## 1. GENERAL INFORMATION

Enrolment is open for the first year of the Master's Degree Programme in English with limited access in Medical Biotechnologies<sup>2</sup> for the academic year 2025/26. The normal duration of the course is 2 years and at the end of the studies the Master's Degree in Medical Biotechnologies is conferred.

The course is delivered in English.

The Master's Degree in Medical Biotechnologies also offers a **Double Degree course**, which includes the first semester of the second year of the course carried out entirely at the University of Ulm (Germany) and the possibility, optionally, to attend an additional semester abroad at the partner university for the internship and the drafting of the degree thesis. At the end of the course, the double degree will be awarded in collaboration with the partner university of Ulm. More information available at: <https://www.medicinamolecolare.unipd.it/didattica/corsi-di-laurea-magistrale/master-double-degree-medical-biotechnologies>

Information on the courses and the Teaching Regulations are available at [didattica.unipd.it](http://didattica.unipd.it), by selecting the course of interest.

### 3. REGISTRATION AND PRE-ENROLMENT ON THE UNIWEB PORTAL

The pre-enrolment application is completed by accessing the [www.uniweb.unipd.it](http://www.uniweb.unipd.it) portal

according to **the deadlines** indicated [in point 2](#)

#### 3.1 Registration on the Uniweb portal

If you are accessing Uniweb for the first time, you must create a new account by clicking on [www.uniweb.unipd.it](http://www.uniweb.unipd.it) and on *Menu → Registration*.

At the end of the registration, you will receive an e-mail username and activation code to log in to [uniweb.unipd.it/password/index.php/it/utenti/identifica/azione/a](http://uniweb.unipd.it/password/index.php/it/utenti/identifica/azione/a) page, where you will be asked to set three security questions and a password. With the username obtained and the password set, you can access your reserved area.

Registration on the [www.uniweb.unipd.it](http://www.uniweb.unipd.it) portal can also be done using SPID credentials, by clicking on the *Menu → items Registration with SPID*.

For access problems, you can contact the University Call Centre ([www.unipd.it/callcentre](http://www.unipd.it/callcentre)).

**Please note:** The personal e-mail address entered in your Uniweb profile is the communication channel through which any deadlines and useful instructions for accessing the degree programme are provided. E-mails sent for this purpose have the value of official communication.

### 3.2 Submitting the pre-enrolment application

To pre-enrol you must:

1. log in with your credentials to [www.uniweb.unipd.it](http://www.uniweb.unipd.it), click on *Didactics → Pre-enrolment with limited access → Course Type "Master's Degree Programme"* and indicate the course in Medical Biotechnologies;
2. enter the degree to be used for access to the course, if not already present in the system.  
**Students enrolled at the University of Padua** who are about to graduate can complete pre-enrolment only after submitting the online application for the degree. In the event that this application has not yet been submitted, in order to proceed, it is necessary to report your situation to [immatricolazioni.studenti@unipd.it](mailto:immatricolazioni.studenti@unipd.it);
3. indicate, in the appropriate questionnaire, the interest in participating in the selection for access to the Double Degree path.
4. upload any documentation for the personalised test request ([point 5.2](#)).
5. pay the pre-enrolment fee of **€ 30.00** through the PagoPA procedure (instructions on page [www.unipd.it/pago-pa](http://www.unipd.it/pago-pa)) – please note that failure to pay the fee will result in exclusion from taking the admission test.

**Contact & Support:** [www.unipd.it/immatricolazioni](http://www.unipd.it/immatricolazioni) & [www.unipd.it/callcentre](http://www.unipd.it/callcentre)

## 4. KNOWLEDGE REQUIRED FOR ACCESS

To access the chosen degree programme, it is necessary to be in possession of specific minimum curricular requirements and adequate personal preparation.

To verify this knowledge, it is necessary to meet both of the following points by submitting the required documentation, if necessary.

The procedure is only available after completing pre-enrolment ([point 3](#)):

### 4.1 Minimum curricular requirements - Previous degree programme

This requirement must be met as indicated by **at least one of the three proposed alternatives**.

