1. GENERAL INFORMATION

Enrolment is open for the Master's Degree in Mathematical Engineering of¹ the Scuola di Ingegneria, for the academic year 2026/27. The degree programme is delivered in English.

Information on the courses and the teaching regulations of each degree programme are available on page https://www.unipd.it/corsi?ss360Query=*, selecting the degree programme of interest.

This document, an integral part of the admission call for admission for the selection of Italian, EU or equivalent candidates, contains the following **step-by-step information for candidates with an Italian entry title**. Information for candidates with a foreign entry title relating to the "Financial Engineering" study track is available in a special document, also an integral part of the call for admission, published on the page <https://www.unipd.it/ammissioni-ing-mathematical>.

Information for candidates with a foreign entry title relating to the "Mathematical Modelling for Engineering and Science" study track is available on page www.unipd.it/iscrizioni-studenti-internazionali

1.1 Study tracks, locations and available places

Class of Degree D.M. 270/04	Master's Degree in Mathematical Engineering	Venue	Places for EU citizens* or equivalent
LM-44	<i>Study track</i> Mathematical Modelling for Engineering and Science	Padua	Unlimited places with requirements
LM-44	<i>Study track</i> Financial Engineering For information on the contents and organization of the degree programme: didattica@dicea.unipd.it	Padua	Limited access: 28 places**

* of the European Union

**Places for non-EU citizens residing abroad are assigned in the dedicated selections. For more information: www.unipd.it/en/how-apply. For any clarification write to international.admission@unipd.it.

1.2 Admission requirements

To be eligible, candidates must:

1. Be in possession of a **first-cycle university degree** (bachelor's degree, single-cycle master's degree, university diploma or equivalent) obtained in Italy² recognized as suitable according to current legislation. The qualification must have been obtained, depending on the chosen study track:
 - Financial Engineering: **by 30 October 2026**;

¹ The activation of the first year of the degree programmes is subject to their accreditation in accordance with the provisions of Ministerial Decree 1154/2021 "Self-assessment, evaluation, initial and periodic accreditation of locations and degree programmes of study" and to the achievement of a minimum number of pre-enrolments; therefore, if the degree programme is not accredited or if the number of pre-enrolment applications submitted is less than 15 (5 for each study track), the Degree programme will not be activated. All information relating to the activation of the degree programme is published on the internet address <http://www.unipd.it>. The minimum number indicated does not apply to newly established, professionalizing and inter-university degree programmes.

² For information on access to the degree programmes for candidates with a foreign access qualification, check the document published on page: <https://www.unipd.it/ammissioni-ing-mathematical> and the www.unipd.it/iscrizioni-studenti-internazionali [page](#)

- Mathematical Modelling for Engineering and Science: **by 29 January 2027**;
2. Be in possession of the **curricular requirements** and the **personal preparation** required, as reported in [point 3](#);
 3. **pre-enrol** by the deadlines indicated ([point 2](#));
 4. submit **an minimum curricular requirements application of the requirements** following the procedures and deadlines set out in [point 3](#);
 5. only for the Financial Engineering **study track**, place oneself in a useful position in **the ranking list** ([point 4](#));
 6. submit an application for **enrolment, change of degree programme or transfer in** accordance with the procedures and deadlines set out in [point 4](#).

1.3 Financial Engineering – Criteria for the formation of the admission ranking

The "Financial Engineering" study track has limited access and to access it, it is necessary to be placed in the admission ranking, within the number of places provided.

The ranking list is formulated on the basis of the following criteria:

- weighted average of the marks obtained in the exams;
- alternatively, the number of exams with a mark of 30/30 or equivalent;
- in the event of a further tie, priority is given to the youngest candidate.

The Mathematical Modelling for Engineering and Science study track, on the other hand, is a study track with unlimited places, with requirements, therefore has no ranking lists.

