Department of Animal Medicine, Production and Health

The mission of the Department is to maintain high-quality veterinary care for both pets and farmed animals, together with constant improvement and upgrading of the theoretical and practical knowledge of veterinarians, working as clinicians as well as experts in animal husbandry, food science and public health.

Veterinarians play an essential role in our society: they not only care for animals, but also work to protect human health from the threat of diseases transmitted by live animals, and to control the quality and safety of animal foodstuffs. The Department also has a Veterinary Teaching Hospital, a very important tool for providing good care for animal patients and also for training veterinary students and encouraging clinical research in pet medicine.

Department of Cultural Heritage: Archaeology and History of Art, Cinema and Music

The Department promotes the development of competences allowing deeper knowledge of the complexity of Italy's cultural heritage and all forms of interaction with disciplinary areas linked to similar research frameworks. It thus promotes scientific, technological and IT competences for the study, protection, conservation, restoration, and enhancement of the cultural heritage, and at making this vast cultural "asset" properly known and appreciated.

Another aim is to develop research lines in an international perspective, in order to exploit resources by collaborating with other institutions in Italy. Teaching is based on the concept of the cultural heritage as an encompassing expression of societies, both past and present.

The Scuola Galileiana di Studi Superiori (Galilean School of Higher Education) is a school of excellence that combines traditional university education with a series of special in-house courses comprising seminars and lectures by visiting professors of international fame. Divided into three categories, Humanities, Natural Sciences and Social Sciences, the Scuola Galileiana di Studi Superiori illustrates the techniques and methods used for scientific research, and then affords students a deeper insight into the field. Only 30 students are admitted. They are, however, guaranteed free board and lodging, a place on two foreign language courses, plus personal tutoring to help them plan their university careers. Admission to the first year at the Scuola Galileiana di Studi Superiori is subjected to passing an entrance examination. If accepted, students are then required to maintain a high average for their entire degree course.
