Exploring the future of Circular and Sustainable Made in Italy: a MICS event in Padua

Università di Padova, 24 Giugno 2024

The aim of the meeting is to present to an extended audience the activities carried out by the MICS partnership - Made in Italy Circular and Sustainable - at the halfway point, highlighting the researches in which the University of Padua is a key player within the project. The University of Padua is leader of Spoke 8, focused on digital innovations and Artificial Intelligence implementation in the Made in Italy factories of the future, and partner in Spoke 3 (Green and sustainable products & materials), Spoke 4 (Smart and sustainable materials for circular industrial processes), Spoke 5 (Closed-loop, sustainable, inclusive factories and processes) and Spoke 6 (Additive Manufacturing).