1.4 Students with disabilities, SLD and SEN

Students with disabilities, SLD and SEN can contact the Ufficio Servizi agli Studenti – Settore Inclusione (inclusione.studenti@unipd.it) for information on support services for degree programme attendance and for any financial benefits, if any: www.unipd.it/risorse-supporti-studenti-disabilita-difficolta-apprendimento

2. REGISTRATION AND PRE-ENROLMENT ON THE UNIWEB PORTAL

2.1 Registration on the Uniweb portal

Only if you access **for the first time** to Uniweb, it is necessary to create a new account by clicking on www.uniweb.unipd.it and on *Menu > Registration*.

At the end of the registration, you will receive an e-mail username and activation code with which to access the uniweb.unipd.it/password/index.php/it/utenti/identifica/azione/a page, where you will be asked to set three security questions and a password. With the username obtained and the password set, you can access your reserved area.

Registration on the www.uniweb.unipd.it portal can also be done using SPID credentials, by clicking on the *Menu > Registration with SPID*.

For access problems, you can contact the University Call Centre (www.unipd.it/callcentre).

Please note: The personal e-mail address entered in your Uniweb profile is the communication channel through which any deadlines and useful instructions for accessing the degree programme are provided. E-mails sent for this purpose have the value of official communication.

2.2 Submitting the pre-enrolment application – Procedure and deadlines

The pre-enrolment application must be submitted by accessing the www.uniweb.unipd.it portal by the following deadlines, depending on the chosen study track:

- **Financial Engineering:** in the period **15 July** (3:00 pm) – **31 August 2026** (12:00 pm);
- **Mathematical Modelling for Engineering and Science:** in the period **15 July** (3:00 pm) – **29 January 2027** (12:00 pm).

Please note: the degree programme change and entry transfer procedures are only available until 12:00 noon on 31 October 2026, the pre-enrolment procedures and the minimum curricular requirements application ([point 3](#)) must have been completed by that date.

To pre-enrol you must:

1. log in with your credentials to www.uniweb.unipd.it and click on the items *Home – Admission test³ - Degree programme Type "Master's degree programme"* and indicate the degree programme and study track of interest;
2. enter the degree to be used for access to the degree programme, if not already present in the system. **Students of the University of Padua** who are about to graduate can complete pre-enrolment only after submitting the online application for the degree. In the event that this application has not yet been submitted, in order to proceed, it is necessary to report your situation to immatricolazioni.studenti@unipd.it;
3. at the same time, pay the pre-enrolment fee of € 30.00 through the PagoPA procedure (instructions on page www.unipd.it/pago-pa).

Contact & Support: www.unipd.it/immatricolazioni

³ The section "Admission test" must also be selected if you intend to access the open access study track "Mathematical Modelling for Engineering and Science"

3. KNOWLEDGE REQUIRED FOR ACCESS AND MINIMUM CURRICULAR REQUIREMENTS APPLICATION

3.1 Minimum curricular requirements and personal preparation required

To access the degree programme, it is necessary, in addition to what is specified in [point 1.2](#), to be in possession of specific minimum curricular requirements and adequate personal preparation. This knowledge is verified by submitting a specific **assessment application** ([point 3.2](#)).

The requirements must be met as indicated in **each** of the three points below, regardless of the study track chosen: Previous degree programme (1), Language skills (2) and Grade of the degree used for access (3).

Please note: please note that random checks may be carried out to verify the correctness of the information declared during the assessment of the requirements.

1. Previous education:

Alternative 1: possession of a degree obtained at any Italian university belonging to class **L-7, L-8, L-9, L-30, L-31 or L-35** (DM 270/2004)

Or

Alternative 2: possession of a degree obtained at any Italian university belonging to **any degree class*** and possession of **at least 25 credits** divided into the Scientific-Disciplinary Sectors (SSD)**: MAT/02,03,05,06,07,08; FIS/01; SECS-S/01.06.

