, we suggest that you read carefully the relevant section of this guide, according to the area of your studies.

If you are interested in courses offered by a School/Department other than the one you are assigned to, please read the information provided below by the relevant School/Department before selecting the course.

If you need support about academic issues, you can contact the relevant Erasmus desks at each School/Department:  [https://www.unipd.it/en/desks-and-contacts](https://www.unipd.it/en/desks-and-contacts)
At the School of Agriculture and Veterinary Medicine, modules of “corsi integrati/integrated course units” can be attended separately. However, the grades and credits of such modules will not be registered in the booklet. Therefore, the student should ask the professor for the release of a certificate attesting the passed module/s.

1) Master’s degree programme in Italian Food and Wine (AV2190):
   The following course units have restricted places for Erasmus students. Students must send the Transcript of Records to the responsible professor at the time of drafting their LA, before the approval by the Home University:

   - AVP5070079, Quality, processing and sensorial analysis of Italian food (8 ECTS)

   - AVP7078737 Joint field module (4 ECTS) of the Master’s degree programme AV2091 Forest Science

4) Additional Information:
   - Check if course units have a grade (courses for 3 or 4 credits). If not, you need to ask a grade separately to the professor
   - Course units in Master’s degree programmes are available for advanced Bachelor students if they have a good English language proficiency (B2 minimum)
   - Check the location (“branch”) of the course unit, we have campuses in Legnaro (main Campus), Vicenza and Conegliano
DEPARTMENT OF ECONOMICS AND MANAGEMENT

The Department of Economics and Management offers 5 degree programmes:

- 1 Bachelor’s degree programme in Economics (EP2093);

1) TRIMESTERS AND SEMESTERS

Courses are offered on a semester basis (Semester 1 and 2), except for those belonging to the 3rd year of the Bachelor level, organized in trimesters (Trimester 1, 2 and 3).

**Pay attention to the academic dates, which are different for semesters and trimesters.** You can check the Academic Calendar here: [https://www.unipd.it/en/key-academic-dates](https://www.unipd.it/en/key-academic-dates)

Some classes of the Semester 1 and the Trimester 2 might start one week before the official date reported in the Academic Calendar. You are strongly invited to check the timetable in advance.

2) COURSES NOT OPEN TO EXCHANGE STUDENTS

Exchange students are not allowed to choose the following course units (you can find the code of the degree programme in brackets):

Exchange students may choose among almost any course unit offered by the School. Nevertheless, not all course units are held in Padua campus: some of them are held in Vicenza or Rovigo (which are more than 30 minutes away by train).

– The following degree programmes are held in Vicenza:
  - Product Innovation Engineering (Bachelor, IN2375)
  - Mechatronic Engineering (Bachelor, IN2376)
  - Engineering and Management (Bachelor, IN0509)
  - Product Innovation Engineering (Master, IN0531)
  - Mechatronic Engineering (Master, IN0529)

– The following course unit is held in Rovigo:
  - INP7080079, Lab of Advanced Product and Process Engineering (6 ECTS)

From a.y.2020/21 it will be mainly given in Padua campus. Please note that the laboratory (representing less than 1/3 of the total hours) will be held in Rovigo at the TE.SI. Laboratory.

2) THESIS

Students can undertake thesis research, but they must find a supervisor on their own by contacting the relevant Department at the School of Engineering. In this case, you must attach to your Learning agreement (in one file) a separate sheet including the following info:

- A description of the topic of your project (not only a title, more than a sentence)
- The number of credits you will earn for the project at your home university
- The name and contact details of your supervisor at your home university
- The name of your supervisor at Unipd, if already agreed. If you are not able to find a supervisor, please indicate the most suitable Department among these:
  - I.C.E.A. (Civil, Building and Environmental Engineering Department)
  - D.I.I. (Industrial Engineering Department)
  - D.E.I. (Information Engineering Department)
  - D.T.G. (Department of Management and Engineering - based in Vicenza)

3) PROJECT BASED COURSES

If a course is project based, it can be supervised in English, even if held in in Italian.

4) The Master’s degree course Sustainable Territorial Development (IA2545) is not open to exchange students.
SCHOOL OF HUMAN AND SOCIAL SCIENCES AND CULTURAL HERITAGE

1) PRIMARY TEACHER EDUCATION COURSES:
Some of the course units within the degree programme in “Primary teacher education” are composed by both lectures and laboratories (see the details in the section “Course Unit Organization/Organizzazione dell’insegnamento” of the course catalogue).

Laboratories are always compulsory, so students must attend them, otherwise the activity cannot be registered in the final Transcript of Records.

2) LANGUAGE COURSES offered by the following degree programmes:
- SU2294, Language, literature and cultural communication
- LE0613, European and American languages and literatures
- IF0314, Modern languages for international communication and cooperation

The Language courses are held during the 1st or 2nd semester (see course catalogue). In addition to the lectures the University offers the language classes (“Didattica Assistita”) providing students with the relevant linguistic skills (writing, reading, listening and speaking). These are non-credit bearing classes held during the whole academic year (annual classes, both 1st and 2nd semester) complementing the course. The final exam of the course consists in one or more parts evaluating the contents provided during the lectures and one part aiming at verifying the acquisition of the linguistic skills. Exchange students attending these Language Courses are required to contact the professor of the course at the beginning of the lectures.

Select the appropriate language course based on your language level.
3) “EDUCATIONAL SCIENCES” (SF1334) and “MANAGEMENT OF EDUCATIONAL SERVICES AND LIFELONG EDUCATION” (SU2089)

Courses of these degrees are held in the city of Rovigo, approx. 50 km away from Padova. Rovigo can easily be reached by train from Padova.

4) COURSES NOT OPEN TO EXCHANGE STUDENTS

>>> Restrictions apply to course units from the following Master’s degree programme:
   – IA0280, Scienze delle Religioni (Interateneo): it is possible to attend only the course units offered in Padua

>>> On the course catalogue you can find for each course the indication whether a course is open or restricted. Click on the details of each course and check on Course unit for Erasmus students.

The other Bachelor students can choose course units from OTHER Master’s degree programmes: in this case, they should check the prerequisites in the syllabus of each course unit.

IMPORTANT! Bachelor students should know that if they intend to enroll in a Master’s degree programme in Padua in the future, they might not be able to do so if they took any courses from that Master’s degree programme during their Erasmus Mobility.
