3. ASSESSING THE MINIMUM CURRICULAR REQUIREMENTS

3.1 Procedure and deadlines

Candidates must complete a specific online procedure to demonstrate that they meet the minimum curricular requirements for each course (appendix 1) and to have their weighted average grades calculated so as to prove, where possible, that they can be exempted from the admission test (point 4.1). During this procedure, candidates will be asked to state the training activities performed during the course of their academic career.

**N.B.:** training activities and exams stated for admission to the course must have been **taken and recorded** at the **time of submitting** the application for the assessment; exams taken or recorded subsequently may not be submitted and will not be considered for admission purposes.

The application for the assessment of the minimum curricular requirements can be filled in after completing **pre-enrolment** (point 2):

**from 7 June at 12:00 noon until 7 July 2023 at 12:00 noon.**

Anyone intending to apply for admission to more than one course must submit an application for the assessment of the minimum curricular requirements (and the related pre-enrolment) for each course they are interested in.

The procedures for submitting the application of the assessment of the minimum curricular requirements will be published by 7 June 2023 at [www.unipd.it/ammissioni-esp-magistrali-fanno](http://www.unipd.it/ammissioni-esp-magistrali-fanno).

In addition to the satisfaction of the necessary requirements, this publication will also state the need to take the admission tests or interviews for the courses of interest or any exemption (point 4.1).

**N.B.:** this publication is the official notification for the candidates concerned.
4. ASSESSING KNOWLEDGE: ADMISSION TESTS AND INTERVIEWS

4.1 Exemption from admission tests or interviews

University examinations taken and registered by 7 July 2023, which are part of the qualification used for admission to the course or necessary to meet the minimum requirements, are taken into consideration for assessing an exemption or the need to take the admission test or interview.

After filling in the application for the assessment, pre-enrolled candidates:

- are exempted from taking the test or interview if they have obtained weighted average grades of 25/30 or higher;
- must take the test or interview if they have obtained weighted average grades of less than 25/30.

The list of candidates who are exempted from taking the admission tests will be published together with the results of the assessment of the minimum curricular requirements by 14 July 2023 at www.unipd.it/ammissioni-esp-magistrali-fanno and at www.economia.unipd.it.

N.B.: this publication is the official notification for the candidates concerned.

4.2 Non-exempt candidates: date and arrangements for the test or interview

Candidates must take the relevant test, interview, or online test for each degree course that they intend to apply for, if they have not been proven to have achieved the required weighted average grades, using the appropriate procedure.

To be eligible to take the test, it is therefore necessary to:

- be pre-enrolled (point 2) on the course or courses they are interested in;
- have submitted an application for the assessment of the minimum curricular requirements (point 3.1) for admission to the course or courses they are interested in;
- have obtained the outcome “eligible” following the assessment of the minimum curricular requirements and, following a failure to achieve weighted average grades of 25/30, to have been called for the scheduled interview and/or online test (point 3.2).

The tests will take place, for each course, on the following dates:

Admission interviews for the courses in Applied Economics and Management for Sustainable Firms: 24, 25, and 26 July 2023 (catch-up date, if required: 28 July 2023)

By 14 July 2023, a document will be published at www.unipd.it/ammissioni-esp-magistrali-fanno, specifying:

- the date and time that each candidate has their appointment;
- the procedures for taking the interview and instructions on how to connect to the online meeting to take it.
Online admission tests for the course in Accounting Finance and Business Consulting: 27 July 2023.

By 14 July 2023, a document will be published at www.unipd.it/ammissioni-esp-magistrali-fanno, specifying:
• the time of the test;
• the devices required and the technical specifications needed to take the test;
• the procedures for and regulation of the conduct of the test.

Any notices and changes concerning the conduct of the test or interviews will be posted on the same page.

N.B.: these publications count as official communication to the interested parties.

4.3 Non-exempt candidates: test structure and publication of results

Information on the number of expected applications, the time allowed, the topics to be tested, the allocation of marks and the minimum marks for passing the test can be found for each degree course in appendix 1 to this call.

The results of the tests will be published on 2 August 2023 at www.unipd.it/ammissioni-esp-magistrali-fanno and www.economia.unipd.it.

N.B.: these publications count as official communication to the interested parties.