** For candidates in possession of an Italian entry title with a system other than those governed by Ministerial Decree 509/99 or Ministerial Decree 270/04, the verification of curricular requirements will be carried out by the admission committee.*

*** To read the required SSDs, consider the numbers separated by commas as follows, for example: FIS/01,02,05 read as FIS/01, FIS/02, FIS/05. The conversion tables with the new names of the SSDs, for those who have them, are available at the link <https://www.mur.gov.it/it/atti-e-normativa/decreto-ministeriale-n-639-del-02-05-2024>*

2. Language skills:

English language - level **B2 or higher**

To be fulfilled as stated in [Annex 1](#)

3. Grade of the degree used for access:

Greater than or equal to **84/110** or equivalent

3.2 Submitting the assessment application– Procedure and deadlines

To verify what is reported in the previous point, it is necessary to submit the minimum curricular requirements application, which can be completed online only after completing pre-enrolment ([point 2](#)). The application must be submitted and confirmed, depending on the study track chosen:

- **Financial Engineering:** in the period **15 July** (3:00 pm) – **31 August 2026** (3:00 pm);

- **Mathematical Modelling for Engineering and Science:** in the period **15 July 2026** (3:00 pm) – **29 January 2027** (3:00 pm).

The **instructions** for submitting the minimum curricular requirements application and any special cases are published starting from 15 July on the page: <https://www.unipd.it/ammissioni-ing-mathematical>, in the section for the assessment of the requirements.

Please note: the degree programme change and entry transfer procedures are only available until 12:00 noon on 31 October 2026, the pre-enrolment procedures ([point 2](#)) and the minimum curricular requirements application must have been completed by that date.

Contact and support for information on:

- **Use of the portal** for the minimum curricular requirements application of curricular requirements

4. ENROLMENT, CHANGE OF DEGREE PROGRAMME, TRANSFER FROM ANOTHER UNIVERSITY

4.1 Access to "Financial Engineering" – Procedure and deadlines

In order to enrol, change degree programmes or transfer from another university, it is necessary to:

- have submitted the pre-enrolment application ([point 2](#));
- have submitted the minimum curricular requirements application of the requirements ([point 3](#)) and be in possession of the required requirements;
- be "admitted" in the ranking;
- have verified the registration of the data for obtaining the admission ticket in the Uniweb reserved area. Registration takes place automatically for graduates from the University of Padua; graduates from other universities must instead update their graduation data in the Uniweb reserved area in the *Home > Entry title section*.

Candidates who, at the time of assignment of the place in the ranking list, who have not yet obtained the entry title, can accept the place won subject to graduating by achieving the minimum grade and update the achievement data by 30 October 2026.

The enrolment procedures for standard enrolment, change of degree programme and transfer from another university are shown on page www.unipd.it/istruzioniaccesso-triennali-magistrali-ciclounico. The enrolment application, change of degree programme or transfer from another university must be submitted in the periods indicated in the table below, depending on the time at which you are admitted:

Publication of ranking list and reassignments	Deadline for enrolment, change of degree programme and transfer from another university
Ranking: 14/9/2026 (publication from 15:00) on page www.unipd.it/ammissioni-ing-mathematical	from 10:00 a.m. on 15/9/2026 at 15:00 on 17/9/2026
First reassignment*: 18/9/2026 in your Uniweb reserved area or on page https://uniweb.unipd.it/Didattica/ElencoConcorsi.do?tipo_corso=CDL	from 15:00 on 18/9/2026 at 15:00 on 23/9/2026
Second reassignment*: 24/9/2026 in your Uniweb reserved area or on page https://uniweb.unipd.it/Didattica/ElencoConcorsi.do?tipo_corso=CDL	from 15:00 on 24/9/2026 at 15:00 on 29/9/2026
Third reassignment*: 30/9/2026 in your Uniweb reserved area or on page https://uniweb.unipd.it/Didattica/ElencoConcorsi.do?tipo_corso=CDL	from 3:00 p.m. on 30/9/2026 at 15:00 on 5/10/2026
Fourth reassignment*: 6/10/2026 in your Uniweb reserved area or on page https://uniweb.unipd.it/Didattica/ElencoConcorsi.do?tipo_corso=CDL	from 15:00 on 6/10/2026 at 15:00 on 9/10/2026

**Reassignments are subject to the actual presence of available places to be assigned in the degree programme.*

If there are additional places available for admission after the assignment ended on 10/10/2026, candidates admitted to the ranking list will be informed of the scrolling by email and will receive the necessary instructions for enrolment, including the deadlines to be met to accept the place obtained in the degree programme (please note that the procedures for changing degree programmes and transferring from another university will only be available until 31 October 2026).

