With the username obtained and the password set, candidates can log in to their personal area.

Students can also register with the www.uniweb.unipd.it portal using SPID credentials by clicking on *Menu → Registration with SPID*.

In the event of problems with logging in, please contact the University Call Centre (www.unipd.it/callcentre).

Contacts and assistance: www.unipd.it/immatricolazioni and www.unipd.it/callcentre

3. ASSESSING THE MINIMUM CURRICULAR REQUIREMENTS

3.1 Procedure and deadlines

Candidates must complete a specific online procedure to demonstrate that they meet the minimum curricular requirements for each degree programme ([Appendix 1](#)) and to have their weighted average grades calculated so as to prove, where possible, that they can be exempted from the admission test ([point 4.1](#)). During this procedure, candidates will be asked to state the training activities performed during the course of their academic career.

N.B.: the training activities and declared exams for admission to the Degree Programme must have been **taken and recorded** at the **time of submitting** the application for the assessment; exams taken or recorded subsequently cannot be declared and will not be considered for admission purposes.

The **application for the assessment** of the minimum curricular requirements can be filled in online **after** completing pre-enrolment ([point 2](#)) and can be submitted:

from 12 noon on 6 June to 12 noon on 5 July 2024

Anyone intending to apply for admission to more than one Degree Programme must submit an application for the assessment of the minimum curricular requirements (and the related pre-enrolment) for each of the degree programmes they are interested in.

The procedures for submitting the application of the assessment of the minimum curricular requirements will be published by 6 June 2024 at www.unipd.it/ammissioni-esp-magistrali-fanno.

3.2 Publication of the assessment results

The results of the applications for the assessment of the minimum curricular requirements will be published on **15 July 2024** at www.unipd.it/ammissioni-esp-magistrali-fanno and at www.economia.unipd.it.

In addition to stating that the necessary requirements have been met, this publication will also indicate the candidate's need to take the admission tests or interviews for the degree programmes of interest or their exemption, as appropriate ([point 4.1](#)).

N.B.: this publication is the official notification for the candidates concerned.

4. ASSESSING KNOWLEDGE: ADMISSION TESTS AND INTERVIEWS

4.1 Exemption from admission tests or interviews

University examinations taken and registered **by 5 July 2024**, which are part of the qualification used for admission to the degree programme or necessary to meet the minimum requirements, are taken into consideration for assessing an exemption or the need to take the admission test or interview.

Pre-enrolled candidates who have completed the online application for the assessment:

- are **exempted** from taking the test or interview if they have obtained a weighted average grade of **25/30 or higher**;
- **must take** the test or interview if they have obtained a weighted average grade of **less than 25/30**.

N.B.: during the calculation of the weighted average grades for the assignment of the exemption, **no** rounding up or down is performed.

The list of candidates who are exempted from taking the admission tests will be published together with the results of the assessment of the minimum curricular requirements on **15 July 2024** at www.unipd.it/ammissioni-esp-magistrali-fanno and at www.economia.unipd.it.

N.B.: this publication is the official notification for the candidates concerned.

4.2 Non-exempted candidates: date and arrangements for the test or interview

Candidates must take the relevant test, interview or online test for each degree programme they intend to apply for, if they meet the curricular requirements but have not achieved the average of 25/30.

In order to be admitted to take the test, candidates must therefore:

- be pre-enrolled ([point 2](#)) on the degree programme(s) they are interested in;
- have submitted an application for the assessment of the minimum curricular requirements ([point 3.1](#)), one for each degree programme;
- have obtained the outcome “eligible” in the assessment of the minimum curricular requirements and, following a failure to achieve a weighted average grade of 25/30, have been called for the scheduled interview and/or online test ([point 3.2](#)).

The tests will take place, for each degree programme, on the following dates:

Admission interviews for the degree programmes in ***Applied Economics*** and ***Management for Sustainable Firms***: **22, 23, and 24 July 2024** (catch-up date, if required: 26 July 2024).

By 18 July 2024, a document will be published at www.economia.unipd.it, specifying:

- the date and time that each candidate has their appointment;
- the procedures for taking the interview and instructions on how to connect to the online meeting to take it.

Online admission tests for the degree programme in **Accounting Finance and Business Consulting**: **25 July 2024**.

By 18 July 2024, a document will be published at www.unipd.it/ammissioni-esp-magistrali-fanno, specifying:

- the time of the online test;
- the devices required and the technical specifications needed to take the test;
- the procedures for and regulation of the conduct of the test.

Any notices and changes concerning the conduct of the test or interviews will be posted on the same page.

N.B.: these publications count as official communication to the interested parties.

4.3 Non-exempted candidates: test structure and publication of results

Information on the number of expected applications, the time allowed, the topics to be tested, the allocation of marks and the minimum marks for passing the test can be found for each degree programme in [appendix 1](#) to this call.

The results of the oral tests will be published **on 1 August 2024** at www.economia.unipd.it, while those of the written test will be available at www.unipd.it/ammissioni-esp-magistrali-fanno.

N.B.: these publications count as official communication to the interested parties.

