

16th INTERNATIONAL WEEK
KARELIA UNIVERSITY OF APPLIED SCIENCES,
JOENSUU, FINLAND
16. – 20.2.2015

We are happy to welcome lecturers and administrative staff from international offices and libraries to the 16th International Week at Karelia University of Applied Sciences.

The International Week gives an opportunity to deepen and strengthen the cooperation between our partner institutions now that the Erasmus+ and Horizon 2020 programmes have started. It is also a great way to get to know your colleagues on a more personal level.

The week consists of guest delivered lectures as well as free conversations and negotiations on current subjects. All the guests are also warmly welcomed to participate in common activities of the International Week such as a concert and outing in beautiful snow-covered Finnish winter landscapes. All participants are invited to a seminar “Pedagogical solutions, learning environments and active working life cooperation in higher education”.

Please forward this invitation to the persons who might be interested in joining the International Week. **We would kindly ask you to submit the registration form by January 7th 2015 at the latest.**

If there are any questions concerning the International Week, please do not hesitate to contact us.

We are looking forward to meeting you in February 2015!

Best regards,

International Office / Karelia UAS