The allocations will continue in this way until February 15, 2027. If the available places are exhausted before this date, an information document will be published on page www.unipd.it/ammissioni-ing-mathematical, and with it enrolment for the academic year 2026/27 will be considered definitively closed.

Please note: the deadlines indicated for accepting the place, for the payment of the first instalment, and for obtaining and updating the admission ticket are peremptory. Failure to comply is equivalent to **renunciation of the place in the ranking list** and the cancellation of any enrolment.

Those who have missed a deadline but are interested in the degree programme can submit an application for extraordinary enrolment which is evaluated at the end of the enrolment of the last scheduled selection. Instructions and conditions are available on page www.unipd.it/istruzioniaccesso-triennali-magistrali-ciclounico.

The enrolment procedures for the degree programme are effective only after completion by the Ufficio Carriere Studenti - Settore Immatricolazioni e Prove di Accesso; the operation is communicated by sending an email to the e-mail address registered on the Uniweb portal.

Contact & Support: www.unipd.it/immatricolazioni

4.2 Access to "Mathematical Modelling for Engineering and Science" – Procedure and deadlines

In order to enrol, change degree programmes or transfer from another university, it is necessary to:

- have submitted the pre-enrolment application ([point 2](#));
- have submitted the minimum curricular requirements application ([point 3](#)) and have obtained the "idoneo/eligible" result (visible within the pre-enrolment, from their Uniweb reserved area).
- have verified the registration of the data for obtaining the admission ticket in the Uniweb reserved area. Registration takes place automatically for students already enrolled at the University of Padua; graduates from other universities must instead update their graduation data in the Uniweb reserved area in the *Home* -> *Entry title* section. The degree must be obtained by 29 January 2026.

The application for **enrolment** must be submitted

- from 15:00 on 15 July and **by 15 February⁴ 2027** (full day).

The application for **incoming transfer** must be submitted:

- from 15:00 on 15 July and **by 30 October 2026** (full day).

The application for **a change of degree programme** must be submitted:

- from 15:00 on 1 September and **by 30 October 2026** (full day).

The enrolment procedures for enrolment, change of programme and transfer from another university are shown on page www.unipd.it/istruzioniaccesso-triennali-magistrali-ciclounico.

Please note: failure to comply with the deadlines and terms of the procedures indicated, and the simultaneous payment of the first instalment, is equivalent to renunciation of access to the Master's degree programme for the chosen study track.

Those who have missed a deadline but are interested in the degree programme can submit an application for extraordinary enrolment which is evaluated at the end of the enrolment of the last scheduled selection. Instructions and conditions can be found on page www.unipd.it/istruzioniaccesso-triennali-magistrali-ciclounico

The enrolment procedures for the degree programme are effective only after completion by the Ufficio Carriere Studenti - Settore Immatricolazioni e Prove di Accesso; the operation is communicated by sending an email to the e-mail address registered on the Uniweb portal.

⁴ Enrolment is in any case valid for the entire academic year 2026/2027. There are no extensions in the normal duration of the degree programme of study for enrolments that take place after the beginning of the academic year

Contact & Support: www.unipd.it/immatricolazioni

4.3 Student Fees and Benefits

For new enrolments, the amount of the first instalment of the university fee includes 16.00 euros of stamp duty and the regional tax for the right to university education, of about 200 euros, updated annually by the Veneto Region.

The amount is published on page <https://www.unipd.it/contribuzione-studentesca>.

After submitting the enrolment application, you can view the amount to be paid to confirm enrolment by accessing your Uniweb profile in the "Menu" section > "Right to university studies, disability disclosure, summer courses" > "Payments".

