

IMPORTANT NOTES on the distribution of ERASMUS/SEMP GRANT and ADDITIONAL PAYMENTS from 2018/19 to 2020/21

The total amount of any additional funding (based on individual income and merit) is calculated up to a **maximum of 10 months**.

Students from the second-year *'fuori corso'* will not receive any additional funding (*fuori corso* are students who have passed the legal duration for obtaining the qualification).

The down-payment will be calculated on the basis of the ISEE declaration, while the balance will also take merit into consideration (on the basis of the list of successful students for the Regional Study Scholarship).

The down-payment (by income) will be defined as follows:

Number of months planned in the Grant Agreement	Number of months included in down-payment
from 3 to 6	3
from 7 to 8	4
from 9 to 12	5

The balance is calculated on the number of **days** spent abroad as declared in the Attendance Certificate and according to the Erasmus+ for studies Programme rules. The duration is therefore counted 'in days' considering every month to have 30 days.

In the event that the activities carried out abroad are not recognised and registered on Uniweb **by the 31st October 2019**, the student will have to reimburse the additional funding already issued and will not receive any balance.
