Admission notice
Academic Year 2019-2020

Second-cycle/Master’s degree courses taught in English with open access and requisites
Selection open to candidates with a foreign degree

School of Agricultural Sciences and Veterinary Medicine
- Biotechnology Applied to Food Security and Nutrition – only “Biotechnologies for food science”, course track completely taught in English
- Forest science
- Italian Food and Wine
- Sustainable Agriculture

School of Economics and Political Sciences
- Business Administration
- Economics and Finance
- Entrepreneurship and Innovation
- European and Global Studies
- Human Rights and Multi-level Governance

School of Engineering
- Environmental Engineering
- ICT for Internet and Multimedia

School of Science
- Astrophysics and Cosmology
- Physics

School of Human and Social Sciences and Cultural Heritage
- Local Development
1. ADMISSION REQUIREMENTS

To be eligible for admission, applicants are required to:

1) have earned a foreign qualification, which the current legislation recognises equivalent to a first-cycle/Bachelor’s degree (BA or BSC), by 31st July 2019;
2) meet specific curricular requirements and, in accordance with the provisions set forth in article 6, paragraph 2, of Ministerial Decree no. 270/2004, have an adequate educational background as further specified in the course information sheets provided for in annex 1;
3) fill in and submit the online pre-enrolment application form (section 2 of this notice) by 13.00 local time (GMT + 1) of 28th February 2019.

The number of places available for non-EU citizens residing abroad, the assessment of curricular requirements and the evaluation of the candidates’ educational background will be carried out as outlined in the course information sheets provided for in annex 1.

2. ONLINE REGISTRATION, PRE-ENROLMENT AND DOCUMENTS TO BE UPLOADED

2.1 Registration

To log on to the https://uniweb.unipd.it/Home.do?cod_lingua=eng portal, candidates with no credentials first need to register by going to https://uniweb.unipd.it/AddressBook/ABStartProcessoRegAction.do?sessionid=3942D1047AA9098FD58208B0731958D2.jvm3c?cod_lingua=eng

At the end of the registration process each candidate will be emailed a username and activation code. The candidate will then need to go to https://uniweb.unipd.it/password/index.php/en/utenti/identifica/azione/a, choose three security questions and set a password.

The candidate’s username and password will then need to be used to log on to and access the registered area of the https://uniweb.unipd.it/Home.do?cod_lingua=eng portal.

2.2 Pre-enrolment application and documents to be uploaded

The pre-enrolment application form must be filled in from 9th January to 13.00 local time (GMT + 1) of 28th February 2019 by logging on to the reserved area of the https://uniweb.unipd.it/Home.do?cod_lingua=eng portal.

After logging in, candidates need to click on Home → Evaluation Test → Proceed with a new pre-enrolment → Pre-enrolment for unlimited places → Course Type: ‘Second cycle degree’, select the degree course they are interested in and proceed until final confirmation.

In order to ensure candidates have the necessary qualifications and to assess their preparation, they will be required to upload the following documents:
- curriculum vitae written in English;
- cover letter written in English;
- transcript of records of their qualifications, preferably including ECTS statistics; for those countries in which it is issued, the Diploma Supplement can be uploaded in place of the transcript of records;
- copy of their degree, if they have already graduated;
- any English language or other language certifications (see the relevant Degree course information sheet in annex 1);
- copy of the residence permit to stay in Italy for non-EU citizens residing in Italy;
- copy of an ID document (ID card or passport).

1 Activation of the first year of the degree courses depends on accreditation pursuant to Ministerial Decree 987 of 12/12/16 and until the minimum number of pre-enrolments is reached. If the degree courses are not accredited or the number of pre-enrolment applications is less than minimum number, the degree courses will not be activated. All information on course activation will be published at http://www.unipd.it
At the end of the pre-enrolment process, candidates are required to pay the € 30.00 pre-enrolment fee through the PagoPA system (instructions available at [http://www.unipd.it/en/studying-padova/funding-and-fees/key-documents](http://www.unipd.it/en/studying-padova/funding-and-fees/key-documents)).

Candidates will be required to submit further documents during the enrolment stage; detailed information is available at [http://www.unipd.it/en/how-apply](http://www.unipd.it/en/how-apply). For further information or queries, candidates may contact the University Call Centre, available from Monday to Friday, from 9 a.m. to 5 p.m. local time (GMT + 1) at 0039-0498273131 or write to [international.admission@unipd.it](mailto:international.admission@unipd.it).

Students with disability or specific learning disability (SLD) may contact the University Disability and Dyslexia Service ([http://www.unipd.it/en/students-special-needs](http://www.unipd.it/en/students-special-needs)) to report any special needs they may have or to enquire about tuition fee reductions and services available for support in relation to class attendance.