To obtain tuition fee reductions and any other benefit, such as scholarships, please remember to fill in the Request for Subsidies (RdA) on Uniweb. For information: www.unipd.it/contribuzione-benefici

Contact & Support: benefici.studenti@unipd.it

5. RECOGNITION OF CREDITS FOR CAREER SHORTENING

5.1 Request for recognition of credits

It is possible to request the recognition of activities and exams taken (including abroad), such as single courses or in previous university careers, so that you do not have to take them again in the degree programme. To apply for recognition, you must:

- submit the pre-enrolment application ([point 2](#));
- submit the assessment application of the minimum curricular requirements and be in possession of the requirements indicated in [point 3](#). Within the portal there is a dedicated section for submitting the application for recognition of credits for career shortening; Candidates with a qualification belonging to an old university system can refer to the contacts referred to in point 4 for information on this matter. The application for credit recognition can only be submitted after obtaining eligibility for curricular requirements. The deadlines within which to proceed coincide with those indicated for the period of evaluation of curricular requirements.

The teaching committee in charge issues a resolution for the recognition of credits containing the list of training activities/credits recognized and the proposed year of admission, which is established with the following criterion:

- Recognition **greater than or equal to 24 CFU** → 2nd year.

University credits necessary to achieve the minimum curricular requirements and personal preparation, or those included in the qualification used to access the degree programme, are not considered for career shortening.

More information is available in the teaching regulations of the degree programme of interest (https://www.unipd.it/corsi?ss360Query=*):

- Art. 10: Procedures for the recognition of credits

- Art. 9: Procedures for access to years subsequent to the first
- art. 8: prerequisites and any requirements to be able to take the exams of a given year of the degree programme, even for those who reach the minimum number of credits indicated.

Contact and support for information on:

- **Use of the portal** for the application for recognition of credits
- **exams/activities** that may be recognized
- timing and publication status of the resolution

www.unipd.it/backoffice-carriere-studenti - ingegneria.studenti@unipd.it

5.2 Access to the 1st or 2nd year with recognition of credits

- **1st year:** meet the admission requirements and the related procedures indicated in [point 1.2](#), without any kind of difference from those who access the degree programme without recognition for the career shortening.

The exams that can be validated will be uploaded to your booklet after completing enrolment, and by the first exam session available for the academic year 2026/27;

- **2nd year:** Admission to the second year of the degree programme is obtained in different ways depending on the study track:
 - **Mathematical Modelling for Engineering and Science:** there are no further conditions, to access the 2nd year it is sufficient to receive the resolution indicating the proposed admission to the 2nd year.
 - **Financial Engineering:** admission to the 2nd year is subject to the presence of places available in the 2nd year; the number of places is published on page <https://www.unipd.it/ammissioni-ing-mathematical> by August 2026. In the event that the number of eligible candidates exceeds the available places, a ranking is formed on the basis of the number of credits recognized, in the event of the same number of credits, priority is given to the youngest candidate. Any ranking list will be published on the same page by the end of September.

After obtaining eligibility for curricular requirements, the resolution of recognition of credits and admission to the ranking list (only for Financial Engineering), it is possible to proceed with enrolment, degree programme change, incoming transfer, as indicated on page www.unipd.it/istruzioniaccesso-triennali-magistrali-ciclounico. The **deadlines** by which to proceed **for access to the second year** are as follows:

- **Mathematical Modelling for Engineering and Science:**
 - o Enrolment application: 1 September 2026 – 15 February 2027
 - o Incoming transfer application: 1 September 2026 – 30 October 2026
 - o Application for degree programme change: 1 September 2026 – 30 October 2026
- **Financial Engineering:** it is possible to apply starting from the publication of the ranking list and by 30 October 2025.

It is possible to apply to access the first year, after obtaining eligibility for the requirements, even if you are still waiting for the resolution for credit recognition. Any validations will be entered later ex officio; The deadlines to refer to in this case are those indicated in [point 4](#).

The validation/recognition of the online booklet is entered by the relevant Back Office by the first exam session scheduled for the academic year 2026/27, without the need for further procedures or requests.

