Its normal duration is 3 years and the Degree in Earth and Climate Dynamics is awarded at the end of the degree programme.

Information on ongoing course units and the Syllabus Regulation can be found at [didattica.unipd.it](http://didattica.unipd.it), by selecting “Scuola di Scienze” and the degree programme of interest.

Students can apply to register on a part-time basis due to family, work, or health reasons. Further information is available at [www.unipd.it/studenti-lavoratori](http://www.unipd.it/studenti-lavoratori).

### 1.2 Admission requirements

For admission to the degree programme, candidates<sup>2</sup> must:

For the first pre-enrolment and enrolment window, it is possible to be registered in the last year of upper secondary school with the prospect of obtaining the qualification in the 2023/24 school year. **The qualification attainment details must be updated by 31 July 2024.**
2. be in possession of and have submitted the required **language documentation**, as indicated in [Appendix 1](#), by **30 September 2024**;

  - or
  - from **16 July** to 12 noon on **30 September 2024**.

<sup>1</sup> The activation of the first year of degree programmes is subject to their accreditation according to the provisions of D.M. (Italian Ministerial Decree) 1154/2021 "Self-assessment, assessment, initial and periodic accreditation of venues and degree programmes" and to the achievement of a minimum number of pre-enrolments; therefore, if the Degree programme is not accredited or if the number of pre-enrolment applications submitted is less than 30 (5 for each curriculum), the Degree programme will not be activated. All the information relating to the activation of the degree programme is published at <http://www.unipd.it>. The minimum number of enrolments indicated does not apply to newly established, professional training and interuniversity degree programmes.

<sup>2</sup> Hereinafter, the terms that relate to people are in the masculine form, for the sole purpose of ensuring better readability of the text, but refer indiscriminately to all genders.

5. submit an application for **enrolment**:

- from **5 March to 28 June 2024** (whole day)  
or
- from **16 July to 30 September 2024** (whole day).

[Point 4](#) sets out the periods in which it is possible to submit incoming transfer and course change applications in addition to enrolment applications.

**N.B.:** The order of completion of points 3 and 4 is irrelevant for the purposes of admission, provided that both operations are completed by the deadline.

## 2. TOLC CISIA: TAKING THE TEST

The TOLC is the type of test required for admission to the degree programme in this call. It is delivered online on a platform provided by CISIA - Consortium of Inter-University Integrated Access Systems, a consortium of Italian universities.

### 2.1 Validity of the TOLC and acquisition of results

The TOLC that is accepted for admission to degree programmes is **English TOLC-I**. To be valid for access to the degree programme, the **TOLC** test must be taken:

**from 1 January 2023 to 27 September 2024.**

Candidates who participated in the admission test for the Galilean School of Higher Education and were admitted to the oral test in the class to be announced at [www.unipd-scuolagalileiana.it/content/avviso-di-ammissione](http://www.unipd-scuolagalileiana.it/content/avviso-di-ammissione) will **not have to take the TOLC test or fulfil any additional learning requirements**.

**N.B.:** simply taking the TOLC test is not a sufficient condition for admission to the degree programmes; candidates need to perform **pre-enrolment** as set out in [point 1.2](#).

A TOLC test of the same type can be taken at the most once per calendar month, including from abroad. Candidates can select the “Padua” venue to take the test remotely via a virtual classroom (TOLC@CASA) or in person in a real classroom (TOLC at the University) managed by the University of Padua. **The test is valid whether it is taken in the “@casa” mode or at the University**, at any of the consortium universities included [in the list of participating venues on the CISIA site](#).

The **English TOLC-I** score is acquired **automatically** through one’s tax identification number, which must be identical on both the Uniweb portal ([point 3](#)) and the CISIA portal.

table of  
contents

deadlines

It is possible to take one or more TOLC to enter the degree programmes. In the event that more than one TOLC test has been taken, the TOLC test with the best score out of those taken by the deadlines will be considered for enrolment and assignment of the additional learning requirement ([point 4.3](#)).

The TOLC result will be acquired within 3 working days of the day of taking the test and will be visible within the pre-enrolment procedure: any reports of **non-acquisition** of results will be taken into account **after** this timeframe **and before** the closing of the enrolment window.

Any reports should be sent to: [immatricolazioni.studenti@unipd.it](mailto:immatricolazioni.studenti@unipd.it)

Students enrolled in the 4<sup>th</sup> year of upper secondary school can also take a TOLC test in the sessions scheduled for 2024 and may, if necessary, use it to participate in admission procedures for the 2025/26 academic year: the call for admission for the 2025/26 academic year will in any case apply to determine the validity of the TOLC tests taken in this manner.

## 2.2 Registration for the TOLC test

The TOLC test is delivered via the platform provided by CISIA - Consortium of Inter-University Integrated Access Systems. For all operations concerning registration, booking, and taking the test and the rules governing these steps, candidates should refer to the [www.cisiaonline.it/](http://www.cisiaonline.it/) portal.

It should be noted that the test must be booked, subject to **availability of places**, at least 7-10 days before the test date. It is therefore advisable for candidates to book their place well in advance to meet the deadline set in this call ([points 1.2](#)).