### 3. PUBLICATION OF ASSESSMENT RESULTS

Starting on 9th April 2019, the assessment results will be published at [http://www.unipd.it/en/assessment-results](http://www.unipd.it/en/assessment-results):

1. For candidates with a foreign qualification and for EU and non-EU citizens legally staying in Italy in possession of a foreign qualification, assessment results will only be expressed in terms of eligibility (eligible/not eligible);
2. For candidates with a foreign degree and non-EU citizens residing abroad, assessment results will be equally expressed in terms of eligibility (eligible/not eligible); however, should the number of applications exceed the number of places available for enrolment, a merit list will also be published in which each candidate will be given an overall score based on the assessment of their career.

Admission is conditional on the verification of the qualifications claimed, on their actual awarding in case candidates have not obtained them yet, and on submission, on behalf of the candidates, of the documents listed at [http://www.unipd.it/en/how-apply](http://www.unipd.it/en/how-apply).

**Assessment results will be advertised along with the results for scholarships and tuition-fee waivers as described in section 4, in addition to how to accept the place won and the possible economic benefits awarded.**

To ensure lessons can start regularly, all winning foreign students must arrive in Italy and be regularly enrolled at the University of Padova and have all the documents ready for admission by 31st October 2019.

### 4. SCHOLARSHIPS AND OTHER FINANCIAL AID

Thanks to the **Padova International Excellence Scholarships Programme**, the University of Padova will be offering scholarships to highly talented prospective international students holding a non-Italian qualification and wishing to pursue a Bachelor’s or a Master’s degree completely held in English. The [Call for applications](http://www.unipd.it/en/scholarships), including detailed information on eligibility requirements and selection procedure, will be available on page: [http://www.unipd.it/en/scholarships](http://www.unipd.it/en/scholarships) Please note that there will be no separate application to fill out or additional specific documents to submit.

Information on other [Scholarship opportunities](http://www.unipd.it/en/scholarships) offered by the University of Padova or other organizations is available on: [http://www.unipd.it/en/scholarships](http://www.unipd.it/en/scholarships).

Moreover, the University of Padova offers **up to 100 fee-waivers** to talented prospective international students holding a non-Italian qualification wishing to enroll in a Degree course completely held in English. Detailed information will be available in the Call for applications, which is going to be published on: [http://www.unipd.it/en/fee-waivers](http://www.unipd.it/en/fee-waivers). Please note that there will be no separate application to fill out or additional specific documents to submit.

Information on other [types of fee-waivers](http://www.unipd.it/en/fee-waivers) offered by the University of Padova is provided on page: [http://www.unipd.it/en/fee-waivers](http://www.unipd.it/en/fee-waivers).
Furthermore, the University of Padova promotes a program of excellence, the **Galilean School of Higher Education**.

In addition to the regular students, the Galilean School of Higher Education recruits up to 4 (four) **highly motivated international students** enrolling in a Master’s degree offered by the University of Padova; the selected applicants will be able to attend courses and seminars reserved to Galilean students, while enjoying several benefits, including free room and board and dedicated grants.

The Call for applications, including detailed explanation of entry requirements, academic duties and rights, application procedure and deadline, is going to be published on page: [http://www.unipd-scuolagalileiana.it/en/content/call-foreign-students](http://www.unipd-scuolagalileiana.it/en/content/call-foreign-students)

Further information on the **Galilean School of Higher Education** is available on the School’s website: [http://www.unipd-scuolagalileiana.it/en/](http://www.unipd-scuolagalileiana.it/en/)

---

Padova, 20/12/2018

The Rector
Prof. Rosario Rizzuto
ANNEX 1 – DEGREE COURSE INFORMATION SHEETS

| SCHOOL OF AGRICULTURAL SCIENCES AND VETERINARY MEDICINE  
| “BIOTECHNOLOGY APPLIED TO FOOD SECURITY AND NUTRITION”  
| Selection only valid for the “Biotechnologies for food science” course track taught in English |

**Places available**
- open access with requisites for EU and non-EU citizens legally staying in Italy;
- 30 places available for non-EU citizens residing abroad; of these, 1 place is reserved for Chinese students on the Marco Polo Programme.

**Curricular requirements and adequate educational background**
Applicants are expected to meet specific curricular requirements and have specific skills and abilities in:
- biological systems, from a molecular and cellular point of view;
- biotechnology for the production of goods and services through the analysis and use of biological systems;
- scientific method and its application to concrete situations and adequate knowledge of ethical and bioethical regulations and issues.