### Alternative 1

**Requirements:** possession of a degree obtained in any Italian university belonging to class **L-2, L-13, L-27, L-SNT/3 or LM-41** (MD 270/2004) or to class **1, 12, 21, 46/S or SNT3** (MD 599/1999)

**Procedure:** the instructions for submitting the application for the assessment of the minimum curricular requirements online and any special cases are published by 15 July 2025 on page [www.unipd.it/ammissioni-med-medicalbio](http://www.unipd.it/ammissioni-med-medicalbio).

Or

### Alternative 2

**Requirements:** possession of a degree\* obtained in any Italian university belonging to any class and possession of at least **52 ECTS credits** divided into the following Scientific-Disciplinary Sectors (SSD)\*\*:

**BIOS-06/A (formerly BIO/09); BIOS-10/A (formerly BIO/13); BIOS-11/A (formerly BIO/14); BIOS-12/A (formerly BIO/16); BIOS-13/A (formerly BIO/17); MEDS-02/A (ex MED/04); MEDS-03/A (ex MED/07); PHYS-01/A (ex FIS/01) ; PHYS-06/A (formerly FIS/07); BIOS-07/A (formerly BIO/10).**

**Procedure:** the instructions for submitting the application for the assessment of the minimum curricular requirements online and any special cases are published by 15 July 2025 on page [www.unipd.it/ammissioni-med-medicalbio](http://www.unipd.it/ammissioni-med-medicalbio).

\* For candidates in possession of an Italian qualification with a system other than those governed by Ministerial Decree 509/99 or Ministerial Decree 270/04, the verification of curricular requirements will be carried out by the admission committee.

\*\* To read the required SSDs, consider the numbers separated by commas as follows, for example: "BIO/01,02,06" read as BIO/01, BIO/02, BIO/06.

Or

### Alternative 3

**Requirements:** possession of a qualification obtained in a foreign university considered suitable according to current legislation, comparable in content to the degree classes indicated in alternative 1.

**Procedure:** those who apply for access to the course through this alternative must submit the application for evaluation of the minimum curricular requirements as indicated in [point 7](#).

## 4.2 Personal preparation - Language skills

All candidates are required to possess the following language skills:

English language	Level <b>B2</b> or higher
------------------	---------------------------

The list of accepted certifications, the relative minimum scores required and exemptions is available in [Annex 3](#).

## 5. ADMISSION TEST

To be admitted to the test, it is necessary to have completed pre-enrolment ([point 3](#)) and to have submitted an application for the assessment of the minimum curricular requirements ([point 4](#)). Through the admission test, the personal preparation of the candidates is verified and the admission ranking list to the course is prepared.

### 5.1 Criteria for drawing up the ranking list, topics and structure of the test

The ranking list for access to the course is drawn up on the basis of the score obtained in the admission test. The admission test consists of **40 multiple-choice questions in English**, divided into the following subject areas:

- Mathematics, physics and medical statistics;
- Chemistry (general chemistry and biochemistry);
- Biology (cell biology, molecular biology, microbiology);
- Medical genetics and biotechnology;
- Human pathophysiology (physiology, pathology, immunology);

The complete program of the exams can be found [in attachment 1](#).

The time for the test is **40 minutes**.

The **answers given to** the questions of the test are evaluated as follows:

- Exact Answer: + 1 point
- Wrong answer: - 0.1 points
- Answer not given: 0 points

In the event of a tie, priority is given to the youngest candidate.

### 5.2 Attending the test

The admission test will be conducted in person on:

**5 September 2025 at 14:30.**

Starting from **August 29, 2025**, a document containing the information necessary for participation in the test is published [on page www.unipd.it/ammissioni-med-medicalbio](http://on_page.www.unipd.it/ammissioni-med-medicalbio) :

- the precise times of convocation;
- other information that may be necessary and any updates.

**Attention:** these publications have the value of official communication to interested parties.

Candidates who on the date of the test have not yet received the response of the evaluation of curricular requirements will be admitted to take the test with <sup>4</sup>reservations.

