1.2 Requirements for admission to the selection process

To be admitted, candidates² must:

1. have obtained a Bachelor’s degree, a Single-cycle Master’s degree, a three-year university diploma or another qualification obtained in Italy and recognised as suitable under current legislation, by 28 October 2022 or during the year, by 31 December 2022;

¹ Running the first year of a Degree Course is subject to its accreditation according to the provisions of Italian Ministerial Decree 1154/2021 “Self-assessment, assessment, initial and periodic accreditation of venues and courses of study” and to reaching a minimum number of pre-enrolments; therefore, if the Course is not accredited or if the number of pre-enrolment applications submitted is less than 15 (5 for each curriculum), the Course will not run. All the information relating to the running of the course is published at www.unipd.it.

² From now on, terms relating to people are in the masculine form, for the sole purpose of ensuring better readability of the text, but refer indiscriminately to all genders.
2. be in possession of the specific minimum curricular requirements and knowledge, competences and abilities, verified as indicated for each course (appendix 1). Prospective students are advised to read their full description in the Syllabus of the chosen Course, available in Art. 2, paragraph 1, of the relevant Course Regulations. Full descriptions of the Courses and the relevant Course Regulations can be found at didattica.unipd.it, by selecting the Course you are interested in. The requirements must already be met when submitting an application for the assessment of the minimum curricular requirements.

3. pre-enrol from 7 June until 12:00 noon on 7 July 2022 (point 2).

4. submit an application for the assessment of the minimum curricular requirements from 7 June until 12:00 noon on 7 July 2022 (point 3).

5. take the relevant entry tests for the chosen course or courses and be entered appropriately in the ranking (points 4.1, 4.2, 4.3) or obtain an exemption (point 4.4). Candidates who have achieved a weighted average equal to or greater than 26/30 in the university credits (CFUs) required by the relevant course or courses are exempted from taking the entry tests (appendix 1);

6. enrol or submit an application for a change of course or incoming transfer from 12:00 noon on 2 August until 12:00 noon on 28 October 2022 (point 5). Candidates who have been admitted and graduate by 31 December 2022 may take advantage of an additional enrolment period from 12:00 noon on 28 October 2022 until 12:00 noon on 31 January 2023.

2. REGISTRATION AND PRE-ENROLMENT ON THE UNIWEB PORTAL

The pre-enrolment application can be completed by logging into the www.uniweb.unipd.it portal from 12:00 noon on 7 June until 12:00 noon on 7 July 2022.

2.1 Registration on the Uniweb portal

If you are logging into Uniweb for the first time, you must create a new user account at www.uniweb.unipd.it by clicking Menu → Registration.

At the end of the registration process, you will receive an email with your username and activation code to log in to uniweb.unipd.it/password/index.php/it/utenti/identifica/azione/a, where you will be asked to set up three security questions and a password. With your username obtained and password set, you can log in to your private area.

In the event of problems with logging in, contact the University Call Centre (www.unipd.it/callcentre).
2.2 Pre-enrolment

To pre-enrol, you must:
1. log in with your credentials at www.uniweb.unipd.it, click on Didactics → Pre-enrolment for unlimited places → Course Type “Master's Degree Course” and indicate the course you are interested in (point 1.1). At this stage you can apply for a personalised test (point 4.3);
2. enter the degree qualification to be used as your admission requirement to the course, if not already on the system.

Students enrolled at the University of Padua who are about to graduate can only complete the pre-enrolment after submitting their application for the degree award online. If this application has not been submitted yet, in order to proceed, you will need to make your situation known to immatricolazioni.studenti@unipd.it, attaching an identity document;
3. at the same time, pay the pre-enrolment fee of 30.00 euro via the PagoPA procedure (instructions on www.unipd.it/pago-pa).

Prospective students can apply for pre-enrolment on one or more courses among those indicated in this notice. For each pre-enrolment, the instructions in the three indicated points must be followed separately, submitting the relevant application to have the curricular requirements assessed (point 3.1) and take the relevant entry test (points 4.1, 4.2, 4.3), unless exempted (point 4.4). Ultimately, candidates can enrol on one course only.

Contacts and assistance: www.unipd.it/immatricolazioni and www.unipd.it/callcentre

3. ASSESSING THE MINIMUM CURRICULAR REQUIREMENTS

3.1 Procedure and deadlines

Candidates must complete a specific online procedure in order to demonstrate that they meet the minimum curricular requirements for each course (appendix 1) and to have their weighted average calculated with a view to proving their eligibility for a potential exemption from taking the entry test (point 4.4). During this procedure, candidates will be asked to declare that they have performed training activities and sat exams in certain University Scientific Areas (SSDs) during the course of their academic career.

N.B.: training activities and exams declared for admission to the course must have been taken and recorded at the time of submitting the application for assessment; exams taken or recorded subsequently will not be taken into consideration for admission purposes.
The application for the assessment of the minimum curricular requirements can be filled in after completing pre-enrolment (point 2):

from 12:00 noon on 7 June until 12:00 noon on 7 July 2022.

Anyone intending to apply for admission to more than one course must submit an application for the assessment of the minimum curricular requirements (and the related pre-enrolment) for each course they are interested in. The procedure for submitting an application for the assessment of the minimum curricular requirements varies according to the type of qualification used to meet the admission requirements, and are shown in the table below. Every procedure, regardless of the situation, must be completed by 12:00 noon on 7 July 2022.