English language at a B2 level as per the Common European Framework of Reference for Languages (CEFR) - o corresponding level (e.g. Academic IELTS or TOEFL/IBT) is required. If the candidate is an English mother tongue speaker or has attended their upper secondary school or a degree course taught in English, no language certification is necessary.

Admission to the Second-cycle/Master’s degree course depends on preliminary assessment by the Teaching Commission of the candidate’s motivation, knowledge and competences by means of an interview which may be conducted over the internet. In its assessment the Commission will take into account competences developed in the aforementioned disciplinary areas.
Should it not be possible to assess degree equivalence, foreign final grade compared with the Italian standard and determine whether the requirements are met, the Commission will assess the candidate’s overall curriculum.
At the end of the assessment process, the Commission will decide whether or not the candidate meets curricular requirements and has an adequate educational background; a merit list will be drawn up only for non-EU citizens residing abroad. This list will solely to be used in the event that the number of eligible candidates exceeds the number of places available.

SCUOLA DI AGRARIA E MEDICINA VETERINARIA
“ITALIAN FOOD AND WINE”

Places available
- open access with requisites for EU and non-EU citizens legally staying in Italy;
- 30 places available for non-EU citizens residing abroad; of these, 5 places are reserved for Chinese students on the Marco Polo Programme.

Further Scholarships
In addition to the scholarship from the “Padova International Excellence Scholarship Programme” admission notice, another 4 two-year scholarships will be made available for the degree course in Italian Food and Wine. These scholarships cannot be added to the aforementioned one, they are worth € 5,760.37/year gross for the recipient and will be awarded with the same criteria.

Curricular requirements and adequate educational background
Applicants are expected to hold a qualification (BSc degree or equivalent) which ensures:
1. Essential expertise in the economic and/or food technology and/or agricultural sector;
2. Ability in disciplinary survey methods and in using the research results for professional purposes, in addition to using the knowledge acquired for problem solving.

English language at a B2 level as per the Common European Framework of Reference for Languages (CEFR) - or corresponding level (e.g. Academic IELTS or TOEFL/IBT) is required. If the candidate is an English mother tongue speaker or has attended their upper secondary school or a degree course taught in English, no language certification is necessary.

Admission to the Second-cycle/Master’s degree course depends on preliminary assessment by the Teaching Commission of the candidate’s reasons, knowledge and competences by means of an interview which may be conducted over the internet. In its assessment the Commission will take into account competences developed in the aforementioned disciplinary areas.

Should it not be possible to assess degree equivalence, foreign final grade compared with the Italian standard and determine whether the requirements are met, the Commission will assess the candidate’s overall curriculum.

At the end of the assessment process, the Commission will decide whether or not the candidate meets curricular requirements and has an adequate educational background; a merit list will be drawn up only for non-EU citizens residing abroad. This list will solely to be used in the event that the number of eligible candidates exceeds the number of places available.

SCHOOL OF ECONOMICS AND POLITICAL SCIENCES
“BUSINESS ADMINISTRATION”

Course tracks
● Accounting and Finance
● Management

Places available
- open access with requisites for EU and non-EU citizens legally staying in Italy;
- 30 places available for non-EU citizens residing abroad; of these, 5 places are reserved for Chinese students on the Marco Polo Programme.

Curricular requirements and adequate educational background
Candidates wishing to enrol in the Second-cycle/Master’s degree course in “Business Administration” are expected to hold a degree or a three-year Italian Diploma Universitario or other qualification awarded in Italy or abroad recognised by the current legislation and they must:
- meet specific minimum curricular requirements (30 CFU with knowledge in one or more of the following areas: business administration, economics and business management, corporate finance, corporate organization, financial brokerage economics; 10 CFU in economics, economic policy or public finance; 10 CFU in Mathematics, statistics or econometrics);
- have knowledge, competences and skills in the “economic-corporate”, “economic” and “legal” area. More specifically, they must be sufficiently proficient in the following disciplines:
  ✓ Business administration
  ✓ Microeconomics and macroeconomics
  ✓ Accounting
  ✓ Management control
  ✓ Corporate organization
  ✓ Economics and business management
  ✓ Marketing
  ✓ Commercial Law.

Candidates are also expected to have already acquired good command of the English language (B2 level) and the ability to use the main IT tools (word processors, spreadsheets, database design and management, presentation tools).

The assessment of the curricular requirements, as well as the evaluation of the candidates’ educational background, is carried out by a Commission made up of the chairman (or its delegate) of the Degree Course Teachers’ Council, a member to be designated by the Degree Course Teachers’ Council and a member to be designated by the relevant Department.