Once the test has started, late candidates are not admitted. Information on the Examination Committee and the rules for carrying out the test are available on page [www.unipd.it/avvisi-ammissione-corsi](http://www.unipd.it/avvisi-ammissione-corsi).

### 5.3 Request for personalized test for candidates with disability, disability or diagnosed with SLD

In accordance with Article 16 of Law no. 104/1992 and Law no. 170/2010, candidates with a certified disability, impairment, or specific learning disorder (SLD) may request additional time and/or personalized support for the admission test by explicitly contacting the Student Services Office – Inclusion Unit.

To this end, candidates must:

1. **Submit a request for an individualized test** within the pre-enrolment procedure (see section 2.2.2) in Uniweb, clearly specifying any requested supports, aids, or compensatory measures. The additional time granted will not exceed 50% for candidates with disabilities and 30% for candidates with SLD, relative to the standard duration of the test;
2. **Send an email to [inclusione.studenti@unipd.it](mailto:inclusione.studenti@unipd.it) by 12:00 PM (GMT+2) on 25 August 2025**

Attaching the following documents:

- **Civil disability certificate and/or certification pursuant to Law no. 104/1992** issued by the relevant medical commission, indicating the type of disability (NO REDACTIONS) and, where applicable, the recognized percentage of disability;
- **SLD diagnostic certificate**, issue **within the last 3 years**, if prior to the candidate's 18th birthday, or **after the age of 18**, by public health services or by professionals/entities accredited by the regional health system. Where not already specified, the documentation must include the accreditation code/number or proof of conformity with national guidelines. In compliance with the "Guidelines on Specific Learning Disorders" (Ministerial Decree of 12 July 2011, prot. no. 5669), candidates with SLD are allowed a maximum of 30% additional time compared to the standard test duration. Candidates with SLD may also submit expired certification to request additional time and/or support. However, updated documentation for university-level studies must be submitted by **30 September 2025** to [inclusione.studenti@unipd.it](mailto:inclusione.studenti@unipd.it).

**Please note: Personalized Learning Plans (PDP), SLD diagnoses issued before upper secondary school, and/or certifications from unaccredited private practitioners will not be accepted under any circumstances.**

- **A valid identity document.**

<sup>4</sup> In the event that the evaluation of the minimum curricular requirements is negative, these candidates will be excluded from the merit rankings, regardless of the score obtained in the admission test.

Candidates from EU or non-EU countries residing abroad who wish to request personalized support must provide **legalized certification**, where required by international regulations, proving their disability, impairment, or SLD.

The certification must be issued in their country of residence and must be accompanied by a **sworn or certified translation** (in Italian or English) by the relevant Italian diplomatic or consular authorities.

The Student Services Office – Inclusion Unit will review these documents to assess whether the foreign certification attests to a condition recognized under Italian law.

All requests for support and/or aids are subject to evaluation by the Student Services Office – Inclusion Unit.

By the day **prior to the test**, candidates will receive a communication via email from the Inclusion Unit ([inclusione.studenti@unipd.it](mailto:inclusione.studenti@unipd.it)) specifying any approved supports.

***During the test**, the use of the following is strictly prohibited: dictionaries, glossaries, formula sheets, periodic tables, concept maps, smartphones, smart glasses, or similar devices.*

In cases of **complex needs**, candidates are encouraged to request a meeting with dedicated staff by completing the online appointment form available at:

<https://web.unipd.it/prenotazioniservizi/settore-inclusione/>

Further information is available at: [www.unipd.it/accoglienza-prove-ingresso](http://www.unipd.it/accoglienza-prove-ingresso)

## 6. ENROLMENT, CHANGE OF DEGREE PROGRAMME, TRANSFER FROM ANOTHER UNIVERSITY

### 6.1 Procedures

In order to enrol, change degree programmes or transfer from another university, it is necessary to:

- **have pre-enrolled** ([point 3](#)) by the deadlines indicated;
- having obtained eligibility following the assessment of the **requirements** ([point 4](#));
- have taken the **admission test** ([point 5](#)) and have been admitted in the admission ranking or in subsequent reassignments.

