

SELECTION ANNOUNCEMENT NO. 2023T14

BY EXAMINATIONS TO RECRUIT NO. 1 LEVEL II RESEARCH TECHNOLOGIST (FINANCIAL POSITION "D3") ON A FULL-TIME FIXED-TERM CONTRACT, FOR NO. 36 MONTHS PURSUANT TO ART. 24-BIS OF LAW NO. 240 OF 30.12.2010, AND TO THE NATIONAL COLLECTIVE BARGAINING AGREEMENT OF 19.04.2018, AT THE DEPARTMENT OF INDUSTRIAL ENGINEERING – DII.

By implementing Art. 24-bis of Law no. 240 of 30.12.2010 and the National Collective Bargaining Agreement of 19.04.2018, the University of Padua plans to recruit Level II research technologist (financial position "D3") by examinations on a full-time fixed-term contract, for no. 36 months at the Department of Industrial Engineering – DII to provide technical-administrative support for the development of the chemical laboratory of Department setup project. He will support the redevelopment project both in terms of infrastructural purposes and in compliance with the current technical and safety regulations.

In particular, the Technologist will then be called to carry out the following **activities**:

- technical support for the execution of the infrastructural and plant engineering works planned for the chemical laboratories;
- planning of the layout of the chemical laboratories;
- technical support for the acquisition of all the necessary laboratory furniture in accordance with the specific framework agreement currently being defined;
- technical support for the installation and commissioning of all the scientific equipment intended for the laboratories and for the setup of the technical gas distribution systems.

The aforementioned activities require the following **professional skills, knowledge and competences**:

- advanced knowledge, also through experience, of the main analytical and measuring instruments for the characterization of materials and for the monitoring of chemical processes (e.g. FT-IR and UV-visible spectroscopy, thermogravimetric analysis, gas and liquid chromatography, dynamic mechanical analysis, infrared and UV/visible spectroscopy, X-ray diffraction analysis etc.). The list of instruments is to be considered as an example and not exhaustive;
- Advanced knowledge, also through experience, of the safety protocols in a chemical laboratory, use of chemicals and safety data sheets, chemical waste management and safe use of technical gases;
- knowledge of safety regulations:
 - safety in the workplace (D.Lgs. 81/2008);
 - Consolidated environmental text D.Lgs 152/2006;
 - Regulation for the classification, labeling and packaging of chemicals CLP (EC) n° 1272/2008;
 - Regulation for safety data sheets for chemicals (EU) 2020/878;
- knowledge, also through experience, of the assessment of general and specific risks (e.g. chemical risk, manual handling of loads, risk of using chemical gases);
- knowledge of the "Office" software and of CAD programs;
- knowledge of English language reference level "B2" with attention to technical-scientific terminology in chemical dress;
- internal and external users orientation.

Admission requirements

Candidates must have the following requirements by the selection announcement deadline:

- **academic qualifications:**

- a first-cycle degree (*Laurea Triennale*) (ex D.M. 270/2004), in class: L-9 - Industrial engineering, L-27 - Chemistry, or a first-cycle degree (*Laurea Triennale*) (ex D.M. 509/1999) recognised as the equivalent by D.I. 9.7.2009, in class: 10 - Industrial engineering, 21 - Chemistry;

or an Italian University Diploma ex D.P.R. n. 162/1982, recognised as the equivalent by D.I. 11.11.2011: *Esperto in tecnologie tessili, Progettista per la nautica da diporto, Utilizzazione dell'energia*;

or an Italian University Diploma (ex Law 341/1990) recognised as the equivalent by D.I. 11.11.2011: *Chimica, Economia e Ingegneria della qualità, Ingegneria aerospaziale, Ingegneria chimica, Ingegneria dell'automazione, Ingegneria delle materie plastiche, Ingegneria elettrica, Ingegneria energetica, Ingegneria logistica e della produzione, Ingegneria meccanica, Produzione industriale, Scienza dei materiali, Scienza e Ingegneria dei materiali, Scienze e tecniche cartarie, Tecnologie industriali e dei materiali*;