In assessing candidates, the Commission will take into account the skills they have acquired in disciplinary areas similar or comparable to the ones identified above; whenever necessary, the Commission may also ask candidates for an interview that may be conducted over the internet.

At the end of the assessment process, the Commission will decide whether or not the candidate meets curricular requirements and has an adequate educational background; a merit list will be drawn up only for non-EU citizens residing abroad. This list will solely be used in the event that the number of eligible candidates exceeds the number of places available.

SCHOOL OF ECONOMICS AND POLITICAL SCIENCES
“EUROPEAN AND GLOBAL STUDIES”
Course tracks
● Global Communication Policies
● European Policies

Places available
- open access with requisites for EU and non-EU citizens legally staying in Italy;
- 51 places available for non-EU citizens residing abroad; of these, 1 place is reserved for Chinese students on the Marco Polo Programme.

Curricular requirements and adequate educational background
Candidates are expected to hold a degree which ensures:
1) competences developed in the following disciplinary fields:
   ✓ Historical, philosophical, pedagogical and psychological studies
   ✓ Economic and statistical studies
   ✓ Law
   ✓ Socio-political studies
2) a final grade equivalent to at least 90/110 in the Italian system
3) language proficiency: English at B2 level.

Should it not be possible to assess the candidate’s background in accordance with the curricular requisites set forth above and determine the foreign final grade compared with the Italian standard, the Second-cycle/Master's degree course commission will decide on admission based on the candidate’s overall academic career and CV.

At the end of the assessment process, the Commission will decide whether the candidate meets curricular requirements and has an adequate educational background; a list will be drawn up only for non-EU citizens residing abroad. This list will solely to be used in the event that the number of eligible candidates exceeds the number of places available.

SCHOOL OF ECONOMICS AND POLITICAL SCIENCES
“HUMAN RIGHTS AND MULTI-LEVEL GOVERNANCE”

Places available
- open access with requisites for EU and non-EU citizens legally staying in Italy;
- 66 places available for non-EU citizens residing abroad; of these, 6 places are reserved for Chinese students on the Marco Polo Programme.

Curricular requirements and adequate educational background
Applicants are expected to hold a degree which ensures:
1) competencies developed in the following disciplinary fields:
   - Interdisciplinary subjects: Area of Historical, philosophical, pedagogical and psychological sciences and/or Area of economic and statistical sciences
   - Law: Area of legal sciences
   - Socio-political studies: Area of political and social sciences
2) language proficiency: reasonable command of French, Spanish or German, in addition to a very good command of English
3) a final grade equivalent to at least 100/110 in the Italian system.

Should it not be possible to assess the foreign final grade compared with the Italian standard and determine whether the requirements are met, a specific Commission of the Second-cycle/Master’s degree will assess the candidate’s overall curriculum.

At the end of the assessment process, the Commission will decide whether or not the candidate meets curricular requirements and has an adequate educational background; a merit list will be drawn up only for non-EU citizens residing abroad. This list will solely to be used in the event that the number of eligible candidates exceeds the number of places available.

**Further scholarships**

In addition to the scholarship from the “Padova International Excellence Scholarship Programme” admission notice, another 2 scholarships will be made available for the degree course in ICT for Internet and Multimedia. These scholarships cannot be added to the aforementioned one, they are worth € 5,500 and will be awarded with the same criteria.

**Curricular requirements and adequate educational background**

Applicants are expected to meet specific curricular requirements certifying:

- mastery of general methods and scientific contents of information engineering, in particular: mathematics, calculus, and matrices; computer science and programming; Fourier analysis; statistics of random variables and processes;
- basic competences in telecommunications, networks and systems for information processing, storage and transmission;
- general problem-solving skills, also in multidisciplinary contexts
- ENGLISH language at a B2 level (reading and listening);
- final grade equivalent to at least 84/110.

Should it not be possible to assess directly the equivalence of the degree or the equivalence of the final grade with the Italian system and whether requirements are met, the admission commission will evaluate the overall academic records of the applicant.

At the end of the assessment process, the Commission will decide whether or not the candidate meets curricular requirements and has an adequate educational background; a merit list will be drawn up only for non-EU citizens residing abroad.

This list will solely be used in the event that the number of eligible candidates exceeds the number of places available.

SCHOOL OF SCIENCES
“ASTROPHYSICS AND COSMOLOGY”
Course tracks:
● Theory and modelling
● Observations, experiments, and interpretation

Places available
- open access with requisites for EU and non-EU citizens legally staying in Italy;
- 10 places available for non-EU citizens residing abroad; of these, 2 places of which are reserved for Chinese students on the Marco Polo Programme.