The application for enrolment, change of degree programme or transfer from another university must be submitted

**on the dates scheduled for each assignment** ([point 2](#)).

The enrolment procedures for the various cases (including the main ones: standard enrolment, change of degree programme and transfer from another university) are reported on the following page: [www.unipd.it/istruzioniaccesso-triennali-magistrali-ciclounico](http://www.unipd.it/istruzioniaccesso-triennali-magistrali-ciclounico).

Enrolment is **conditional** on obtaining the admission qualification by 31 December 2025<sup>5</sup>. Once the admission qualification has been obtained, it is therefore necessary to check the **registration of the achievement data** (grade and date of achievement) in the Uniweb reserved area: registration takes place automatically for graduates from the University of Padua; while for graduates from other universities it must be updated by the student in the Uniweb reserved area in *the Teaching → Qualifications section*.

Enrolment is completed with the assignment of the matriculation number when the data on the admission qualification are updated; the operation is communicated by sending an email to the e-mail address registered on the Uniweb portal.

If the qualification is not obtained and updated by 31 December 2025, the enrolment application is declared automatically lapsed and cancelled.

**Please note:** failure to comply with the deadlines and terms of the procedures indicated, and the simultaneous payment of the first instalment, is equivalent to forfeiture of access to the course.

Those who have missed a deadline but are interested in the course can submit an application for extraordinary enrolment which is evaluated at the end of the enrolment of the last scheduled selection. Instructions and conditions are available on page [www.unipd.it/istruzioniaccesso-triennali-magistrali-ciclounico](http://www.unipd.it/istruzioniaccesso-triennali-magistrali-ciclounico).

**Contact & Support:** [www.unipd.it/immatricolazioni](http://www.unipd.it/immatricolazioni) & [www.unipd.it/callcentre](http://www.unipd.it/callcentre)

## 6.2 Student Fees and Benefits

For new enrolments, the amount of the first instalment of the university tuition fee, for the academic year 2025/26, is €205.00 (of which: €189.00 of regional tax<sup>[1]</sup> for the right to university education and 16.00 Euros stamp duty).

**Information** on how to obtain tuition fee reductions and any other benefit, such as scholarships, remember to fill in the Request for Subsidies (RdA) on Uniweb: [www.unipd.it/contribuzione-benefici](http://www.unipd.it/contribuzione-benefici)

**Contact and support:**  
[benefici.studenti@unipd.it](mailto:benefici.studenti@unipd.it)

## 7. EU AND EQUIVALENT CANDIDATES IN POSSESSION OF A FOREIGN QUALIFICATION

### 7.1 Procedure for EU or non-EU candidates residing in Italy

<sup>5</sup> For EU or equivalent candidates who access with a qualification obtained abroad and recognized as suitable according to current legislation, the deadline is instead set for 30 September 2025 ([point 7](#))

The admission of students in possession of a foreign qualification takes place according to the provisions of the

Ministry of University and Research, available on the page <http://www.mur.gov.it/it>- University - Foreign students, after passing the tests and submitting documentation

Necessary. For any clarifications, please contact the Admissions and Welcome Department of the Global Engagement Office, email, [international.admission@unipd.it](mailto:international.admission@unipd.it).

This call is intended for candidates from the European Union or equivalent. This includes category:

- citizens of any member state of the European Union;
- citizens of Iceland, Liechtenstein, Norway, Switzerland, Republic of San Marino;
- citizens with dual citizenship, one of whom is Italian/European;
- citizens of a country outside the European Union, residing in Italy and in possession of valid residence permit allowing enrolment at the University, according to current legislation on enrolment: <https://www.unipd.it/soggiorni-superiori-90-giorni-studenti>
- candidates in possession of an Italian access qualification, regardless of their citizenship.