4.4 Non-exempted candidates: request for a personalised test for candidates with a disability, impairment, or SLD diagnosis

Candidates with disabilities, impairments, or specific learning disabilities (SLD), pursuant to Article 16 of Legge (Law) no. 104/1992 and Legge (Law) no. 170/2010, may request an admission test with additional time and/or personalised support by making an express request to the Student Service Office - Inclusion Unit. To this end, interested candidates must:

1. make a request for a personalised test within the **pre-enrolment procedure** ([point 2.2](#)) in Uniweb specifying the supports, aids or compensatory measures required. Any additional time allocated may not exceed 50% more (candidates with disabilities) and 30% more (candidates with SLD) than the time defined for the test;
2. **send an email** to inclusione.studenti@unipd.it enclosing the following documents:
 - **civil invalidity certificate and/or a certificate** pursuant to Legge (Law) no. 104 of 1992 issued by the medical committee for the relevant area, proving the type of disability (NO OMISSIONS) and, where envisaged, the recognised percentage of invalidity.

- **certificate of SLD diagnosis** issued no more than 3 years previously, if prior to the candidate's eighteenth birthday, or if subsequent to the candidate's eighteenth birthday, by state local health facilities or entities and professionals accredited with the regional health service. Where not already specified in the diagnosis, ask the accredited private facility for their accreditation code/no. In accordance with the provisions of the "Guidelines on Specific Learning Disorders" annexed to DM (Italian Ministerial Decree) no. 5669 of 12 July 2011, candidates with SLDs are granted additional time equal to a maximum of 30 per cent more than that defined for the admission test.

Candidates with SLDs may request additional time and/or customised support with the medical certification they possess, even if it has expired. The new documentation, updated for the cycle of university studies, must be sent to inclusione.studenti@unipd.it by no later than 30 September 2025.

Personalised Learning Plans (PLP) and diagnoses of SLDs issued before the last level of education (upper secondary education) and/or by non-accredited individuals or entities are not accepted under any circumstances.

- **valid identity or identification document.**

Candidates with a disability, invalidity, or SLD from EU and non-EU countries residing abroad who wish to benefit from personalised support must submit a certificate, which, where provided for under current international rules and regulations, has been legalised, of their disability, invalidity, or SLD condition issued in their country of residence, accompanied by a sworn translation or a translation certified by the Italian diplomatic services as conforming to the original text, in Italian or English. The Student Service Office - Inclusion Unit, which is in charge of examining these certificates, shall ascertain that the foreign documentation certifies a condition of invalidity, disability, or SLD recognised by Italian law.

The requested supports and/or aids may be granted after an appropriate assessment has been made by the Student Service Office – Inclusion Unit. No later than the day before a test takes place, candidates will be notified of any support and/or aids provided by an email sent by the Student Service Office - Inclusion Unit, inclusione.studenti@unipd.it.

Instruments such as dictionaries, formularies, periodic tables of elements, conceptual maps, smartphones, smart glasses and other similar instruments are not permitted under any circumstances. No computers or tablets are allowed, other than those that may be provided by the Inclusion Unit for the test following a specific request made by the candidate within the pre-enrolment procedure in Uniweb.

If a candidate has a particularly complex condition, we suggest that they request an interview with dedicated staff, using the appropriate online form for an appointment request with the Inclusion Unit, to make their individual needs known: <https://web.unipd.it/prenotazioniservizi/settore-inclusione/>
Further information is available at www.unipd.it/accoglienza-prove-ingresso.

6. RECOGNITION OF PRIOR CREDITS AND UNIVERSITY CAREER SHORTENING

Candidates may apply to have the training activities and exams they have obtained from master's degree programmes (including those obtained abroad) - such as single course units or previous university careers - recognised so as not to have to repeat them during their course of study.

However, in order to access the degree programme by means of career shortening, it is necessary to fulfil the requirements and complete all the procedures (including methods and deadlines) as set out in [point 1.2](#) of this call.

The university educational credits necessary to achieve the minimum curricular requirements, or those included in the qualification used for admission to the degree programme, **will not be taken into consideration** for shortening the university career. For this purpose, only exams belonging to master's degree programmes or equivalent are taken into account, as assessed by the appointed committee.

Instructions for submitting an application for credit recognition (deadlines and procedures) will be published from 6 June 2024 at www.unipd.it/ammissioni-esp-magistrali-fanno.

The appointed teaching committee will issue a credit recognition resolution containing the list of recognised educational activities/credits and the proposed year of admission.

After having obtained eligibility as regards their curricular requirements (and after passing the relevant admission test, if they were not exempted as indicated in [point 4](#)), candidates can proceed with enrolment, course changes, or incoming transfers **to the first year of the degree programme** as set out in [point 5](#), even if they do not yet have the credit recognition resolution.

³ The amount may vary according to regional provisions.

Validation/recognition and any updates during the year (for those who will obtain the proposed admission to the second year in their credit recognition resolution) will be added to the online student record book by the relevant Back Office by the first exam session scheduled for the academic year 2024/25, without the need for further procedures or requests.