6. PERSON IN CHARGE OF THE PROCEDURE, PERSONAL DATA, NOTES AND WARNINGS

1. Pursuant to art. 4 of Law 241 of 7 August 1990 (New rules on administrative procedure and right of access to administrative documents) and subsequent amendments, the President of the Degree programme or the Commission in charge of evaluation is appointed as the person responsible for the administrative access procedure.
2. Responsible for the Access to Records Procedure: Head of the Ufficio Carriere Studenti, Dr. Maria Chiara Ferraresi. Candidates have the right to exercise the right of access to the documents of the competition procedure in accordance with the procedures provided for by the Decree of the President of the Republic of 12 April 2006 n. 184.
3. Current legislation on declarations: in the event that the documentation submitted by the candidate shows false or misleading declarations, without prejudice to the sanctions provided for by the Criminal Code and the special laws on the subject (Articles 75 and 76 of Presidential Decree 445/2000), the candidate automatically loses his/her enrolment. The University will recover any benefits granted (e.g. scholarships) and will not proceed with any type of refund of the fees paid. Finally, the false declaration will result in the exposure to the action for damages by the counterparties.
4. Processing of personal data: the personal data provided by candidates, collected for the purposes identified in this Call for admission, are processed in compliance with the provisions of EU Regulation 27.04.2016, n. 679 (General Data Protection Regulation, GDPR) and the information available on page www.unipd.it/informativa-studenti.

5. Underage candidates must fill in and sign the appropriate form available on page <https://www.unipd.it/avvisi-ammissione-corsi> and send it to the [address](mailto:immatricolazioni.studenti@unipd.it) immatricolazioni.studenti@unipd.it.

Further general information on the current regulations for admission is available on page www.unipd.it/avvisi-ammissione-corsi.

Any changes or additions to the contents of this Admission Call for admission will be:

- published in the official University Bulletin Board;
- published on the University's web pages, at the address www.unipd.it/avvisi-ammissione-corsi

For anything not specified in this Admission Call for admission, reference is made to the regulations in force.

Padua, 20 February 2026

THE RECTOR

Prof. Daniela Mapelli

Digitally signed pursuant to Legislative Decree no. 82/2005

ANNEX 1 – Language requirement

The language requirement must be met at the same time as the minimum curricular requirements assessment application, by submitting any required documentation at that time ([point 3](#)), through one of the following alternatives:

Alternative 1:	<p>Possession of a language certification of level B2 or higher. The list of accepted certifications and the score thresholds to refer to are indicated on page www.unipd.it/requisito-inglese-ammissione. Certificates obtained on or after January 1, 2021 are accepted.</p>
	<p><i>Required documentation</i> It is necessary to attach the certification, front and back, within the procedure. Those who have taken the test and have not yet received the certificate can present the provisional certificate of the score obtained (statement of results) issued by the certifying body.</p>

Or

Alternative 2:	<p>Be a native English speaker. Native speakers are those who are in possession of an identity document indicating one of the following nationalities (dual citizenship is also considered valid in this sense): Antigua and Barbuda, Australia, Bahamas, Barbados, Belize, Canada, Dominica, Grenada, Guyana, Ireland, Jamaica, Malta, New Zealand, St Kitts and Nevis, St Lucia, St Vincent and the Grenadines, Trinidad and Tobago, United Kingdom, USA.</p>
	<p><i>Required documentation</i> To certify your status as a native speaker, it is necessary to attach an identity document in the appropriate section of the procedure that shows the possession of the citizenship in question.</p>

Or

Alternative 3:	<p>Possession of a qualification of a degree programme entirely taught in English. The qualifications accepted are those relating to a bachelor's degree, single-cycle master's degree, master's degree, or equivalent (foreign qualifications or previous systems); <u>it is not enough to have completed part of the degree programme abroad</u>.</p>
	<p><i>Required documentation</i> The achievement of the degree must be demonstrated by attaching the self-certification with exams or the diploma supplement provided by the university where it was obtained.</p>
	<p>If the qualification in question (<u>presented for the sole purpose of passing the language requirement</u>) was obtained abroad, the Transcript of Records and the final diploma of achievement are required.</p> <p>In any case, the document must explicitly indicate the language of delivery of the degree programme. Otherwise, it is necessary to attach an official document issued by the university certifying the language of delivery of the degree programme.</p>