Non-EU applicants residing abroad who do not meet any of the characteristics described compete in a dedicated selection. The relevant call is available on page <https://www.unipd.it/avvisi-ammissione-lauree-magistrali>

To participate in the selections, candidates are required to:

1. pre-enrol on the [www.uniweb.unipd.it/](http://www.uniweb.unipd.it/) portal in the manner and within the timeframe indicated in this call for applications ([point 3](#));
2. **upload the documentation necessary** for the verification of the foreign qualification for access, for the assessment of the minimum curricular requirements and personal preparation through the [apply.unipd.it/](http://apply.unipd.it/) portal according to the procedures specified on the page: [www.unipd.it/studiare-italiano-come-fare-domanda](http://www.unipd.it/studiare-italiano-come-fare-domanda) The application must be sent from **12:00 15 July** and **by 12:00 25 August**.
3. take the **admission test** in the manner and within the timeframe indicated in this call for applications ([point 5](#));

Admitted candidates who intend to enrol must:

1. submit the enrolment application online on the [www.uniweb.unipd.it](http://www.uniweb.unipd.it) portal and pay the first instalment in the manner and within the deadlines indicated in this call for applications ([point 6](#));

2. obtain the admission qualification (bachelor's degree) and submit through the [apply.unipd.it/](https://apply.unipd.it/) portal an **English language certification** of at least level B2 (CEFR), excluding the cases of exemption provided, **by 30 September 2025**, the pre-enrolment closing date. The list of accepted certifications, their minimum scores and exemptions is available on page [www.unipd.it/requisito-linguistico-ammissione-corsi-studio-ateneo](https://www.unipd.it/requisito-linguistico-ammissione-corsi-studio-ateneo).
3. have the Admissions and Welcome department of the Global Engagement Office view the original documentation provided, according to the procedures that will be indicated on page [www.unipd.it/studiare-italiano-immatricolarsi/](https://www.unipd.it/studiare-italiano-immatricolarsi/), <https://www.unipd.it/studiare-inglese-immatricolarsi>

Failure to submit documentation, submission of incomplete documentation or an unsuitable qualification do not allow the completion of the enrolment from competent offices.

In order to ensure a smooth start of teaching, all international students must be regularly enrolled and **equipped with all the necessary documents by 31 October 2025**.

**Contact and support:** [international.admission@unipd.it](mailto:international.admission@unipd.it).

## 8. PERSON IN CHARGE OF THE PROCEDURE, PERSONAL DATA, NOTES AND WARNINGS

1. Pursuant to art. 4 of Law 241 of 7 August 1990 (New rules on administrative procedure and right of access to administrative documents) and subsequent amendments, the President of the Course or the Commission in charge of evaluation is appointed as the person responsible for the administrative access procedure.
2. Responsible for the Access to Records Procedure: Director of the Student Careers Office, Dr. Maria Chiara Ferraresi. Candidates have the right to exercise the right of access to the documents of the competition procedure in accordance with the procedures provided for by the Decree of the President of the Republic of 12 April 2006 n. 184.
3. Current legislation on declarations: in the event that the documentation submitted by the candidate shows false or misleading declarations, without prejudice to the sanctions provided for by the Criminal Code and the special laws on the subject (Articles 75 and 76 of Presidential Decree 445/2000), the candidate automatically loses his/her enrolment. The University will recover any benefits granted (e.g. scholarships) and will not proceed with any type of refund of the fees paid. Finally, the false declaration will result in the exposure to the action for damages by the counterparties.
4. Processing of personal data: the personal data provided by candidates, collected for the purposes identified in this Notice, are processed in compliance with the provisions of EU Regulation 27.04.2016, n. 679 (General Data Protection Regulation, GDPR) and the information available on page [www.unipd.it/informativa-studenti](https://www.unipd.it/informativa-studenti).
5. Simultaneous registration: information is available on page [www.unipd.it/avvisi-ammissione-corsi](https://www.unipd.it/avvisi-ammissione-corsi).

Further general information on the current regulations for admission is available on page [www.unipd.it/avvisi-ammissione-corsi](http://www.unipd.it/avvisi-ammissione-corsi).