4.4 Non-exempt candidates: request for a personalised test by candidates with a disability, impairment or SLD diagnosis

Candidates with disabilities, impairments, or specific learning disabilities (SLD), pursuant to Article 16 of Law no. 104/1992 and Law no. 170/2010, may request an admission test with additional time and/or personalised support by making an express request to the Student Service Office - Inclusion Unit.

To this end, interested candidates must:
1) request the individualised test within the pre-enrolment procedure in Uniweb; specifying the supports, aids, or compensatory measures required. Any additional time allocated may not exceed 50% more (candidates with disabilities) and 30% more (candidates with SLD) than the time allocated for the test;
2) send an email to inclusione.studenti@unipd.it enclosing the following documents:
✔ civil invalidity certificate and/or a certificate pursuant to Law no. 104 of 1992 issued by the medical committee for the relevant area, proving the type of disability and, where envisaged, the recognised percentage of invalidity;

✔ certificate of SLD diagnosis issued no more than 3 years ago, if prior to the candidate’s eighteenth birthday, or if subsequent to the candidate’s eighteenth birthday, by state local health facilities or entities and professionals accredited with the regional health service.

✔ valid identity or identification document.

Candidates may be admitted to the test with the medical certificate they possess, even if it is not up-to-date on account of the limitation of NHS services due to the Covid-19 emergency, subject to subsequently requesting a supplement to the required documentation.

Personalised Learning Plans (PLP) and diagnoses issued before the last level of education (upper secondary education) are not accepted under any circumstances.

Applicants with a disability, invalidity, or SLD from EU and non-EU countries residing abroad who wish to benefit from personalised support must submit a certificate, which, where provided for under current international rules and regulations, has been legalised, of their disability, invalidity, or SLD condition issued in their country of residence, accompanied by a sworn translation or a translation certified by the Italian diplomatic services as conforming to the original text, in Italian or English.

The Student Service Office - Inclusion Unit, which is in charge of examining these certificates, shall ascertain that the foreign documentation certifies a condition of invalidity, disability, or SLD recognised by Italian law.

Support aids may be granted after evaluation by experts from the Student Service Office - Inclusion Unit.

No later than the day before a test takes place, candidates will be notified of any support aids provided, by email sent by the Student Service Office - Inclusion Unit, inclusione.studenti@unipd.it.

Instruments such as dictionaries, formularies, periodic tables of elements, conceptual maps, computers (other than those provided for the test), tablets, smartphones, smart glasses and other similar instruments are not permitted in any case.

If a candidate has a particularly complex condition, we suggest that he/she requests an interview with dedicated staff, by sending an email to inclusione.studenti@unipd.it, to make his/her individual needs known.

More information is available at www.unipd.it/accoglienza-prove-ingresso.

**from 3 August at 15:00 until 31 January 2024 at 12:00 noon.**

The application for transfer from another university must be submitted

**from 3 August at 15:00 until 31 October 2023 at 12:00 noon.**

6. RECOGNITION OF PRIOR CREDITS AND UNIVERSITY CAREER SHORTENING

Candidates may apply to have the training activities and exams they have obtained from master’s degree programmes (including those obtained abroad) - such as single course units or previous university careers - recognised so as not to have to repeat them during their Degree Course.

However, in order to access the course by means of career shortening, it is necessary to fulfil the requirements and complete all the procedures (including methods and deadlines) as set out in point 1.2 of this call.

The application for credit recognition is an additional request that must be submitted at the same time as the procedure for assessing the minimum curricular requirements, in the appropriate section within the same portal, and by the same deadlines (indicated in point 3).

The university educational credits necessary to achieve the minimum curricular requirements, or those included in the qualification used for admission to the Course, will not be considered to shorten the university career.

Only the first year of the degree courses in this call will be active in the academic year 2023/24.

The relevant teaching committee will issue a credit recognition resolution containing a list of training activities/credits from recognised master’s degree programmes.

After having obtained eligibility as regards curricular requirements, candidates can proceed with enrolment, course changes, or incoming transfers to the first year of the course as set out in point 5, even if they do not yet have the credit recognition resolution; validation/recognition will be added to the online student record book by the relevant Back Office by the first exam session scheduled for the academic year 2023/24, without the need for further procedures or requests.