*If the procedure is not confirmed within the deadlines, only the training activities taken and registered in the entry degree, at the time that the assessment is closed, will be automatically taken into consideration for the purposes of verifying the curricular requirements and calculating the ranking score.

**Degrees under legal regulations before 1999 – DM (Italian Ministerial Decree) 509/99**

(four-year courses, five-year courses, university diplomas):

Applications for the assessment of the minimum curricular requirements must be submitted by uploading a specific form within the pre-enrolment section. Holders of degree qualifications under legal regulations prior to those indicated must ask for the necessary forms by emailing [pratiche.immatricolazioni@unipd.it](mailto:pratiche.immatricolazioni@unipd.it) with the subject line "Vecchio ordinamento magistrali Economia - Master’s Degree in Economics under old legal regulations“ attaching an identity document and self-certification with the exams indicated under those regulations.
3.2 Publication of the assessment results

The results of the applications for the assessment of the minimum curricular requirements will be published by 18 July 2022 at www.unipd.it/ammissioni-esp-magistrali-fanno and at www.economia.unipd.it. This notice of the results will indicate the candidates’ eligibility in terms of the necessary requirements and also their need to take an entry test: candidates who, at the time of submitting their application for assessment, have achieved a weighted average equal to or greater than 26/30 in the university credits (CFUs) required by the relevant chosen course or courses, shall be exempted from taking the entry tests (appendix 1);

N.B.: this publication is the official notification for the candidates concerned.

4. ENTRY TESTS

4.1. Date and procedures for taking the tests

Only those candidates who have achieved a weighted average below 26/30 in the university credits (CFUs) required by the relevant course or courses they are interested in, need to take the entry tests (appendix 1); Candidates with a weighted average equal to or above that threshold are exempted from taking the tests.

A test will be delivered for each course: anyone intending to apply for entry to more than one Master’s Degree course (point 1.1) must take a test for each course application they submit. In order to be admitted to take the test, candidates must:

• be pre-enrolled (point 2) on the course or courses they are interested in;
• have submitted an application for the assessment of the minimum curricular requirements (point 3.1) for admission to the course or courses they are interested in;
• check that they have obtained an “eligible” result following the assessment of the minimum curricular requirements and that they have been called to take the entry test (point 3.2).

Tests will be delivered online on 22 July 2022.

The following details will be provided on www.unipd.it/ammissioni-esp-magistrali-fanno by 7 July 2022:

• the time that the tests for each course will be conducted;
• the devices required and the technical specifications needed to take the test;
• the methods and regulations for taking the test, the terms of which will be accepted by completing the pre-enrolment procedure;
• information on the possibility of doing a trial.
Any communications and changes regarding how tests will be conducted will be published on the same page.

4.2 Structure of the tests and ranking formation

Each test will involve answering 30 multiple-choice questions (of the four choices listed, there is only one correct answer). Answers will be assessed as follows:

- correct answer: + 1 point
- incorrect answer: - 0.25 points
- answer not given: 0 points

40 minutes will be given to complete each test.
The subjects that will be assessed in each test are listed in the course descriptions (appendix 1).

For each course, those candidates who obtain a score equal to or higher than the median of the scores obtained by all the candidates taking part in the test, will be admitted.

The rankings showing which candidates have been admitted will be published on 2 August 2022 at www.unipd.it/ammissioni-esp-magistrali-fanno and www.economia.unipd.it. This publication is the official notification for the candidates concerned.

4.3 Personalised test request (disability and SLDs)

Students with disabilities or specific learning disorders (SLDs) can contact the Student Services Office – Inclusion Department (inclusione.studenti@unipd.it) to report any need for admission tests (www.unipd.it/accoglienza-prove-ingresso) and for information on course attendance support services and financial subsidies (www.unipd.it/risorse-supporti-studenti-disabilita-dificolta-apprendimento).

Such requests must be submitted during the pre-enrolment phase (point 2), by the same deadline.

4.4 Exemption from taking the tests

Candidates with an average equal to or greater than 26/30 in the university credits (CFUs) required by the chosen course or courses are exempted from taking the entry tests (appendix 1).

The list of candidates who are exempted from taking the entry tests is published together with the results of the assessment of the minimum curricular requirements by 20 July 2022 at www.unipd.it/ammissioni-esp-magistrali-fanno and at www.economia.unipd.it.

N.B.: this publication is the official notification for the candidates concerned.

6. RECOGNITION OF PRIOR CREDITS AND UNIVERSITY CAREER SHORTENING

Candidates may apply to have the activities and exams they have obtained (including those obtained abroad) - such as single courses or previous university experiences - recognised so as not to have to repeat them during their course of study. The appointed committee will assess the submitted applications and issue a decision, containing:

- the exams that can be validated (with any additions);
- the proposed year of admission; The criteria for admission to the 1st or 2nd year can be found at www.economia.unipd.it/passaggi-e-trasferimenti-corsi-di-laurea-magistrale-2

Based on the proposed year in the decision and in order to enter the chosen course:

The exams that can be validated will be uploaded into the candidate’s student record book after enrolment has been completed, within the first exams session available for a.a. 2022/23;
for proposed admission to the 2nd year: candidates admitted to the 2nd year of the course are exempted from taking the entry test; once they have obtained the decision they can proceed with enrolment as indicated at: www.unipd.it/node/80240.