Any changes or additions to the contents of this Admission Notice will be:

- published in the official University Bulletin Board;

## ANNEX 1 – PROGRAMMES

### Mathematics, Physics and Medical Statistics

Elements of mathematical logic and set theory. Real functions of a real variable. Functions of multiple variables. Differential and integral calculus. Elements of geometry and linear algebra. Units of measurement, reference systems and vectors. Mechanics: forces, motion, laws of dynamics. Fluid mechanics. Thermodynamics: energy, heat, work, principles of thermodynamics. Electromagnetism: electric and magnetic fields; electric currents. Wave physics and principles of optics. Descriptive statistics. Statistical inference and statistical testing. Differences between 2 or more groups, association tests between variables, correlation and regression. Fundamentals of epidemiology.

### Chemistry (general chemistry and biochemistry)

Atoms and molecules. The states of matter. Chemical reactions and stoichiometry. Chemical kinetics. Acids and bases. Solutions. Functional groups and organic compounds. Biological macromolecules: structure, function, biosynthesis and degradation. Enzymatic catalysis. Fundamental metabolic processes.

### Biology (cell biology, molecular biology, microbiology)

Structure and function of prokaryotic and eukaryotic cells, organelles. Cell cycle and cell division. Cellular transport. Cellular communication signal transduction pathways. Cell death.

Structure of nucleic acids. DNA replication. DNA repair. Transcription and translation. Regulation of gene expression. Epigenetics.

Classification of microorganisms: bacteria, viruses, fungi, protozoa. Structure and replication of bacteria and viruses. Growth and culture of microorganisms. Pathogenicity and host defenses. Antibiotics and resistance. Environmental and clinical microbiology.

### Medical genetics and biotechnology

Gene structure and gene mutations. Mendelian genetics. Genetic diseases. Gene mapping and mutation search. Chromosomal aberrations and cytogenetics. Functional genomics.

Molecular biology techniques: PCR, gene cloning, CRISPR-Cas9. Recombinant technologies: construction and use of recombinant DNA, protein expression. Genetic engineering: genetic modification, genetically modified organisms (GMOs).

### Human pathophysiology (physiology, pathology, immunology)

Histology: characteristics of human cells and tissues. Cell physiology: homeostasis, membrane transport, action potential. Human physiology and anatomy: organs and systems. Comparative anatomy of laboratory animals. Etiology and pathogenesis: causes of diseases, molecular and cellular mechanisms of pathogenesis. Tissue damage and adaptive responses. Inflammation. Injury repair and regeneration. Pathophysiology of hemostasis, hematopoietic system, cardiovascular system, endocrine system. Neoplasms.

Innate and adaptive immune system. Immune response: activation and regulation of cellular and humoral responses. Hypersensitivity and autoimmunity. Immunology of tumors. Vaccination and immune memory.

## ANNEX 2 – RECOGNITION OF PREVIOUS CREDITS FOR CAREER SHORTENING

It is possible to request the recognition of activities and exams taken (also abroad), such as single courses or in previous university careers, so that you do not have to take them again.

To request the career shortening, it is necessary to submit the pre-enrolment application ([point 3](#)) and be in possession of the minimum curricular requirements required by the course, submitting any documents required by the various cases ([point 4](#)).

To access the course through career shortening, it is still necessary to meet the requirements and complete all the procedures (pre-enrolment, application for assessment of requirements and participation in the test included) as indicated in [point 1.2](#) of this notice.

The application for recognition of credits is an additional request that must be submitted at the same time as the procedure for assessing the minimum curricular requirements, in the appropriate section within the same portal, and within the same deadlines (indicated in [point 3](#)).

The commission in charge will evaluate the application submitted and produce a resolution, containing the exams that can be validated (with any additions) and the proposed year of admission, based on criteria defined by the course of study. The university credits (CFU) necessary to achieve the minimum curricular requirements, or those included in the qualification used to access the course, will not be validated for career shortening.

Based on the year proposed in the resolution, to access the course it is necessary:

- **1st year:** meet the admission requirements and the related procedures indicated in [point 1.2](#), without any kind of difference from those who access the course without recognition for the career shortening. The recognized exams will be uploaded to your booklet after completion of enrolment, and within the first exam session available for the academic year 2025/26;
- **2nd year:** obtain the recognition of **at least 30 credits** from exams taken no later than 6 years on the date of submission of the application.

