abstract in english

Winners will have to confirm their acceptance of the grant through the link www.unipd.it/accettazioneborsaet by February 22, the lack of a formal acceptance will be considered as an official renunciation of the grant.

Any change in the traineeship dates or other changes have to be communicated and requested in advance to the Career Service, a new acceptation letter can be requested, these modifications could imply changes in the assignment of the grant,

Before the beginning of mobility: provide the Career Service at least two weeks before¹ the beginning of the traineeship with:

- “Accordo istituto/studente” signed by the trainee in two original copies
- Learning Agreement signed by trainee and hosting organization (original or scanned copy sent to stage.estero@unipd.it)

“Accordo istituto/studente” and Learning Agreement for Traineeship can be downloaded from the page http://www.unipd.it/erasmus-tirocinio, Bando Erasmus 2018/19

Mobilities can only start after all the parties have signed the Learning Agreement (trainee, company tutor, academic supervisor). Mobilities cannot start before Monday 4 March 2019.

The program establishes a minimum duration of 2 months for traineeships, which have to be concluded no later than September 30, 2019.

The grant will be paid on the basis of personal data and bank details the student declares in his/her reserved area in UNIWEB. Therefore, the student has to verify all data provided through UNIWEB and update them if necessary.

The assignment of any additional contribution, based on ISEE, if due, will be notified via institutional e-mail after the signed Learning Agreement is provided.

The University of Padua states that granted periods have to last for entire months and 0 days (e.g. from 04/07/2019 to 03/09/2019). Each month is considered of 30 days (independently from its actual duration on calendar).

¹ Those who start the mobility in the week 4-11 March do not have to respect this deadline, anyway they have to provide documentation before the beginning of the mobility.
The beneficiary can request an extension during the internship, but any further financial contribution will be assigned only in the case of residual funds. If the mobility has a zero-grant period included, any further financial contribution will be assigned only in the case of residual funds. The participant can decide to be mobile only for the granted period.

- The beneficiary will have to take the online safety course at the page [https://elearning.unipd.it/formazione/](https://elearning.unipd.it/formazione/) go to “area sicurezza”, choose “formazione generale”, an English version of the course is available: “Basic course in health and safety: General training (4 hours)”. Enter with password used for institutional e-mail. The certificate of the safety course does not expire and is valid also in case it has been issued for previous traineeships.

- Students have to check if they need a visa for the mobility abroad, and if needed, it is their responsibility to apply for visa in advance.

- Two compulsory online language tests (before the beginning and before the end of the mobility) will have to be taken by each trainee, except for native speaker. The language to be tested will be the working language during traineeship. The invitation for testing the foreign language will be sent via e-mail.

- An online compulsory language course will be assigned after the first test.

During the traineeship:

For any request of modification to the approved Learning Agreement for Traineeship-LAt (i.e. extension of period, supervisor change, traineeship program change), it is necessary to fill in, sign and send us the “DURING THE MOBILITY section of LAt”

For requests regarding the extension of traineeship period it is necessary to send to stage.ester@unipd.it, at least 30 days before the end of the traineeship in the LAt: the “DURING THE MOBILITY section” and a formal request from the hosting institution explicating why the extension is required.

Interruptions: Mobility periods under the minimum 2 months or the cancellation of the mobility involve the loss of the Erasmus+ mobility status and the total reimbursement of the assigned grant. In case of force majeure,(exceptional events causing the interruption of mobility) University will evaluate case by case any reported issues.

If the student decides to interrupt the mobility after at least two months, the student and the hosting organization are required to communicate immediately the new final date and the reason for interruption with a signed letter sent to stage.ester@unipd.it.

At the end of the traineeship the student will have to provide the Career Service with the “Traineeship Certificate AFTER THE MOBILITY” filled in and signed by the hosting supervisor.
At the end of the traineeship the student will have to fill in the online **EU Survey** sent via e-mail.