Curricular requirements and adequate educational background
To be admitted to the course, basic knowledge in the following disciplines is required:
general understanding and knowledge of general Physics, Mathematics (differential calculus, geometry, analytical mechanics), Chemistry, Physics laboratories (measurements of physical quantities with related analysis of experimental results, evaluation of measurement errors and their propagation), basic computer sciences and programming.

This knowledge is verified with the achievement of:
1) a given number of ECTS credits in the following areas:

<table>
<thead>
<tr>
<th>ECTS credits</th>
<th>Area (SSD)</th>
</tr>
</thead>
<tbody>
<tr>
<td>24</td>
<td>FIS/01-07</td>
</tr>
<tr>
<td>24</td>
<td>MAT/01-09</td>
</tr>
</tbody>
</table>

2) final grade equivalent to at least 85/110

3) a B2 level of ENGLISH (reading and listening).

For candidates with a foreign degree, the academic requirements are verified by the admission commission. Should it not be possible to assess directly the equivalence of the degree or the equivalence of the final grade with the Italian system and whether requirements are met, the admission commission will evaluate the overall academic records of the applicant.
At the end of the process, the Commission will decide whether or not the candidate meets the curricular requirements and has an adequate educational background; a merit list will be drawn up only for non-EU citizens residing abroad if the number of applicants exceeds the number of places available.

For general enquiries about the course, please contact: scienze@unipd.it
SCHOOL OF SCIENCE
“PHYSICS”
Course tracks:
● Physics of the fundamental interactions
● Physics of matter ● NuPhys - Nuclear Physics

Places available
- open access with requisites for EU and non-EU citizens legally staying in Italy;
- 10 places available for non-EU citizens residing abroad; of these, 2 places of which are reserved for Chinese students on the Marco Polo Programme.

Curricular requirements and adequate educational background
To be admitted to the course, basic knowledge in the following disciplines is required: classical and quantum physics, statistical mechanics, calculus and geometry, experience of general physics laboratory.
This knowledge is verified with the achievement of:
1) a given number of ECTS credits in the following areas:

<table>
<thead>
<tr>
<th>ECTS credits</th>
<th>Area (SSD)</th>
</tr>
</thead>
<tbody>
<tr>
<td>24</td>
<td>FIS/01-08, with at least 12 in SSD FIS/02 and 6 overall in SSD FIS/03, FIS/04 or FIS/05</td>
</tr>
<tr>
<td>24</td>
<td>MAT/01-09</td>
</tr>
</tbody>
</table>

2) final grade equivalent to at least 85/110

3) a B2 level of ENGLISH (reading and listening).

For candidates with a foreign degree, the academic requirements are verified by the admission commission. Should it not be possible to assess directly the equivalence of the degree or the equivalence of the final grade with the Italian system and whether requirements are met, the admission commission will evaluate the overall academic records of the applicant.
At the end of the process, the Commission will decide whether or not the candidate meets the curricular requirements and has an adequate educational background; a merit list will be drawn up only for non-EU citizens residing abroad if the number of applicants exceeds the number of places available.

## SCHOOL OF HUMAN AND SOCIAL SCIENCES AND CULTURAL HERITAGE

### “LOCAL DEVELOPMENT”

### Places available
- open access with requisites for EU and non-EU citizens legally staying in Italy;
- 15 places for non-EU citizens residing abroad.

### Curricular requirements and adequate educational background

Applicants are expected to meet specific curricular requirements:
- essential competencies in social and human sciences;
- final grade equivalent to at least 95/110;
- English language at a B2 level as per the Common European Framework of Reference for Languages (CEFR) or corresponding level (e.g. Academic IELTS or TOEFL/IBT) is required. A certificate stating they have demonstrated such ability may be presented if it is not more than 3 years old at the date of enrolment. If the candidate is an English mother tongue speaker or has attended their upper secondary school or a degree course taught in English, no language certification is necessary.

Admission to the Second-cycle/Master’s degree course depends on assessment by the Teaching Commission which ensures that the minimum knowledge and competencies are met as admission criteria. The Commission will also take into account the candidate’s motivation and soft skills (the ability to work in multicultural contexts and teams).

Should it not be possible to assess the final grade or determine whether the minimum credits required are present, the Commission will assess directly the candidate’s curriculum and may request an interview, which may be conducted over the internet, to check the candidate’s competencies and motivation.

At the end of the assessment process, the Commission will decide whether or not the candidate meets curricular requirements and has an adequate educational background; a merit list will be drawn up only for non-EU citizens residing abroad. This list will solely to be used in the event that the number of eligible candidates exceeds the number of places available.