- a second-cycle degree (*Laurea Magistrale*) (ex D.M. 270/2004) in class: LM-20 - Aerospace and astronautic engineering, LM-21 - Biomedical engineering, LM-22 - Chemical engineering, LM-23 - Civil engineering, LM-24 - Construction engineering, LM-25 - Automation engineering, LM-26 - Safety engineering, LM-27 - Telecommunications engineering, LM-28 - Electrical engineering, LM-30 - Energy and nuclear engineering, LM-33 - Mechanical engineering, LM-35 - Environmental engineering, LM-53 - Material engineering, LM-54 - Chemistry, LM-71 - Industrial chemistry or a second-cycle degree (*Laurea Specialistica*) (ex D.M. 509/1999) recognised as the equivalent by D.I. 09.07.2009 in class: 25/S - Aerospace and aeronautical engineering, 26/S - Biomedical engineering, 27/S - Chemical engineering, 28/S - Civil engineering, 29/S - Automation engineering, 30/S - Telecommunications engineering, 31/S - Electrical engineering, 33/S - Energy and nuclear engineering, 36/S - Mechanical engineering, 38/S - Environmental engineering, 61/S - Materials science and engineering, 62/S - Chemistry, 81/S - Industrial chemistry and related technologies;

or a degree (*Diploma di Laurea V.O.*) (prior to D.M. 509/1999) recognised as the equivalent by D.I. 09.07.2009 in: *Chimica, Chimica Industriale, Ingegneria aerospaziale, Ingegneria biomedica, Ingegneria chimica, Ingegneria civile, Ingegneria dei materiali, Ingegneria delle telecomunicazioni, Ingegneria edile, Ingegneria elettrica, Ingegneria elettronica, Ingegneria industriale, Ingegneria meccanica, Ingegneria medica, Ingegneria nucleare, Ingegneria per l'ambiente e il territorio, Scienza dei materiali* or a degree (*Diploma di Laurea V.O.*) (prior to D.M. 509/1999) recognised as the equivalent by D.I. 26.4.2011 in: *Ingegneria civile per la difesa del suolo e la pianificazione*.

A Degree awarded prior to D.M. 509/1999 in *Ingegneria elettronica* should be treated as equivalent, by the University which awards said degree, to a Master's Degree in class LM-25 - Automation engineering.

Candidates **holding a foreign degree** may take part in the selection only after completing a degree-equivalency process pursuant to Art. 38, paragraph 3 of Legislative Decree DL 165/2001. Candidates are conditionally admitted to the selection procedure if the equivalency process is underway, but no final decision has been reached. They must have had their degree recognised as the equivalent of an Italian degree by the time they are recruited.

The degree-equivalency process must be started before the selection-announcement deadline, otherwise the candidate will be excluded from the selection procedure. Candidates must inform the procedure manager that they have applied for degree equivalency.

Pursuant to decreto-legge (decree-law) no. 228 of 30 December 2021, the **Public Function Department will conclude the recognition procedure only with regard to the successful candidates, who have the obligation, under penalty of forfeiture, to notify the Italian Ministry for Universities and Research (MUR) of the publication of the ranking list within 15 days.**

The degree-equivalency application form is available at:

<http://www.funzionepubblica.gov.it/strumenti-e-controlli/modulistica>;

- **specific professional qualification pertinent to the research:**
 - **applicants must have at least two years professional experience carried out in public or private research structures operating in the chemical field. In particular, experience in the setup of chemical laboratories and/or use of chemical equipment and plants, and drafting of safety procedures for the use of the equipment;**
- **italian citizenship** (Italians who are not citizens of the Republic of Italy have the same rights as Italian nationals), or citizenship of an EU Member State. Following implementation of Art. 7 of Law 97/2013, the following may also apply for the selection procedure: family of citizens from an EU Member State who do not have citizenship of an EU Member State, but do have the right of residence, or the permanent right of residence; and third-country nationals with a long-term EU permit of stay, with refugee status, or with subsidiary protection status;
- **candidates with full political rights;**
- **candidates who are physically suitable for the position;**
- **candidates who have completed their military service.**

