HOW TO REGISTER FOR GRADUATION

In order to graduate in the spring session **from 9 March 2026 to 24 April 2026**, you must have paid the first and second installment of the A.Y. 2025/26

(the payment of the first installment of A.Y. 2025/26 is not required for undergraduates of the old system V.O. prior to Ministerial Decree 509/99).

You must register for graduation **from 12 January 2026 to 10 February 2026**. The application procedure (“Diploma attainment” on Uniweb) consists of two stages.

FIRST STAGE

- Enter the **title** of your dissertation and the information about your supervisor by the deadline set for the graduation period. Please indicate the original title to be written on the header of your dissertation and its English translation (if your dissertation is written in English, you must insert the same title twice, both in the field ‘dissertation title’ and in the field ‘dissertation title in English’)
- Wait for the supervisor to **approve** your dissertation title from their Uniweb personal page
- Wait for the **notification** (sent to your institutional e-mail address name.surname@studenti.unipd.it) that the title has been approved by the supervisor
- The registration procedure is now available on your Uniweb personal page

SECOND STAGE

- **Register** for graduation
- Fill in the **AlmaLaurea** questionnaire (please note that if you do not fill in the entire questionnaire, you will not be able to finalise and submit your application for graduation. Upon filling in the questionnaire, you will be redirect to your personal page on Uniweb and to finalise and submit your application)
- **Submit** you application
- Now your application is correctly submitted, and you will find the payment slip of € 16.00 (revenue stamp) in the section ‘Contributions’ on Uniweb.

IMPORTANT INFORMATION

- The first stage must be completed as soon as possible, in order to obtain your supervisor’s approval in time and proceed with the second stage
- Once you have been submitted your application, your study plan cannot be changed any longer.
- If you do not pay the revenue stamp (€16.00) for graduation, your student’s records cannot be approved. The payment is also mandatory in case of cancellation of the degree application.
- If you wish to cancel your graduation registration, you should do it directly on Uniweb and immediately notify it by email to:
Student Career Office (Agripolis campus): agrariaveterinaria.studenti@unipd.it
