THE WHITE HOUSE
WASHINGTON

I'm writing as Chair of the Council of Economic Advisers to let you know that your work has been cited in the **2024 Economic Report of the President**. The Report presents an overview of the nation's economic progress and makes the case for the Biden-Harris Administration's economic policy priorities.

The topics covered in this year's report include: *The Benefits of Full Employment; The Year in Review and the Years Ahead; Population, Aging, and the Economy; Increasing the Supply of Affordable Housing; International Trade and Investment Flows; Accelerating the Clean Energy Transition; and An Economic Framework for Understanding Artificial Intelligence.*

Thank you for helping us shape this volume. We hope you will share it widely with colleagues and students.

Sincerely,

Jared Bernstein