Non-Italian nationals are required to:

- **have full civil and political rights in their country of origin;**
- **fulfil the same requirements as Italian nationals, but do not need Italian citizenship;**
- **have a good knowledge of Italian.**

Application form

The application form and appendices for this selection announcement **must be submitted online** with the Pica platform at: <https://pica.cineca.it/unipd/tipologia/pta>.

To apply online, candidates must have a valid email address so that they can register with the system. They must also provide all of the information needed to complete the application and attach the required documents in electronic form.

The system allows the application to be saved in draft form until the submission deadline. The online application procedure and submission must be completed by **2 pm of the 15th day, when the selection announcement closes.**

The system will certify the date that the online application form is submitted by emailing candidates an automatic receipt. Once the submission deadline has expired, the system will shut down access and applications can no longer be sent.

If necessary, a submitted application form can be withdrawn and another one submitted **before the application deadline (2:00 p.m. of the fifteenth day)**.

Each application will be given an identification number which must be included in any correspondence, along with the selection announcement code stated in the online procedure. Candidates must complete each and every part of the application form in accordance with the online instructions. The application is to be completed as follows:

- with a digital signature using a smart card, USB token or remote signature that enables the user to sign documents with signature software. Alternatively, a web portal may be used to provide a certified remote signature. Candidates with a smart card or USB token for digital signing can check for compatibility with the server's digital-signing system. If compatible, the user may sign the application on the server;
- candidates who do not have compatible digital-signing devices and users of remote digital signatures without web portal access for signing documents will have to save a system-generated pdf file on their computer. After which, they must not edit the file and e-sign it in CAdES format. A file with a p7m extension will be generated and uploaded into the system. If the file is edited before the e-signature is applied, the system will be unable to verify whether the content of this document matches the original. If this occurs, the application will be rejected;
- If none of the aforementioned options are available:
print and hand-sign the application form, then upload **a scanned copy along with a scanned form of identification. Candidates not providing identification may be excluded from the selection procedure.**

The system may be momentarily offline for technical reasons.

Non-Italian candidates are to submit their application form as per the methods and deadlines stated in this application procedure.

Documents must be in a static, non-editable format and must not contain executable codes or macro-instructions. PDF is the preferred format. Documents must not exceed 30 MB.

The University of Padua is not liable for undelivered correspondence should candidates not provide a complete address, or when late or no notification is provided should the address on the application form change. Nor is it liable for problems caused by third parties, misfortune or force majeure.

For additional information or queries about the application procedure, please contact the Technical and Administrative Personnel office on +39 049 827 3159 - 3494 between 9 am and 1 pm.

For technical problems only. contact the following link at home page PICA CINECA [supporto](#).

Candidates must state under their own responsibility their surname and first name, their date and place of birth, their permanent address, any telephone number, any criminal convictions and pending criminal procedures, that they enjoy full political rights, their military-service status, a detailed statement they meet the aforementioned requirements, and the exact contact address for any correspondence.

Candidates are admitted to the selection procedure conditionally. Should any of the requirements not be met, candidates may be excluded from the selection procedure at any moment, even after they have taken the tests.

Selection

Candidates are selected by examinations.

A total of 60 points are awarded for examinations. They are divided as follows:

- 30 points for written test;
- 30 points for oral examination.

Examinations

Examinations will comprise a written test and an oral examination.

