

THE DR. EDUARD GÜBELIN
RESEARCH SCHOLARSHIP
for the advancement of gemmological science

The Dr. Eduard Gübelin Association for Research & Identification of Precious Stones provides funding and support – financial, organisational and infrastructural – for a research project in the field of earth science (geology, mineralogy, geochemistry), crystallography, solid state physics, material sciences, or a related scientific field.

The total annual value of the scholarship is up to USD 30,000, granted to a MSc, PhD or post-doctoral researcher proposing a truly innovative research project that contributes to the advancement of gemmological knowledge.

Timeline

deadline for proposal submission is 31 August 2020

For more details about guidelines, terms and conditions visit our Scholarship [website](#) or contact us for individual questions via email at ggl scholarship@gmail.com.