Admission to the second year of the degree programme<sup>6</sup> will be communicated to interested parties at the same time as the publication of the first year ranking list by the back office of the School of Medicine and Surgery ([www.unipd.it/backoffice-carriere-studenti](http://www.unipd.it/backoffice-carriere-studenti)), based on the number of suitable candidates<sup>7</sup> and the availability of places in the degree programme:

- in the event that the number of suitable candidates is less than the number of places available, all candidates will be automatically admitted;
- In the event that the number of eligible candidates exceeds the available places, for access to the degree programme it will be necessary to draw up a merit ranking **based on the regularity of the career and the number of credits recognized, in the event of a tie, the minor age will be prevented.**

<sup>6</sup> A candidate is admitted if, in addition to being eligible, he or she is in a useful position in the ranking list for access to the 2nd year.

<sup>7</sup> A candidate is eligible if the commission proposes admission to the 2nd year in the resolution.

Eligible and unadmitted candidates will only be able to enrol in the 1st year by participating in the selections as indicated in [point 1.2](#), without any difference from those who have not submitted the application for credit recognition.

After the ranking list for access to the second year has been completed, admitted candidates will receive instructions and deadlines to complete enrolment.

The exams that can be validated will be uploaded to your booklet after completion of enrolment, and by the first exam session available for the academic year 2025/26.

## ANNEX 3 – LANGUAGE REQUIREMENT

The language requirement must be met at the same time as the application for evaluation of curricular requirements, by submitting any required documentation ([point 4](#)) at that time, through one of the following alternatives:

<p><b>Alternative 1:</b></p>	<p>Possession of a <b>language certification of level B2 or higher</b>. The list of accepted certifications and the score thresholds to refer to are indicated on page <a href="http://www.unipd.it/en/english-language-admission">www.unipd.it/en/english-language-admission</a> Certificates are accepted only if obtained on or after 1 January 2020.</p> <p><i>Required documentation</i> It is necessary to attach the certification, front and back, within the procedure. Those who have taken the test and have not yet received the certificate can present the provisional certificate of the score obtained (statement of results) issued by the certifying body.</p>
------------------------------	--

Or

<p><b>Alternative 2:</b></p>	<p>Be a <b>native English speaker</b>. Native speakers are those who are in possession of an identity document indicating one of the following nationalities (dual citizenship is also considered valid in this sense): Antigua and Barbuda, Australia, Bahamas, Barbados, Belize, Canada, Dominica, Grenada, Guyana, Ireland, Jamaica, Malta, New Zealand, St Kitts and Nevis, St Lucia, St Vincent and the Grenadines, Trinidad and Tobago, United Kingdom, USA.</p> <p><i>Required documentation</i> To certify your status as a native speaker, it is necessary to attach an identity document in the appropriate section of the procedure that shows the possession of the citizenship in question.</p>
------------------------------	--

Or

<p><b>Alternative 3:</b></p>	<p>Possession of a <b>qualification of a course entirely taught in English</b>. The qualifications accepted are those relating to a bachelor's degree, single-cycle master's degree, master's degree, or equivalent (foreign qualifications or previous systems); <u>it is not enough to have completed part of the course abroad</u>.</p> <p><i>Required documentation</i> The achievement of the degree must be demonstrated by attaching the self-certification with exams or the diploma supplement provided by the university where it was obtained.</p> <p>If the qualification in question (<u>presented for the sole purpose of passing the language requirement</u>) was obtained abroad, the Transcript of Records and the final diploma of achievement are required.</p> <p>In any case, the document must explicitly indicate the language of delivery of the course. Otherwise, it is necessary to attach an official document issued by the university certifying the language of delivery of the course.</p>
------------------------------	---

Or

Alternative 4	Only for candidates with an access qualification obtained in Italy: Passing the <b>TAL B2 reading and listening</b> test provided by the <b>CLA</b> (University Language Centre) of the University of Padua TAL taken on or after January 1, 2020 are accepted
	The information you need to register for the test is available on page <a href="https://cla.unipd.it/test-linguistici/futuri-studenti/">https://cla.unipd.it/test-linguistici/futuri-studenti/</a> .