- **The written test** will focus on the following topics:
 - primary analytical and measuring instruments for the characterization of materials and for the monitoring of chemical processes;
 - rules governing the safe management of the activities planned in a chemical laboratory in compliance with the D.Lgs. no. 81/2008;
 - characteristics and uses of the main technical gases used in chemical laboratories and related risks, and of the gas distribution systems diagrams.
- **The oral examination** will focus on the following topics:
 - management of chemical waste in the laboratory in compliance with the consolidated environmental text D.lgs. 152-2006;
 - main uses of analytical and measuring instruments for the characterization of materials and monitoring of chemical processes;
 - classification of chemicals and their handling, use and storage within chemical laboratories in compliance with the Regulation for the classification, labelling and packaging of chemicals CLP (EC) No. 1272/2008 and the regulation for safety data sheets for chemicals (EU) 2020/878.

The possession of computer knowledge ("Office" software, CAD) and the knowledge of the scientific technical English language (European Framework of Reference for Languages: level "B2") will be tested during the oral examination.

Examinations will take place at the following times and venues. No further notice will be given:

- **the written test:** on **14th April 2023, at 9.30 a.m.**, at the Aula "Didattica" – Palazzo Storione, Riviera Tito Livio no. 6, Padova;
- **the oral examination:** on **21th April 2023, at 9.30 a.m.**, at the Sala Riunioni Grande, 3rd floor, of the Complex located at Via Venezia no. 1, Padova.

Publication of this calendar is considered to be notification.

Approved candidates must come on the date and at the time communicated. No further notice will be given.

Candidates must show a valid ID document before being admitted to the examinations.

Any candidates not coming to the examinations will be deemed to have waived their place, regardless of the reason.

The examinations pass mark is 21/30 (7/10).

The list of candidates admitted to oral examinations will be published with their scores for the written test on the noticeboard of the Department of Industrial Engineering – DII, Via via Gradenigo no. 6/b, Padova, and posted on the University of Padua website at <https://www.unipd.it/selezione-2023T14>.

All Commission sessions during the oral examination are public. At the end of each oral examination, the Commission will draw up a list of the candidates assessed with a score for those who have passed the examination. This list will be posted on the noticeboard of the Department of Industrial Engineering – DII, Via via Gradenigo no. 6/b, Padova, and on the University of Padua website at <https://www.unipd.it/selezione-2023T14>.

Candidates can access the list with a personal password provided to all selection participants.

Overall ranking

The final score is calculated by adding up the score for the written test, the oral examination and the score for qualifications assessment.

The overall ranking will be published in the University of Padua's Official Register. Any appeals may be filed the day after the ranking is published.

The overall ranking is effective immediately.

The winner is entitled to the gross annual salary for the D category, financial position D3, as per the University section of the current National Collective Bargaining Agreement (C.C.N.L. *Comparto "Istruzione e Ricerca"*), as well as to an additional quota as specified in the "University Regulations for Recruiting and Regulating 'Fixed-term Research Technologists', in accordance with Art. 24-*bis* of Law no. 240 of 30 December 2010." The salary will be paid into a bank or post-office account only.

The administration may decide not to draw up the agreement should there cease to be the need, opportunity or resources to proceed.

The ranking is valid for three years from its publication date and may be used to recruit additional fixed-term technologists with the same profile and level. All other aspects of employment will depend on the University's specific needs.

Anything not stated above is covered by the "University Regulations for Recruiting and Regulating 'Fixed-term Research Technologists', in accordance with Art. 24-*bis* of Law no. 240 of 30 December 2010", available at: <http://www.unipd.it> (see "*Statuto e Regolamenti*").

Pursuant to Law no. 241 of 7th August 1990, the selection-procedure manager is Cristian Poletti - *Ufficio personale tecnico amministrativo*, Riviera Tito Livio, 6, Padua, Italy.

The Technical-Administrative Staff office (*Ufficio personale tecnico amministrativo*) is open to the public at the following times:

From Monday to Friday from 10 am to 1 pm and on Tuesday and Thursday from 3 pm to 4.30 pm.

NB: This selection announcement has been translated into English for publication purposes only. The Italian version is valid for all legal purposes and for the resolution of any disputes.
