**Course Title  
and  
Description**

**Quantitative and qualitative methods in social psychological studies on ageing  
(QuSPA)**

Planned activities: two lectures within the course Qualitative and Quantitative Methods in Social Psychology of the Master degree in Social, work and communication psychology. The focus will be on aging from the perspective of the Life Course held in the LIVES Centre (University of Lausanne), in articulation with psycho-social perspectives such as the theory of social representations. Quantitative, qualitative e mixed-methods will be explored and attention will be given to the impact of academic studies considered in terms of social policy.

**Period**

25/10/2021 – 13/12/2021

**Course Level**

Master Degree Course in Social, work and communication psychology
