FAQ

1. Am I eligible according to the Mobility Rule?
In order to be eligible, the candidate must not:

- have resided in Italy for more than 12 months in the 36 months immediately prior to the call deadline,
- have carried out his/her main activity (work, studies, etc.) in Italy for more than 12 months in the 36 months immediately prior to the call deadline (08 March 2022).

Please take note that in case of remote work/study performed from country “X” for an employer/University located in Italy, the place of main activity is considered Italy;

Example 1: A candidate enrolled at an Italian university in January 2020. However, he/she has not been able to move to Italy until March 2021 and worked for the Italian university remotely from Spain. As per the mobility rule in UNIPhD, the researcher will be ineligible because he/she carried out his/her main activity in Italy for more than 12 months before the call deadline.

Example 2: A candidate enrolled at a French university in February 2020. However, he/she has not been able to move to France until May 2021 and worked for the French university remotely from Italy, where he/she resided. As per the mobility rule in UNIPhD, the researcher will be ineligible, because he/she has lived in Italy for more than 12 months before the call deadline.

The evaluation committees will assess the eligibility according to the mobility rule during the evaluation process.