### 2.3 Request for a personalised test for candidates with a disability, impairment, or SLD diagnosis

Candidates with a disability, impairment, or specific learning disabilities (SLD), pursuant to Article 16 of Legge (Law) no. 104/1992 and Legge (Law) no. 170/2010, may, within the test registration procedure on the CISIA - Consortium of Inter-University Integrated Access Systems portal (point 3.2) request an admission test with additional time and/or customised support, by attaching the following documentation:

- **civil invalidity certificate and/or a certificate** pursuant to Legge (Law) no. 104 of 1992 issued by the medical committee for the relevant area, proving the type of disability (NO OMISSIONS) and, where envisaged, the recognised percentage of invalidity; the candidate will be entitled to an additional time not exceeding 50 per cent of the time defined for the test;
- **certificate of SLD diagnosis** issued no more than 3 years previously, if prior to the candidate's eighteenth birthday, or if subsequent to the candidate's eighteenth birthday, by state local health facilities or entities and professionals accredited with the regional health service. Where not already specified in the diagnosis, ask the accredited private facility for their accreditation code/no. In accordance with the provisions of the "Guidelines on Specific Learning Disorders" annexed to D.M. (Italian Ministerial Decree) no. 5669 of 12 July 2011, candidates with SLDs are granted additional time equal to a maximum of 30 per cent more than that defined for the admission test.

Candidates with SLDs may request additional time and/or customised support with the medical certification they possess, even if it has expired. The new documentation, updated for the cycle of university studies, must be sent to [inclusione.studenti@unipd.it](mailto:inclusione.studenti@unipd.it) by no later than 30 September 2025.

Personalised Learning Plans (PLP) and diagnoses of SLDs issued before the last level of education (upper secondary education) and/or by non-accredited individuals or entities are not accepted under any circumstances.

- **a statement in lieu of a publicly sworn certificate** in which the candidate states that what is stated in the certificate has not been revoked, suspended, or changed, using the forms available on the CISIA - Consortium of Inter-University Integrated Access Systems - portal;
- valid **identity or identification document**.

Candidates with a disability, invalidity, or SLD from EU and non-EU countries residing abroad who wish to benefit from personalised support must submit a certificate, which, where provided for under current international rules and regulations, has been legalised, of their disability, invalidity, or SLD condition issued in their country of residence, accompanied by a sworn translation or a translation certified by the Italian diplomatic services as conforming to the original text, in Italian or English. The Student Service Office - Inclusion Unit, which is in charge of examining these certificates, shall ascertain that the foreign documentation certifies a condition of invalidity, disability, or SLD recognised by Italian law.

[table of contents](#)[deadlines](#)

Candidates will be able to check within the TOLC delivery platform whether they have been assigned some special supports.

Instruments such as dictionaries, formularies, periodic tables of elements, conceptual maps, computers (other than the one used for the test), tablets, smartphones, smart glasses and other similar instruments are not permitted in any case.

If you have a particularly complex condition, we suggest that you request an interview with dedicated staff, using the appropriate online form for an appointment request with the Inclusion Unit, to make your individual needs known:

#### 4.3 Additional learning requirements (OFA)

The additional learning requirement is an additional activity that is excluded from the average scores and is placed in the student record book of enrolled students who have not achieved the minimum score established in the TOLC test; please note that in any case this circumstance does not preclude the possibility of enrolling.

In the event that more than one TOLC test has been taken, the TOLC test with the **best score** out of those taken by the deadlines will be considered for the assignment of the additional learning requirement.

To calculate the score and assign additional learning requirements, the scores obtained in the TOLC will be **weighted** according to the following criteria:

- 1) the total achieved in the **Sciences section** will be **weighted** so that the maximum achievable value will be 1 and not 10; the score obtained in the section must therefore be **divided by 10** to obtain the weighted score;
- 2) the score awarded will therefore be **not higher than 41**;

An additional learning requirement is assigned in Mathematics if the **weighted** score for the four sections of Mathematics, Logic, Sciences (score divided by 10), Reading Comprehension of the **English TOLC-I test is less than 17/41**.

---

<sup>3</sup> The amount may vary according to regional provisions.

**I HAVE AN ADDITIONAL LEARNING REQUIREMENT. HOW DO I CATCH UP ON IT?**

**Before the start of the Academic Year**

Repeat the full **English TOLC-I** at the University of Padua or other venues of the CISIA - Consortium of Inter-University Integrated Access Systems, in the “@casa” mode or at the University, obtaining a score equal to or higher than the minimum required.

**After the start of the Academic Year**

To **catch up on the additional learning requirement** in Mathematics, you have to attend the **Precalculus Course unit** on Future Learn in English, and take the assessment tests at the end of each section to check your preparation.

The registration procedure will be announced on the website of the Scuola di Scienze at [www.scienze.unipd.it](http://www.scienze.unipd.it).

**N.B.:** fulfilling the additional learning requirement in Mathematics will be a condition for taking the exam in Fundamentals of Mathematics. **If the additional learning requirement is not fulfilled** by 30 September 2025, the student will not be admitted to the 2<sup>nd</sup> year of the degree programme but will be enrolled for the following academic year as a student repeating the first year.

Further information on assignment of additional learning requirements and its implications for student’s careers can be found in the Syllabus Regulation of the degree programme of interest at [didactics.unipd.it](http://didactics.unipd.it).

**5. RECOGNITION OF PRIOR CREDITS AND UNIVERSITY CAREER SHORTENING**

To have previously acquired educational credits recognised and your university career shortened, a specific online application must be submitted. Submission procedures and deadlines (approximately between June and the first half of July) will be published by June at <https://www.unipd.it/riconoscimento-crediti-progressi>.

The appointed committee will issue a decision containing:

- the list of learning activities and recognised educational credits;
- the proposed year of admission;
