Supporting TAlent in ReSearch@University of Padova (STARS@UNIPD) – Call for proposals 2019

Call Opening: 10 January 2019
Application deadline: 2 April 2019, 1 p.m. (Italian time zone)

F.A.Q.

Eligibility of candidates holding a medical doctor degree (MD):

1) Q: If a candidate does not hold a PhD degree, but holds the Italian degree “Diploma di specializzazione medica”, does he/she meet the eligibility criteria of art. 2 of the call?
   A: For the STARS Grants the Italian degree “Diploma di specializzazione medica” is considered to be equivalent to a PhD degree. The candidate is eligible if the date of this degree is included in the eligibility time-windows of art. 2.

2) Q: If a candidate holds neither a PhD degree nor a “Diploma di specializzazione medica” degree, but can show proof of an appointment that requires doctoral equivalency, does he/she meet the eligibility criteria of art. 2 of the call?
   A: Yes, but the documents will be carefully checked to verify if the appointment requires doctoral equivalency. If eligible, the time reference for calculation of the eligibility time-window is the date of the MD plus two years.

3) Q: If a candidate holds both a PhD degree and a “Diploma di specializzazione medica” degree, which degree will be considered to determine the type of grant (StG or CoG) to which he/she can apply?
   A: In order to determine the type of grant to which the candidate can apply, the earliest degree between “PhD” and “Diploma di specializzazione medica” will be considered.
