To this end, interested candidates must:

Any additional time assigned may not exceed 50% more (candidates with disabilities) and 30% more (candidates with SLD) than the time scheduled for the test;

 - **civil invalidity certificate and/or a certificate pursuant to Law no. 104 of 1992** issued by the competent medical commission for the territory, proving the type of disability (NO OMISISS) and, where envisaged, the recognised percentage of invalidity;
 - **certificate of SLD diagnosis** issued no more than 3 years previously, if prior to the candidate's eighteenth birthday, or if subsequent to the candidate's eighteenth birthday, by local public health facilities or by bodies and professionals accredited with the regional health service. Candidates with SLD may request additional time and/or personalized support with the medical certification they hold, even if it has expired. The new documentation, updated for the university cycle of studies, must be sent to inclusione.studenti@unipd.it no later than 30 September 2025.

However, personalized educational plans (PDP), SLD diagnoses issued before the last school cycle (upper secondary school) and/or by non-accredited private individuals are not accepted under any circumstances.

The Student Services Office – Inclusion Unit, in charge of examining these certifications, ascertains that the foreign documentation attests to a condition of disability, disability or SLD recognized by Italian law.

The requested supports and/or aids may be granted after an appropriate assessment has been made by the Student Services Office – Inclusion Unit. No later than the day before the test takes place, candidates will receive a specific communication regarding any support and/or provided, by e-mail sent by the Student Services Office – Inclusion Unit, inclusione.studenti@unipd.it.

In any case, tools such as dictionaries and/or formularies, forms, periodic table of elements, concept maps, computers (other than the one used to carry out the test), tablets, smartphones, smartglasses and other similar tools are not allowed.

In the presence of a particularly complex condition, it is suggested to request an interview with dedicated staff, using the appropriate online form for requesting an appointment with the Student Unit, to present one's individual needs: <https://web.unipd.it/prenotazioniservizi/settore-inclusione/>

6. RECOGNITION OF PREVIOUS CREDITS AND CAREER SHORTENING

It is possible to request the recognition of training activities and exams coming from master's degree courses taken (including abroad), such as single courses or in previous university careers, so as not to have to take them again in the course of study.

³ The amount may vary according to regional provisions

To access the courses by career shortening, it is still necessary to meet the requirements and complete all the procedures indicated in [point 1.2](#), without any difference from those who do not apply for the recognition of previous credits.

The university educational credits necessary to achieve the minimum curricular requirements, or those included in the qualification used for admission to the degree programme, **will not be taken into consideration** for shortening the university career.

For this purpose, only exams belonging to master's degree courses or equivalent levels are taken into consideration, as assessed by the commission in charge.

The instructions for submitting the application for credit recognition (deadlines and procedures) are published starting from 4 June 2025 on page www.unipd.it/ammissioni-esp-magistrali-fanno.

The teaching committee in charge issues a resolution for the recognition of credits containing the list of training activities/credits recognized and the proposed year of admission, which is established with the following criterion:

- recognition **less than or equal to 40 CFU** → 1st year;
- recognition **greater than or equal to 41 CFU** → 2nd year.

For the purposes of enrolment in the second year, it is necessary to have already obtained the credits relating to activities similar to the English language proficiency or the Italian language proficiency, limited to the two Master's Degree Courses in vehicular language Applied Economics and Management for Sustainable Firms. In the absence of the compulsory language proficiency, regardless of the possession of a number of recognized credits greater than or equal to 41, admission to the first year is proposed.

After obtaining eligibility for the curricular requirements (and passing the relevant admission test, if not exempted as indicated in [point 4](#)), it is possible to proceed with enrolment, course change or transfer or simultaneous enrolment as indicated on page www.unipd.it/istruzioniaccesso-triennali-magistrali-ciclounico.

The inclusion of validations/recognitions in the online booklet and any update of the course year (for those who obtain the admission proposed to the second year in the credit recognition resolution) is carried out by the reference Back Office within the first exam session scheduled for the academic year 2025/26, without the need for further procedures or requests.
